

How to use Google SMS:

1. Enter your query as a text message.
2. Send message to the 5-digit UK shortcode 64664 (6G00G).
3. Receive text message(s) with results (takes about a minute). May see multiple messages labeled "1/3", "2/3", etc.

Text 'help' to 64664 to receive a help text message or visit: <http://sms.google.co.uk>

Business listings from Google Local

- Enter business, full stop '.' followed by town or post code
- Examples: 'cafe.leeds' OR 'cafe.LS1 3AD'

Driving Directions

- Enter start address and end address
- Use 'to' before your end address
- Examples: 'chester to 116 Breck Rd L4 2RD'

Film Showtimes

- Enter a film title currently playing in cinemas and include post code and town
- Examples: 'wedding crashers w1' OR 'wedding crashers london'

Definitions

- Enter 'define' followed by the word or phrase
- Example: define ubiquitous

Remember...

- Results may arrive as separate text messages
- Messages may arrive out of order
- Results should appear within a minute, but could take longer
- Additional Google SMS features: calculator and web results snippets
- View all Google SMS features at: <http://sms.google.co.uk/howtouse.html>
