MASTERS ATHLETICS is an official publication of the BRITISH MASTERS ATHLETICS FEDERATION and of the WORLD MASTERS ATHLETICS. The editorial policy is not, unless otherwise stated, that of the BMAF or WMA. Unsolicited material would be welcomed, preferably typed (DO NOT TYPE IN CAPITAL LETTERS). Copy submitted on Floppy Disc / CD, needs to be accompanied by a hard copy. Email attachments are acceptable in any Microsoft format. If you require the return of your information and Photographs, please enclose a "stamped Addressed Envelope". MASTERS ATHLETICS can not accept any responsibility for items lost or damaged in transit, and any correspondence is Published at the Editors discretion.

This Magazine is posted to the home address of all registered BMAF members, based on the information supplied by Affiliated Clubs and Associations.

## CHAIRMAN'S REPORT

CHAIRMAN'S REPORT NEW YEAR 2003

The BMAF magazine has been missing since the summer. I apologise for this situation, we are in the process of appointing a new editor and Brian Owen has kindly agreed to produce this issue in the interim. Thank you Brian.

There have been a number of successful championships in the autumn on the track, the road and cross country. The Northern Ireland Veterans Association set up a very successful and enjoyable weekend in Ballymena for the International Cross Country. Elaine and I were there in our capacity as England Team managers. The AGM in July produced hopefully a big step forward with the overwhelming majority vote to change the name of the Federation to British Masters Athletic Federation. The debate was lively, informed and in no way hostile. I know there are those who disagree with this decision and we must respect their views. I hope this change has the beneficial effects it promises.

At the November Council meeting a number of issues were discussed including proposals to be put to the WMA assembly to clarify eligibility for athletes to score for a younger age group team after the confusion in Brisbane. At the Executive meeting the week before, we welcomed Eric Horwill as Walks Secretary.

I would like to wish you a belated Happy New Year and I hope you will realise your targets for 2003

Mick Statham  
Dec 2002

## SECRETARY'S REPORT

On 16 July five of our members, Dave Barrington, Bruce and Jackie Charles, Peter Field and Maurice Joyce gave a demonstration of hurdling to invited MPs, two TV, three Radio stations and a posse of Press photographers, in Victoria Gardens next to the Houses of Parliament. The idea was to held Age Concern raise public awareness of a Bill being discussed in the House on Discrimination and Ageism. The athletes were invited into the House for drinks [excellent wine!] and canopies and taken on a conducted tour.

Addressing the 51 MPs who had come in to sign Age Concern's Charter, the Chief Executive paid a glowing tribute, not only to the five athletes for their demonstrative level of fitness and agility, but to the BMAF and its members for what we do to dispel the image of ageing. We had invited MPs and the Media to challenge one of our 75-year olds to a race around the Bridges – there were no takers on the day, obviously Steve Charlton's reputation has reached Canary Wharf!

The result booklets from the EVAA championships have not yet been received. We are pursuing.

We congratulate our top walker Noel Carmody on his appointment to the IAAF's panel of international judges.

We regret to record the sudden death in September of Owen Flaherty, aged 71, ex Secretary of Scottish VH and the World Association of Veteran Athletes from 1981-87. A brilliant strategist, he was the architect of their contractual agreements with Organising Committees; Constitution and By-laws, Handbook and Competition Rules, setting the emerging World Body off on a firm footing that now has 137 countries affiliated.

Bridget Cushen

## TRACK AND FIELD SECRETARY'S REPORT

First, welcome to the first full year of the British Masters, and trust you did not lose too many days training over the festive season due to over indulgence.

The fixture list, in the main, has been sorted for next year, and is listed on an adjacent page, but let me expand on those in the order of events and the domestic ones before the international ones.

### INDOORS, KELVIN HALL, GLASGOW

The entry form for the Indoors is also in this magazine, and the closing date has been extended to 24th January from that previously publicised.

As most of the sprinters will be vying for places at the Europeans in San Sebastian, I propose to run the relays with teams from Area Clubs, and in say M40, M50, etc., W35, W45 categories.

We will take team entries on the day, so do not bother to pre-enter.

By now, the hotels on offer could be full, there are other alternatives, which you can get by sending me an SAE for details.

## OUTDOORS, DERBY

The Outdoors we do have a problem with, it clashes with a League Fixture weekend throughout the country. The following weekend is a traditional County Schools weekend, and the Moorways Stadium is not available. Rather than chase all over the place to get a another track and almost certainly not as central, I have decided to run with the chosen date. This could well put a strain on the officials, but hopefully we now have enough 'brownie' points in the bag, to be able to persuade 'our' enlightened officials to work with us again, but I do need your help. I know a lot of you athletes are also officials, and you will know other officials that are not athletes, I would therefore request you to approach these officials, the earlier the better to request their attendance. Travel expenses (£0.20 per mile) will be paid and hotel rooms and meals provided where required/preferably sharing, together with BETTER lunches [I also hate sandwiches].

The WEIGHT THROW will also be included in the Championship for the first time, so do not say we ignore Field Athletes.

However there are areas that we need to address. Over the last three years we have had extremely hot weather, for the Outdoors, and our doctors have advised that the 10000 metres, especially needs to be reviewed.

It is impossible to hold all the races early in the morning, as much to do with the number of races as with asking officials to attend at 7.30 in the morning. It (Please Note) MAY BE POSSIBLE, to hold them on at Burton (another central location) in September. An alternative could be that we have medics present and we insist that all athletes have to take water before the race and early and plenty during the race, and withdraw those athletes who do not comply - NOT A SITUATION I would wish to enter into, but I cannot ignore the problems that have occurred over the last few years.

I THEREFORE NEED YOUR INPUT - Please come back to me; some comments have already been received.

It has been pointed out that when the 10000m was taken away from the main Outdoor Championships

numerous years ago, the numbers of competitors dropped dramatically. Would this still happen if we ensure that the races are run at a Championship meeting. If I have to accept lower numbers so be it, but I cannot sanction an event with athletes being hospitalised each year. So over to you MASTER ATHLETE, what are your views.

### COMBINED EVENTS

The Pentathlon, Decathlon/Heptathlon and Weights Pentathlon continue at the established venues although dates are being tweaked.

The Weights Decathlon is being reintroduced, with venue and date being circularised shortly.

### GENERAL MATTERS

Following the enthusiasm of last Summer - Masters and Potsdam etc., I have been disappointed to the response to the request for ideas/designs for a new logo and medal to fit the 21st Century, which was actually zilch. The 'TEAM' [The Docs, Steve and Averil, Carole and the chiro's, Hazel and Barry (invaluable assistance and advice) with management] cannot do it all, you MUST play a part - we need to know your with us and that we are going in the right direction. I am finding duties for the 'bagmen', and Hazel has done her stint at chaperoning, so come up with your offers of how you can help the movement or Team progress, rather than be press ganged.

To stir the grey matter, I need some volunteers to look at the standards. Denis Withers and Eric Horwill have looked at the Walks and I have had an offer from Mike G. to look at some of the jumps. Will some of you look at some of the other events.

### EUROPEAN INDOORS, SAN SEBASTIAN

I went to San Sebastian at the beginning of November and was shown around the venue by the organising committee. The arena is huge, with a six lane track (and not step bends), apparently an old outdoor velodrome that has been roofed over. It is in a marvellous setting between the main football stadium, which is the venue for the WMA Outdoor Championships in 2005 and the Bull Ring. The warm up areas in the main will be eight lane warm up track for the main football stadium. This secondary track puts most British tracks in the shade, and all owned by the City Council (they

lease the main stadium out to Real Sociedad).

The city itself is a beautiful compact old style city, with wonderful vistas on to the main bay and beyond, well worth the visit just for that and certainly worth staying on for a few days. The old town though is the prize, and not only because every other establishment is a tapas bar with very cheap beer and food, the Old Town is also stuffed full of small and cheap (but acceptable) pensions. If you are on a tight budget, you will not get better than this - cheap flights and cheap hotels.

With the six lane track it would appear that we will not experience the late night finishes we had in Bordeaux. A note of warning. If you are not with one of the official travel operators, it would appear you will not get free transport from the city to the sports complex. There appears to be ample local public transport and it is only a half hour walk from the north side of the Old Town to the arena. Also be aware the Old Town can be noisy at night due to the bars being open till the early hours.

Talking with the organisers, have promised to look at the question of publishing all photo finishes. Hopefully, that will reduce the 'heat' we had in Potsdam.

SORRY, one last reminder - the Indoor Relays at San Sebastian are 4 x 200, so although the relay teams are selected from all comers, it will help your cause if you have entered and run in the 200 at the Championships. The track is different from that at Kelvin Hall, which may suit some but not others, so current performance, meaning San Sebastian will prevail.

If you have not already entered, then you are too late, but if you have never done a European or Worlds, partly because of costs - then the Worlds in 2005 in San Sebastian would be the ideal place to start. However, we would prefer to see you earlier - the European in Denmark in 2004 will be cheaper than you think.

### BRITISH NATIONAL KIT

The new British masters Athletics logo has been sorted (it was not at time of going to press - but it, hopefully is now), so that updated team kit will be available for San Sebastian. Those with the latest kit with old logos, we will endeavour to have either badges of Iron On Transfers, to hide the old GB BETS logo. However, as a

### MASTERS ATHLETICS PAGE 5

penance for all the offers of help I had on the design side of the logo and

medals, the blue shorts are deemed to be the only acceptable lower attire as team kit.

We are now Masters, so you must look the part. Black shorts, red shorts, red vest, stripy red and blue underarmie jobs are all PANTS. We are selling the Great Britain MASTERS Team, not DAD'S ARMY, that is what you wanted, that is what you have got.

Hopefully you got Bourne Sports Vouchers for Xmas. Remember in Puerto Rico, to even get out of the declaration area, you will need FULL Team Kit, and as far as I am concerned that means the correct blue shorts or lycra tights. Believe me, I can keep a straight face when I am 'fibbing, I had plenty of practice in Potsdam during all the protests. The ends justifies the means.

### WORLD CHAMPIONSHIPS, PUERTO RICO

Entry forms are available from Wendy Dunsford and WGT are providing various packages for travel/hotels etc. A further reminder, on Relays; The relay teams are picked on times in the 100's and 400's, with the emphasis on times achieved at the relevant championship.

Athletes therefore are advised to enter these specific events to help establish their credentials. Doing a fantastic time in the 1500 or an incredible distance in the long jump, does not do much for your cause in the 400 or 100.

We are now MASTERS Athletes, and we will now be MASTERS of our destiny, but only if we all WANT IT.

Maurice Doogan

## Interview with Lynn Davies Interviewer: Tony Crocker

Lynn Davies OBE, Britain's Olympic long jump gold medalist and holder of the longest standing athletics record in the history of our sport. The Director of Athletics at The University of Wales Institute, Cardiff, Lynn has an impressive history of achievements and service to athletics which includes not only his gold medal in the 1964 Tokio Olympics but also his record as European Champion in 1966, Commonwealth Champion in 1966 and 1970 and as British Champion/record holder on numerous occasions. Lynn represented Britain no less than 48 times, not only as a long jumper but also as a sprinter. His history of service to athletics since retiring from competition includes being technical director of athletics in Canada, team manager of British junior and senior teams and team manager of teams competing in European and Olympic championships. Lynn sits on the Sports Council for Wales, and is Vice President of the British Olympic Association. Now, as the newly appointed President of Athletics UK, he starts a four year period of leading and serving all branches of our sport. All this as well as continuing his full time work as a senior lecturer at the University of Wales. Lynn's dedication to competitive athletics was always as an amateur. Now that his days of competition are long over he is still clearly a man who sees service to both current athletes and the next generation of athletes as a duty and as a passion.

But, what of the man beyond the dry statistics? What of the relationship of British mainstream athletics to masters athletics? Well, I had the good fortune to spend a couple of hours with Lynn during the run up to Christmas. The following can only give a skim of the topics we discussed and of his ambitions for athletics developments over the next few years.

Lynn.. Congratulations on your appointment as President of UK Athletics. How would you describe your role in that position?

"Well, I have two main roles. One to get out and meet everyone in athletics and build on the goodwill already generated by such as Dave Moorcroft and my predecessor Dave Hemery. This contact ensures regular feedback from grassroots clubs, from schools, from university sports centres, from athletes, from coaches etc. One major aspect of this is to ensure that the Legacy money, (which became available when it was decided by the government not to develop a major new London based athletics site as part of our Olympic bid,) is spent on developing all aspects of athletics from meeting grassroots needs through to those of elite performers. We want to raise standards, to retain involvement, to increase participation and to raise the profile of the sport.

Secondly I chair several UK Athletics committees. UKA has an excellent range of these from the Council through such as the Policy Committee, the Events Committee;

groups for such as clubs, higher education, schools, officials. Additionally, of course, I provide support and backup for Dave Moorcroft in his full time job as chief executive and in a variety of public relationship exercises.

Looking back over your history as an athlete. When was it that you realised you were potentially a very talented long jumper?

My school wasn't very interested in athletics. We had a sports day and that was almost it. My main interest in those days was in Rugby. Because I was speedy I became a winger. So I was quite old when I jumped in a Welsh Schools championships and cleared 21 feet two and a half inches. Ron Pickering was watching. He had just been appointed National Coach for Wales. He took me on and during the next six months introduced me to such things as weight training and specialist exercise to develop my technique. I didn't like it very much and would have probably stayed with rugby if it hadn't been for the excitement of being chosen to go to the Commonwealth championships, I visited parts of the world that were beyond the dreams of most youngsters in those days AND of course I saw my personal performance improve to a new British record of 25 feet four inches in that very short period of time. Ron Pickering was very important.

Really that brings me to one of the key features that I believe we need to develop for success in athletics. The coaches and links between different organisations involved in athletics: PE teachers, club coaches, national coaches, international 'stars' working with such as student PE teachers, with athletically involved children; bring the kids to tracks such as the ones we have here at UWIC, develop stronger links between schools and local athletics clubs.

One of the things I notice about master athletes is the enormous camaraderie that exists between the athletes, whether they are competing at club level or involved in championships. I don't think we can expect this at the stage of development children have reached but it is still one of the major assets of that branch of the sport. Older athletes can rationalise helping each other in terms of their own personal performance goals. Youngsters see winning as success and losing as failure. That is one of the interesting aspects of your PhD student Cerys's study into dropout of talented youngster's in sport. As Tom McNab once said, 'Sport is about selection and rejection.' That's much clearer in athletics than in most team sports. If eleven youngsters throw a javelin they will all know who was best and who was worst. But in a game of football the eleven interact, and the relative talents are less brutally exposed. You can still play an enjoyable game of soccer without being the best player on the pitch. So, we need to strengthen the links between such as students learning about athletics, PE teachers introducing youngsters to the

various events and local club coaches. Also we need to be aware of the need for access to facilities for athletics. Unlike road running we need special facilities for all forms of jumping, for throwing and for such track events as sprinting and the hurdles. This is where we have to bring in the parents. Most kids don't live very near to a track.

Taxi driving by supportive parents or friends is important. Unfortunately the governments hostility towards the teaching profession in the early 1980's led to the withdrawal from many after school or weekend sporting activities. This has left a legacy of young teachers and parents who did not experience these activities being run by teachers and so they have less commitment themselves now that they are the parents/teachers. This alone is probably one of the greatest reasons for the decline of involvement in sport by today's post age thirty cohort of Britons. We must reverse this trend by using the expertise and facilities at such places as UWIC, Bath, Loughborough and several others, to regenerate enthusiasm for recreational sport. If we have 100,000 people involved in athletics we will find many more stars and see standards rise much further than if we have only 1000 involved.

You retired from competition very soon after the Munich Olympics. You would only have been about thirty then. Did you ever think about returning to competition as a senior, or as a veteran?

Well, there are many sides to that. I had to earn my living, we were all amateurs in those days. I'd had one or two niggles with ligaments and muscle tears. In those days there wasn't the superb support that exists for today's professional athletes, the medicos, physios, biomechanics, and, funding. Plus which, of course, in those days an athlete approaching thirty was regarded as very old. Not like today's athletes, where Jonathan Edwards and Colin Jackson are just two top class world performers well on towards their forties.

I suppose too, that I stopped competing because the urge to win was satisfied. Having said that I admire the master's athletes for the pleasure they get from competitive sport, from the quality of many of their performances and their high level of general fitness. As President of Athletics UK I would hope to encourage and support this age group. As I said at the beginning of our talk, raising standards, keeping people in athletics and increasing participation are major objectives of UKA. With more than thirty million British people in the 35 plus age group The British Masters Athletics Federation deserves all the encouragement and support that is necessary to ensure it achieves these same objectives.

Editorial Board

Dear Editorial Board,

I was interested to note in Athletics Weekly 23 October, under the banner 'Jumping vet denied record', there was a report on the travails of 52-year-old Long Jumper Keith Bennington. It reported that he jumped 6.85m in the Yorkshire Veterans' Championships in September, but as there were not enough officials or a wind gauge, the performance could not be ratified as a new World Record.

This struck a chord with me. I wonder if athletes realise how difficult it now is to set a record in Masters' level competitions, especially field events, and lateral jumps in particular? This problem is exacerbated as one gets older. When I was 54 years of age I was still lucky enough to be competing regularly in British League competitions, where there would always be a wind gauge etc. My M55 UK Triple Jump record is 12.58m (-0.9 wind, in the European Championships in Cesanatico). In other words, these are the types of competitions where you will find a wind gauge available. In fact, over the 4 years I competed in the M55-59 group, I beat my official record on nine separate occasions by amounts up to 30cm, but there were no wind gauges available. An indication of the comparative standard is that my indoor record for this age group (a World Record at the time) is only 13 cm less than my outdoor record.

To emphasise how difficult it is to compete under the appropriate 'conditions' for a record, the nine other occasions I refer to include two British Veteran's Championships, and a British Veterans inter-area competition in Warrington – at least, difficult during my age group competitions that is.

Therefore, it seems to me that as we get older, the opportunity to set UK and even World records, particularly in the lateral jumps, becomes more-and-more difficult. This is because the circumstances in which we **normally** compete, almost inevitably mean that it is less-and-less likely that they will be appropriate for record ratification. Ah well!

Sean Power  
Cardiff AAC, WVAA

Dear Editors,

I am now 64 and it is not often I put pen to paper. I do however feel that the system of dividing veteran results / prizes into five-year age bands is detrimental to veteran athletics. When you are 40 you get enthusiastic and this dwindles until you are 44, and you may well, decide not to enter Championships. Personally, I would like to see much more emphasise put on Age-Graded results, where every veteran is competing with every other veteran. A M75 competitor would not be the only one in his category in affect. A computer program would easily cope with providing both actual and Age-graded results, and prizes could be award accordingly. What do your readers think? Thank you for your article headed "Results Request", in Volume 1, number 61. The Harrow Marathon 1988, a results list has now been received. Just great! Many thanks.

Tony Cotton

**300 PLUS CLUB WINNERS****April 2002**

£125 to R. Seines (Holt,Norfolk)

£ 10 each to G.Brindley &amp; A. MacDonald, B. Carr, C .Harbord &amp; N. Wray (returned as donation)

**May 2002**

£ 125 to Y .Withers (Sutton Coldfield)

£ 10 each to P. King, A .Brown, P .Post ,K .Wilford &amp; D .Montgomery

**June 2002**

£ 125 to D.Challoner (Dyseth,Denbighs).

£ 10 to C.Mastaff, T.Clowry, K.Garnett, J.Dipple &amp; J.Taylor.

**July 2002**

£ 125 to J.Bryan (Stafford)

£ 10 each to C.Robinson, H.Hinsley,C.J.Hickey, T.Chew &amp; R.Jones.

**August 2002**

£ 125 to A-M.Hughes (Wishaw)

£ 10 each to S.Powell, A.Robinson,M Waddell, B.Dunsford, &amp; R.Finlayson.

**September 2002**

£ 125 to E.Barr (Jersey)

£ 10 each to M.Spence, B Clarke, P Rowe, V Sharpe &amp; E.Hall.

**SCVAC REVIEW**

Two of the most successful competitors since the previous publication have been W65's Pam Jones and Ena Urich. Pam has a long history of great performance in both International and National events, but Ena a member of Serpentine R.C. has really been the surprise package of the year.

In the European Championships in Potsdam in August, Pam won the W65 in the 10,000 metres with Ena as her runner up. However , later in the 5,000 metres, Ena reversed the "Status Quo" by winning the Gold with Pam in the Bronze medal position.

Their good form continued domestically in the "Cabbage Patch 10", on October the 20<sup>th</sup>. with Ena clocking 72:25 for an age grading percentage of 91.48%, and Pam running 75:19 for 87.96%

**Dave Burton**

Dave after many years as a Internationally regarded Track and Field Statistician has decided not to seek re-election as our Records Officer and Chairman of the Records Committee.

We would like to thank him for all the work he as done on our behalf, and know we shall still have the pleasure of meeting him during Competition.

If you are interested in joining this committee, please contact our Secretary Bridget Cushen.

### 22 nd GUERNSEY EASTERRRRUNS

(Organised by Guernsey Island Amateur Athletics Club under UKA rules)

**Four Races in Four Days in the beautiful Channel Island of Guernsey (£ 1,500 of Prizes)**

**Good Friday 18<sup>th</sup> April 2003 -10km Road Race.....Saturday 19<sup>th</sup> April - 4.75 mile Cross Country**

**Easter Sunday 20<sup>th</sup> April - Team Relay (4x 2 miles XC).....Easter Monday 21<sup>st</sup> April - Half Marathon**

Spend the Easter holiday in Guernsey. As usual, we have four different types of races on offer, a 10 km road race, on a flat and fast course, a 4.75-mile cross country, a team relay and a Half Marathon.

Competitors can enter as many of the races as they wish but only athletes completing all four races will be eligible for overall prizes. Prizes are also awarded for each race.

The 10k road race is on last years fast and flat course on Guernsey's west coast. Relay teams can be males, female or mixed belonging to any Club. Composite teams are assembled over the week end for athletes not travelling as part of a group.

Travel and accommodation bookings should be made through "ABC Travel Experience" on (01481 715887) and you are advised to book early, as Easter is a very popular time for visiting Guernsey. As well as the Easterrrruns there are other sporting events taking place at the same time including Cycling, Hockey and Motor Sport, as well as an Invitation Track Meeting on Easter Monday Afternoon.

Entry is open to athletes of all standards and everybody is made welcome, the Festival has gained a good reputation for its good quality of competition from the front of the field down through the different standards. To enter send for the entry form from the address below. You will be sent your race numbers plus full details of the races and social events that we have organised over the weekend.

#### TRAVEL PACKAGES BY ABC TRAVEL EXPERIENCE
