Dear Mr Singleton,

I would like to highlight the leisure and sporting activities my family have enjoyed over the years of living within the DCO boundaries of the proposed WMI.

Firstly the beautiful, peaceful, safe, scenic site of Gailey Canoe club, my 3 children all paddled here and as you can see from below photos the club is well attended.

Secondly greensforge sailing club, an expetional club with many opportunities for all ages and the beautiful scenic resovior that I know you visited. Also providing ideal peaceful fishing for many people.

Then our canal and public rights of way which are both in constant use and provide a scenic, peaceful tranquil get away from life's busy stresses.

Please consider what will be lost to so many to the WMI wrong location proposal
Kind regards
Debbie Gibson.
