Introduction

The governing body for Gallery Rifle (GR) shooting in the UK is the National Rifle Association (NRA). The NRA is also the governing body for Long Barrelled Revolver (LBR) and Long Barrelled Pistol (LBP) shooting (as defined in this Handbook). The discipline under which these three types of firearm are encompassed is defined by the NRA as “Gallery Rifle and Pistol (GR&P)”

This Handbook, produced under the auspices of the NRA, contains four Sections:

- A. Rules:** These Rules always apply to GR&P shooting conducted under NRA auspices
- B. General Information:** This section describes the conditions which apply to all GR&P shooting unless any of these conditions are over-riden by range specific, meeting-specific or event-specific conditions
- C. Event Conditions:** The GR&P event numbering scheme is explained in this section, which also describes the courses of fire for all GR&P events shot at national level within the UK
- D. Standards & Records**

The Handbook will be reviewed and re-released annually in order to address any issues which have arisen during the year. However, if a particularly significant issue is identified then the Handbook may be updated at any time. The most up-to-date version of the Handbook will always be available in various formats for download from the Galleryrifle (www.galleryrifle.com) or NRA (www.nra.org.uk) websites

All GR&P meeting organisers, range crew, and competitors should be familiar with the contents of this Handbook

Copies of the Handbook should be readily available to competitors and support staff at all GR&P meetings

Any questions or comments on the Handbook should be directed to the NRA’s GR&P Discipline Representative by e-mail (gallery@nra.org.uk) via the NRA or Galleryrifle Facebook pages or groups, or by post through the NRA offices: Bisley, Brookwood, Surrey, GU24 0PB

A - Rules

A1 General

A1.1 Purpose

A1.1.1 Nothing in this Volume shall supersede the NRA Disciplinary Code, any Policy of the NRA formally approved by The Council, or any element of Volumes 1-3 of the NRA Handbook that is of general application across all disciplines

A1.1.2 The Rules defined in this Section apply to all use of Gallery Rifles and Pistols under NRA auspices and will be strictly enforced at all GR&P meetings. Any breach will be dealt with under the disciplinary arrangements specified in this Handbook – though these may be superseded by the conditions of the individual match and/or meeting in which the breach occurs. In particular, a breach occurring at an NRA of GB event must be notified to the Secretary General in accordance with the NRA Disciplinary Code and may be subject to action under that Code in addition to action under this rule. Any competitor witnessing a breach of these rules is required to bring the matter to the attention of a meeting official immediately

A2 Definition of Firearms and Ammunition

A2.1 General

A2.1.1 Firearms that conform to the definitions and dimensions set out in Section 1, Firearms Act 1968 (as amended) are generally eligible subject to special conditions set out below. They fall into the categories described and will compete in separate events

A2.2 Gallery Rifle Centrefire (GRCF)

A2.2.1 Gallery Rifles in a centrefire calibre are divided into three types as follows:

GRCF Standard: a lever action rifle with an integral tube magazine

GRCF Open: any other Gallery Rifle of different design

GRCF Classic: any Gallery Rifle which complies with the Classics Discipline definitions of eligibility for the Imperial Historic Arms and Trafalgar Meetings. The 'Spirit of the Original' must endure. This means no contemporary telescopic sights, no high visibility red / green foresight elements, no dropped butt plates, no raised cheekpieces and no fore end hand hold / palm rest additions or similar. The onus is on the shooter to prove that any modification to a standard is 'in the spirit of the original' e.g. by reference to a publication or catalogue of the period

A2.2.2 All GRCF must comply with the following:

- a. **Calibre:** Any centrefire calibre. The muzzle velocity must not exceed 2150 f/sec and the muzzle energy must not exceed 1496 f. lbs. "Downloaded" fullbore rifle ammunition is not permitted
- b. **Trigger Weight:** No minimum permitted trigger weight, but the trigger must be safe in the judgement of the Chief Range Officer (CRO)
- c. **Slings:** The use of slings is prohibited

- d. **Sights:** Two types of sights are permitted:
 - i. **Iron:** Iron sights which may include sights of any colour
 - ii. **Optical:** Optical sights may include telescopic and 'red dot' sights but not lasers which project onto the target itself

A2.3 Gallery Rifle Smallbore (GRSB)

A2.3.1 Any Gallery Rifle in .22" rimfire may be used. The standard for GRSB is a self-loading rifle with a detachable magazine. Other designs are permitted. All GRSB must comply with the following:

- a. **Calibre:** .22" rimfire only
- b. **Trigger Weight:** No minimum permitted trigger weight, but the trigger must be safe in the judgement of the CRO
- c. **Slings:** The use of slings is prohibited
- d. **Sights:** Two types of sights are permitted:
 - i. **Iron:** Iron sights which may include sights of any colour
 - ii. **Optical:** Optical sights may include telescopic and 'red dot' sights but not lasers which project onto the target itself

A2.4 Long Barrelled Pistol (LBP)

A2.4.1 This category covers all .22" rimfire Long Barrelled Pistols. It includes revolvers and self-loading guns. It also includes single-shot pistols, though these are only likely to be practical in the precision events (numbers 01 and 03 – see Section C). All LBPs must comply with the following criteria:

- a. **Calibre:** .22" rimfire only
- b. **Trigger Weight:** No minimum permitted trigger weight, but the trigger must be safe in the judgement of the CRO
- c. **Sights:** Two types of sights are permitted:
 - i. **Iron:** Iron sights which may include sights of any colour
 - ii. **Optical:** Optical sights may include telescopic and 'red dot' sights but not lasers which project onto the target itself

A2.4.2 LBPs capable of being fitted with a shoulder stock may be used provided that the shoulder stock is not attached. An extension rod, if fitted, may only make contact with the body on the hand, or the arm up to the elbow

A2.5 Long Barrelled Revolver (LBR)

A2.5.1 Any Long Barrelled Revolver in a centrefire pistol calibre may be used in this category. All LBRs must comply with the following criteria:

- a. **Calibre:** Any calibre
- b. **Trigger Weight:** No minimum permitted trigger weight but must be safe in the judgement of the CRO
- c. **Sights:** Two types of sights are permitted:
 - i. **Iron:** Iron sights which may include sights of any colour
 - ii. **Optical:** Optical sights may include telescopic and 'red dot' sights but not lasers which project onto the target itself

- A2.5.2 LBRs capable of being fitted with a shoulder stock may be used provided that the shoulder stock is not attached. An extension rod, if fitted, may only make contact with the body on the hand, or the arm up to the elbow
- A2.5.3 **Double-action:** Double-action firing is accomplished by pulling the trigger of a revolver through with one motion to raise the hammer and let it fall without otherwise cocking the gun. When double-action is specified in the event conditions it must be used
- A2.5.4 **Single-action:** Single-action firing is accomplished by cocking the hammer of a revolver before each shot is fired. The gun may be cocked with either hand. Single-action may be used when it is specified in the event conditions or when no particular action is specified. Double-action can be used instead of single-action at the shooter's discretion

A2.6 Service Rifle

- A2.6.1 The rules for Civilian Service Rifle are defined in the NRA Civilian Service Rifle Handbook and duplicated here for ease of reference. In the event of any discrepancy between Civilian Service Rifle rules appearing in the GR&P Handbook and the CSR Handbook, the CSR Handbook takes precedence

SR (a) – Service Rifle Class A

- a. A service rifle as issued by any government and used without any unauthorized alterations or additions
- b. **Sling:** a sling corresponding to as issued 1937 pattern is permitted, attached to the rifle in two points in the regulation manner. The sling may be used for steadying the rifle and may be placed round one arm and/or wrist but not round any other part of the body
- c. **Gloves:** no padded shooting gloves are allowed
- d. **Shooting jackets:** may be worn so long as they are not done up and not attached to any sling
- e. **Backsight:** a backsight as issued must be used. The wind-gauge if any must be set centrally
- f. **Foresight:** a blade foresight, which may be undercut
- g. **Wind:** must be allowed for by aiming off
- h. **Sights:** may be blackened, but nothing may be affixed for shading them
- i. **Trigger pull:** minimum of 5lbs
- j. **Magazines:** magazines or clips may only be charged with a maximum of five rounds

A2.6.2 SR (b) – Service Rifle Class b

- a. Any rifle as defined for SR (A) except that:
 - i. The sling must be attached to the rifle at no more than two points; it must not exceed 2 inches in width or ¼ inch in thickness
 - ii. The wind-gauge if any may be adjusted and used
 - iii. An additional aperture backsight may be affixed and used

A2.6.3

SR (O) – Service Rifle Open

- a. Any rifle chambered for cartridges used in the above classes
- b. **Sights:** of any description including magnifying or telescopic
- c. **Sling:** of any pattern may be used as an aid to steadying the rifle
- d. **Gloves:** no padded shooting gloves are allowed
- e. **Shooting jackets:** may be worn so long as they are not done up and not attached to any sling
- f. **Support:** when shooting in the prone position competitors may use some form of rest for the wrist or back of the forward hand. No form of rest is to be affixed to the rifle
- g. **Magazines:** or clips may only be charged with a maximum of five rounds

A2.6.4

SR (IS) – Service Rifle post 1955 Iron Sights

- a. Iron sights only
- b. No restriction on slings
- c. Rests are prohibited
- d. Trigger weight 4.5lbs minimum
- e. Magazine resting is permitted, no part of the wrist of the supporting arm may touch the ground
- f. No padded shooting gloves are allowed
- g. Shooting jackets may be worn so long as they are not done up and not attached to any sling

A2.6.5

SR (SO) – Service Rifle post 1955 Iron Optic

- a. No restriction on slings
- b. Magazine resting is permitted, but no part of the wrist of the supporting arm may touch the ground
- c. Fore grips are prohibited, as are any modifications to the fore end, such as hand or sling stops, intended to facilitate an advantage with the support hand
- d. Bipods are prohibited
- e. Trigger weight 4.5lbs minimum
- f. Optic sights maximum magnification of 4.5x
- g. No padded shooting gloves are allowed
- h. Shooting jackets may be worn so long as they are not done up and not attached to any sling

A2.6.6

SR (PO) – Service Rifle post 1955 Practical Optic

- a. No restriction on slings or rests
- b. Bipods may be used, but must remain fitted at all times
- c. Vertical fore grips may be used, but must remain fitted at all times
- d. Trigger weight 1.5kg minimum
- e. No restriction on optic sights
- f. **Gloves:** no padded shooting gloves are allowed
- g. Shooting jackets may be worn so long as they are not done up and not attached to any sling

A2.7 Target Shotgun (TS)

A2.7.1 The rules for Target Shotguns are defined in the NRA Target Shotgun Handbook and duplicated here for ease of reference. In the event of any discrepancy between Target Shotgun rules appearing in the GR&P Handbook and the TS Handbook, the TS Handbook takes precedence

Target Shotguns are divided into one general classification and 4 types:

Any Shotgun (SG)

Manual (SGM): Any Manual Action Shotgun with an integral tubular magazine or detachable magazine

Semi-Automatic (SGSA): Any Semi-Automatic Shotgun with an integral tubular magazine or detachable magazine

Classic (SGC): Any shotgun that is not magazine fed and is not fitted with optical or electronic (red dot, telescopic etc) sights

Manual Action Integral (SGMI): Any Manual Action Shotgun with an integral tubular magazine or detachable magazine and is not fitted with optical or electronic (red dot, telescopic etc) sights

Semi-Automatic Integral (SGSAI): Any Semi-Automatic Shotgun with an integral tubular magazine or detachable magazine and is not fitted with optical or electronic (red dot, telescopic etc) sights

Multi-Barrel (SGMB): Any shotgun with multiple barrels that is not fitted with optical or electronic sights or a magazine

Service (SGSV): Any shotgun and sight combination that matches the specification of one that is or was on issue by any government to its Armed Forces or Police, without any alterations or additions from the issue specification save for the extension of the barrel to comply with UK legislation

A2.7.2 Some shotgun events require the use of a Section 1 shotgun and solid slug ammunition (only). A magazine capacity of at least 6 rounds is recommended. If you are in any doubt as to the eligibility of a particular firearm, you are strongly advised to contact the NRA before the meeting. Areas which may need clarification include types of sights, artificial aids to shooting, types of action, eligible calibres etc

A2.8 Ammunition

A2.8.1 Either hand-loaded or factory loaded ammunition may be used. All ammunition must have sufficient energy to pass through paper/card targets and their backing boards. Shots which do not pass through such targets will be scored as misses

A2.8.2 All ammunition must be within the limits set out in the range safety certificate for the venue of a competition. Any RO may require a competitor's ammunition to be tested to ensure compliance. Limits on muzzle velocity and muzzle energy for both centrefire and smallbore ammunition may be enforced by testing with a chronograph where range conditions allow and appropriate equipment is available

- A2.8.3 **Muzzle Loading Propellants:** Some events are open to firearms using any propellant for which the firearm is appropriately proofed. If your firearm is proofed for black powder only and is a modern reproduction or is of modern design, you may only use 'Pyrodex' if this is in accordance with the guidance given by the manufacturer of the firearm. If you are using an original firearm then black powder must be used unless the firearm been re-proofed for modern nitro powders. You may be prevented from using any firearm or load if either is, in the opinion of the Chief Range Officer, unsafe
- You may only use smokeless propellants if your firearm is nitro proofed
- A2.8.4 Centrefire ammunition must comply with the range safety certificate but only target loads are needed at the shorter ranges up to 50 metres. Excessively noisy ammunition can be intrusive for other competitors. Please bear this in mind before making or purchasing ammunition
- A2.8.5 Magnum, armour piercing, high velocity, jacketed or plated rounds are not permitted on steel plate targets. Limits on power and speed will be enforced. These will apply to both Centrefire and Smallbore; random testing with a chronograph will take place on the range. Failing this test will result in disqualification. The limits are as follows:

Centrefire: (lead core bullets only)

Bullet weight over 200 grains: maximum velocity 1000 ft/sec

Bullet weight 200 grains or less: maximum velocity 1200 ft/sec

Smallbore: maximum velocity 1300 ft/sec

A3 Conduct of Shooting

The safety rules in Section 52 of Volume 1 of the NRA 'Bible' also apply; in the event of any apparent conflict with the rules in this book, the GR&P Handbook takes precedence

A3.1 Photography

- A3.1.1 Please do not take photographs or videos on the ranges without first asking permission of the Chief Range Officer and the people in the picture. At the National Shooting Centre, Bisley, professional photographers must be in possession of a 'Photography Permit', which is obtainable through the NRA Reception

A3.2 Safety

- A3.2.1 All competitors and other personnel in the immediate vicinity of the firing point are required to wear ear protection (e.g. earplugs). Eye protection (e.g. shatterproof glasses) must also be worn when hard targets (e.g. steel plates) are in use. The wearing of eye protection is very strongly advised at all times (and may be made mandatory by the conditions of some meetings). The NRA will not be liable for any injury sustained through the lack of appropriate protection
- A3.2.2 All firearms must remain boxed or cased until permission to remove them from their box or case has been given by the CRO

- A3.2.3 No competitor may touch an unboxed or uncased firearm except under RO supervision
- A3.2.4 No competitor may load a firearm until ordered to do so by an RO on the firing point. Magazines and speedloaders may be pre-charged but must not be inserted in the firearm until the order to do so has been given. Unless otherwise stated within the course of fire, magazines and speedloaders should only be pre-charged with the number of rounds appropriate to the course of fire (e.g. event 07 T&P1 is fired in strings of 6 rounds so magazines and speedloaders should be charged with 6 rounds)
- A3.2.5 When stationary on the range the muzzles of all firearms being held must be pointed downrange in a safe direction
- A3.2.6 When moving around the range during an event under the control of a Range Officer, firearms must be carried as follows:
- a. **Revolvers:** Unloaded. Either boxed, holstered, or muzzle up with the cylinder held open by the fingers of the carrying hand
 - b. **Pistols:** Unloaded. Either boxed, holstered, or muzzle up with the action locked open
 - c. **Rifles:** Unloaded. Either cased or muzzle up with the action open
- Note: These rules do not apply when the competitor is moving as part of the course of fire (e.g. event 13 Phoenix A); the specific rules in the course of fire are to be followed in such cases
- A3.2.7 When not on the firing point all firearms must be in the following condition:
- a. **Revolvers:** Boxed with no rounds in the cylinder, hammer down
 - b. **Pistols:** Boxed with the magazine removed, no rounds in the chamber, slide forward, hammer down
 - c. **Rifles:** Cased with any detachable magazine removed, no rounds in the chamber or in any fixed magazine, hammer down
- A3.2.8 It is the responsibility of the firer to unload and clear their firearm before presenting it for inspection. No firearm is to be boxed or cased until it has been confirmed clear by an RO. The clearance procedures for the various gun types are as follows, in all cases applying a safety catch if it is possible to do so:
- a. **GRSB:** Competitor removes magazine, locks action open, confirms that chamber, action and boltface are clear of live rounds, misfires and empty cases and presents for inspection. RO confirms clear
 - b. **GRCF with fixed magazine:** Competitor opens the action, confirms that magazine, chamber, action and boltface are clear of live rounds, misfires and empty cases, racks three times for RO to see, leaves action open. RO confirms clear
 - c. **GRCF with detachable magazine:** As GRSB

- d. **GRCF revolving carbine:** Competitor opens cylinder, ejects all cases, confirms that chambers and frame are clear of live rounds, misfires and empty cases and presents for inspection. RO confirms clear
- e. **LBP:** As GR SB. When empty and proved clear the action may be dropped with the firearm pointed in a safe direction under the direction of the RO and the firearm may then be holstered with the slide forward and hammer down
- f. **LBR:** As revolving carbine. When empty and proved clear the action may be dropped with the firearm pointed in a safe direction under the direction of the RO and the firearm may then be holstered with the hammer down

- A3.2.9 During a course of fire, at the CRO's discretion, firearms may be grounded on the firing point instead of being boxed or cased. This may only be done after the firearm has been proved clear by an RO. Grounded firearms must point downrange in a safe direction and have their actions / cylinders open. They are not to be touched again until the CRO so instructs
- A3.2.10 A belt mounted holster may be used with an LBP or LBR. Such holsters may be right or left-handed. The holster must cover the gun's trigger. Shoulder or cross-draw holsters are not allowed, nor are holsters from which the LBP/LBR is released by inserting a finger within the trigger guard
- A3.2.11 If any RO or any other person on the range considers that there is a potential or actual breach of safety which urgently requires all competitors to stop firing they will immediately give the order "Stop, Stop, Stop". All competitors must immediately stop firing, take their finger off the trigger, keep their firearms pointing at the target and await further instructions
- A3.2.12 If it proves necessary for any person to move forward of the firing line after the command to load has been given, all firearms must be unloaded and proved clear in the normal manner
- A3.2.13 A misfire occurs when the firearm operates normally but the cartridge does not ignite. ~~If a firearm misfires the competitor will cease firing and bring the firearm to waist height keeping it pointing towards the target. At the end of the practice the competitor will attract the attention of the RO and if it is necessary, the RO will assist or instruct the competitor when and how to unload the firearm and take remedial action, then confirm it is safe to box or case~~
- If a firearm misfires the competitor may attempt to clear the misfire if it is safe to do so and continue firing. If the misfire cannot be safely cleared the competitor must cease firing, bring the firearm to waist height keeping it pointing towards the target and attract the attention of the RO by raising a hand. At the end of the practice, if it is necessary, the RO will assist or instruct the competitor when and how to unload the firearm, check the barrel and take remedial action

A3.3 Clothing and Equipment

- A3.3.1 Clothing should be suitable for the weather conditions during the competition. No clothing may be worn which will, in any manner, give the wearer artificial support. Such clothing includes shooting jackets, coats or vests which have straps or other devices which may be used to stiffen the body, or tightening devices which may be used to stiffen or lend support to the arm
- A3.3.2 A physically handicapped competitor may use artificial support if individually authorised to do so by the Meeting Director (see A3.5)
- A3.3.3 All devices or equipment which may facilitate shooting, but which are not mentioned specifically in these rules, or which are contrary to the spirit of these rules, are forbidden. The Meeting Director, Deputy Meeting Director or any range official shall have the right to examine any competitor's equipment
- A3.3.4 It is the responsibility of the competitor to submit any equipment, not specifically authorised, for official inspection and approval in sufficient time prior to the beginning of an event not to cause inconvenience to the competitor or any official

A3.4 Range Procedures

- A3.4.1 Unless a firearm has become disabled (as defined in A3.6.1) during the course of any event:
- a. No competitor may change a firearm
 - b. No competitor may add, remove or interchange any major part of a firearm (e.g. barrel, stock, receiver, cylinder etc.)
 - c. No competitor may add, remove or interchange a sighting system (note: apertures, dot sizes, magnification, lens covers etc. on sights can be adjusted or modified during the course of an event)
- A3.4.2 During a Course of Fire a round or magazine may be retrieved from the ground if dropped, or may be taken from the competitor's equipment if on the ground, only if they have unloaded their firearm, locked it open and it is kept pointing at the target while retrieving the round or magazine. They may not leave the firing point for this purpose. Dropped rounds or magazines may not be retrieved in events that specifically prohibit this
- A3.4.3 No other person may pass rounds or magazines to a competitor unless they have been previously authorised to do so by the CRO, and then only in circumstances where the competitor may need assistance
- A3.4.4 There is no limit on the number of rounds which may be in a firearm at any time provided that no more than the number of rounds prescribed for the event are loaded at a time, and provided also that no more than the required number of shots is fired for that stage
- A3.4.5 Practice is distinct from Zeroing and is defined as shooting an event or part of an event under conditions similar to those which apply to that event. This would include, for example, shooting a timed series of shots or shooting consecutive series of shots from different positions. If a competitor practices any part of an event they may not shoot that event competitively until at least

an hour after they finish practicing. The only exception to this prohibition is where all competitors in an event are given identical practice facilities throughout the whole meeting

A3.4.6 Zeroing is distinct from Practice and is defined as firing shots at a target in order to zero the gun at a particular distance. Where range conditions permit, a static target frame will be provided for competitors to test their zero. It will be at a distance determined by the Meeting Director. A target face may be provided by the competitor provided that it is not of a design used in any of the events at the meeting. Once a competitor has finished zeroing, at least half an hour must elapse before they shoot any event competitively

A3.4.7 Competitors must take their position at their numbered firing point in such a manner as not to interfere with adjacent competitors. No portion of the competitor's body may rest on or touch the ground forward of the firing point

A3.4.8 With the exception of competitors actually firing, and such range personnel as are necessary for the conduct of the match, the firing points and line must be kept clear at all times

A3.4.9 Competitors are not permitted to interfere with the handling of targets by range personnel

A3.5 Disabled / Handicapped Competitors

A3.5.1 When entering a Meeting, a competitor who has a physical disability (temporary or permanent) which prevents the use of a position specified in the event conditions can apply to the Meeting Director for permission to use an alternative position. Such an application should be supported by medical evidence (e.g. a Doctor's note) whenever possible. The Meeting Director will determine which, if any alternative position(s) the competitor will be allowed to use in which event(s) and will notify the competitor of the decision

A3.5.2 It is the competitor's responsibility to inform the Range Crew of any approved alternative position before shooting the event. The competitor should also inform other competitors on the same line in order to avoid confusion during the event

A3.5.3 The competitor will normally be allowed to adopt the next most difficult position applicable to the event. This will vary between events but may include:

- a. Sitting instead of Prone
- b. Kneeling (either on two knees or on one knee without resting the elbow on the knee) instead of Sitting
- c. Standing (strong or weak shoulder/hand) instead of Kneeling, Sitting or Prone
- d. Kneeling (either on two knees or on one knee without resting the elbow on the knee) instead of Standing

A3.5.4 Scores shot using alternative positions will count normally for the events concerned but will not count for records

A3.5.5 If a competitor is only able to shoot from a wheelchair, the firearm must be fully supported by the competitor's arms which cannot themselves be supported by any part of the chair

NRA E-League

Gallery Rifle: Spring 2022

Classes: GRSB, GRCF, GRCF Classic

Competition 1: *Based on 25m Precision*

Distance & Position: 25m Standing

Targetry: GRCF: PL7, GRSB: PL14

Ammunition: 20 rounds (plus sighters)

Sighters: Unlimited shots in 5 minutes

Procedure:

Practice 1: 10 shots in 6 minutes

Practice 2: 10 shots in 3 minutes

Competition 2: *Based on Multi-Target*

Distance & Position: 20m Standing

Targetry: GRCF: DP2, GRSB: DP2 ½

Ammunition: 20 rounds

Procedure:

Practice 1: 5 shots on the left hand target in 15 seconds

Practice 2: 5 shots on the right hand target in 15 seconds

Practice 3: 5 shots on each target in 25 seconds

Competition 3: *Based on Timed & Precision 1*

Distance & Position: 15m Standing

Targetry: GRCF: DP2, GRSB: DP2 ½

Ammunition: 20 rounds

Procedure:

Practice 1: 10 shots, in two strings of 5. The target will appear for 3 seconds, one shot per appearance, intervals of 5 seconds. Time allowed between the two strings for re-loading

Practice 2: 10 shots, in two strings of 5. The target will appear for 2 seconds, one shot per appearance, intervals of 5 seconds. Time allowed between the two strings for re-loading

Ties: Competition standings by the greatest number of Xs, then by the greatest number of Xs in practice order from last to first. Overall Round standings will be counted back in Competition order: 1, 2, 3

A3.6 Malfunctions and Reshoots

- A3.6.1 A disabled gallery rifle or pistol is one which cannot be safely aimed or fired, or has suffered damage such that it cannot be fired or function properly, or has suffered the loss of a sight or visible damage to the sight(s). The fact that the sights may have been improperly adjusted does not constitute disablement
- A3.6.2 Any claim that a firearm has become disabled must be made immediately
- A3.6.3 Once a firearm has been declared disabled by the CRO it shall not be used again for live firing until the defect has been rectified and the firearm has been declared safe by the CRO. No competitor will be allowed a reshoot due to a disabled firearm
- A3.6.4 No competitor may change a firearm, or interchange parts of a firearm, during an event unless the firearm has become disabled (see A3.6.1). All shots fired up to the time that the disablement is confirmed will stand as part of the official score. Any replacement firearm used to continue an event must be of the same type (GRCF, GRSB, LBP or LBR) as the original
- A3.6.5 Continuation of an event with a repaired or replacement firearm will be at a time determined by the CRO
- A3.6.6 When the firing of a string or series has been interrupted by some occurrence which renders it impossible for one or more competitors to complete the string or series under the conditions of the event, the CRO will proceed as follows:
- a. Without being permitted to examine their targets, competitors in the detail who have been prevented from completing their string or series will be asked if they want to reshoot, or if they wish to accept their score as already fired
 - b. Those competitors who have elected to take their scores as already fired will have their targets scored in the normal way
 - c. Those competitors who have elected to reshoot will have their targets patched or replaced, and will then reshoot the entire string or series
- A3.6.7 Reasons for the procedure in A3.6.6 being required will not include malfunction of the firearm or ammunition but will include:
- a. Failure to allow the full time specified for the string or series
 - b. Failure of the targets to operate properly or uniformly for the entire string or series
 - c. Failure of the targets to remain in position on the frame
 - d. Damage to a target rendering proper aiming or scoring impossible
 - e. Cross-firing by another competitor
 - f. Appearance of an object in the line of fire which might constitute a hazard
 - g. An accident on the firing point
 - h. Any reason the RO/CRO deems an unacceptable interruption to the detail

- A3.6.8 If, due to faulty target operation or error in timing, one or more competitors are allowed more time to complete their string or series than is provided for in the event conditions, the CRO will immediately order all such targets patched or replaced. These targets will not be scored. A complete new string or series will then be fired by the competitors who had extra time allowed
- A3.6.9 If, in the original string or series, some targets operated properly in accordance with the permitted time limit then all such targets will be scored in the normal manner and competitors who shot on those targets will not be required, nor permitted, to reshoot
- A3.6.10 In the case of some accident involving a competitor on the firing point, such as being hit by lead or powder residue, that competitor may stop firing. The competitor concerned will then have the choice of accepting the score already made in that Course of Fire, or may reshoot that course

A3.7 Penalties

- A3.7.1 In the event of a breach of these rules, the disciplinary sanctions specified in Section A4 of this Handbook (see A4.13) apply
- A3.7.2 In any competition, any RO may apply a Procedural Penalty to a GR&P competitor if they deem a procedural error to have been made by that competitor. The competitor may appeal such a decision to the Meeting Director
- A3.7.3 A Procedural Penalty will result in the deduction of one hit of the maximum possible score value for the target type. Such a penalty shall not be applied more than once for each match, stage or practice of an event
- A3.7.4 Potential procedural errors will depend on individual event conditions, but will include the following list which is neither exhaustive nor exclusive:
- a. Firing while placing a foot or part of foot over the firing line
 - b. Firing while placing a foot or part of a foot on the wrong side of the line behind a barricade
 - c. Firing from positions in the wrong order
 - d. Adopting an incorrect position
 - e. Firing too many shots in a position

A4 Discipline

A4.1 Aliases

- A4.1.1 No competitor may fire under an assumed name
- A4.1.2 No competitor may register, enter or shoot in an event in the name of another

A4.2 Score and classification falsification

- A4.2.1 No competitor will falsify their score or classification, nor that of any other competitor, nor be an accessory thereto

A4.3 Cross fires and excess hits

A4.3.1 No competitor will deliberately fire on the wrong target nor fire more than the required number of shots, including hits on some other competitor's target and misses

A4.4 Bribery

A4.4.1 No person will offer a bribe of any kind to any of the range crew, statistical personnel or others nor be an accessory thereto

A4.5 Disorderly conduct

A4.5.1 Disorderly conduct or intoxication is strictly prohibited on the range

A4.6 Wilful destruction of range equipment

A4.6.1 No shooter shall cause any range equipment to become damaged through a deliberate act

A4.7 Chronographing

A4.7.1 As noted at A2.7.2, any RO may require any competitor's ammunition to be chronographed where range conditions allow and appropriate equipment is available. Any testing must itself be in accordance with the safety parameters of the range and the Meeting Director or other appropriate officials are responsible for supplying chronographic equipment

A4.7.2 If Chronograph testing takes place the following procedure will be used: Select three of the competitor's rounds at random. Fire all three rounds and follow these steps:

- a. If one round only exceeds the limit, the test is over; the ammunition passes
- b. If two rounds exceed the limit, the test is repeated with three new rounds
- c. If all three rounds exceed the limit, the ammunition has failed

A4.7.3 If test b above is failed, fire three new rounds and follow these steps:

- a. If one round only exceeds the limit, the test is over; the ammunition passes
- b. If two rounds exceed the limit, the ammunition has failed

A4.7.4 If the ammunition fails the chronograph test it may not be used. The competitor is disqualified from any events already shot using that ammunition

A4.8 Refusal to obey

A4.8.1 No person will refuse to obey instructions of the Meeting Director or any other official if instructions are given in the proper conduct of the office

A4.9 Evasion of rules

A4.9.1 No competitor will evade or attempt to evade or be an accessory to the evasion of any Rules or Conditions. Refusal of a competitor or meeting official to give testimony regarding facts known to them concerning violations or attempted violation of the Rules and Conditions will constitute being an accessory to the violation or attempted violation

A4.10 Self-discipline

A4.10.1 The safety of competitors, range personnel and spectators require continuous attention by all to the careful handling of firearms and caution in moving about the range. Self-discipline is necessary on the part of all. Where such self-discipline is lacking it is the duty of range personnel to enforce discipline and the duty of competitors to assist in such enforcement

A4.11 Safety violations

A4.11.1 Serious safety violations are defined as follows:

- a. Pointing any firearm in an unsafe direction
- b. Discharging any shot that impacts anywhere other than the back stop behind the target line
- c. Dropping a loaded firearm
- d. Handling a firearm on the range while not under the direct instructions of a Range Officer
- e. Being under the influence of or consuming alcohol or drugs on the range while competing or officiating

A4.12 Loud or abusive language

A4.12.1 Loud and/or abusive language that disturbs the operation of the event or the competitors while firing is not permitted. Competitors, scorers and ROs will limit their conversation directly behind the firing line to official business. Verbal abuse by competitors or verbal abuse of competitors by range officials is grounds for Disqualification or replacement of those guilty of such action. Disturbance of shooters by spectators is likewise prohibited

A4.13 Sanctions

A4.13.1 A CRO will disqualify (see A4.14) a competitor from an event in which any serious safety violation (see A4.11.1) has occurred and submit a written report to the Meeting Director at the end of the period of shooting. The competitor may appeal such a decision to the Meeting Director

A4.13.2 The Meeting Director, upon proper presentation of evidence, may apply a Procedural Penalty to, Disqualify, or order the Expulsion (see A4.15) of any competitor for violation of Rules or Conditions, or for other conduct considered discreditable or unsafe. In the event of a disagreement on sanctions between meeting officials, the Meeting Director shall prevail

A4.14 Disqualification

A4.14.1 Competitors who are disqualified from an event are required to remove themselves and their equipment from the firing point immediately. Their score for the event will be deleted. No refund of entry fees will be given

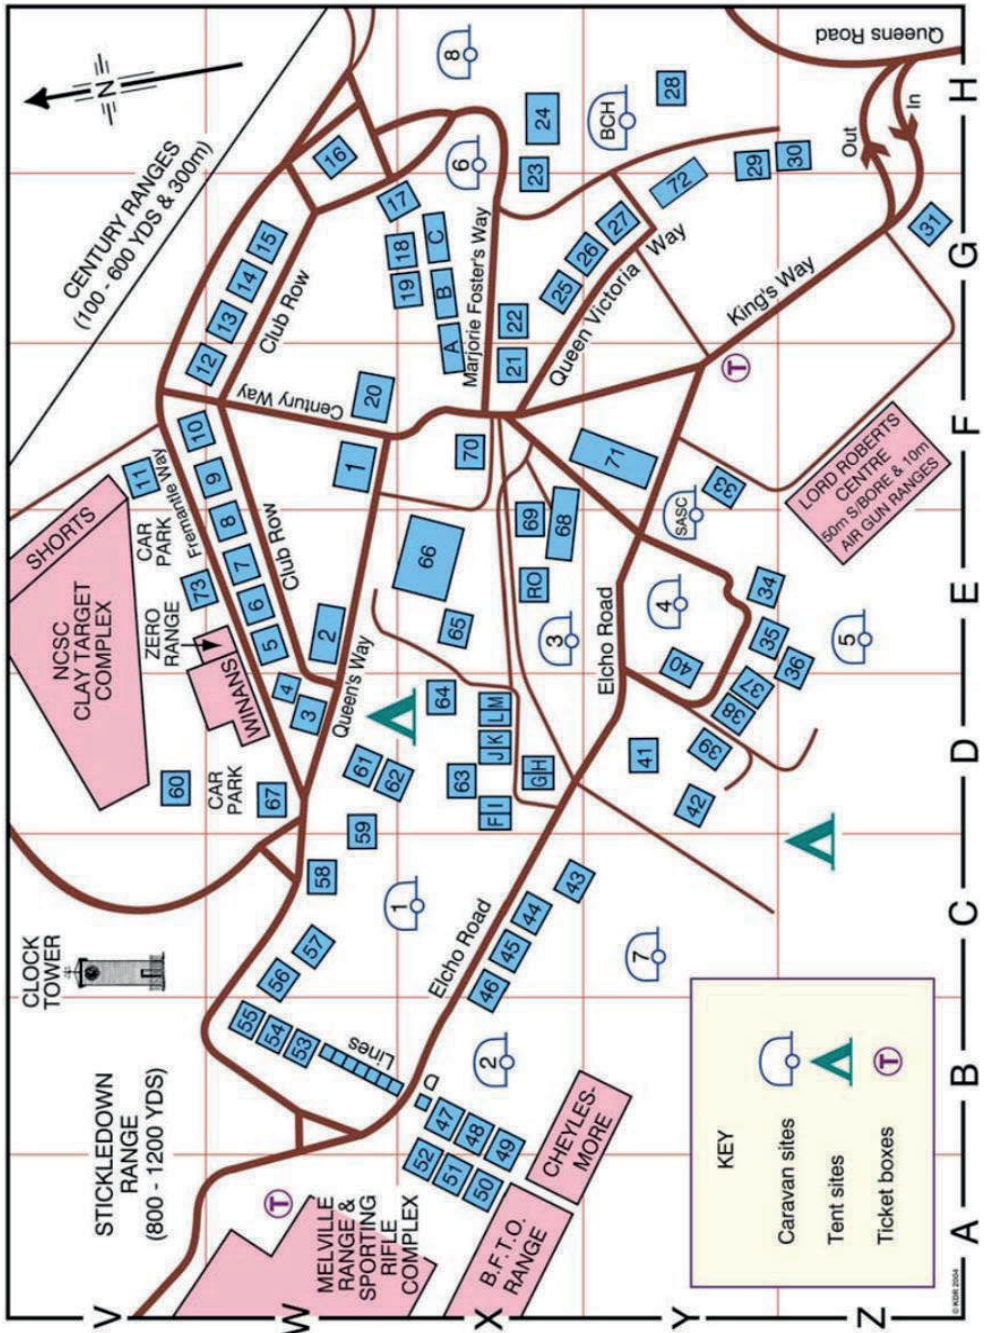

A4.15 Expulsion

A4.15.1 Expelled competitors are disqualified from all events at the meeting. They are required to remove themselves and their equipment from the range complex and not to return for the remainder of the meeting. No refund of entry fees will be given. Details of all expulsions shall be reported to the disciplinary body of the National Rifle Association or the National Governing Body under whose auspices the meeting is run

B1.2 Purpose

B1.2.1 This Section defines the General Conditions which should normally be applied to all GR&P shooting. Unlike the Rules provided in Section A, any of the Conditions in this Section may be over-ridden by range-specific, meeting specific or event-specific conditions. Where the Conditions in this Section do apply, violation of them will result in the same disciplinary procedures as those applied to violation of the Section A Rules

B2 Officials

B2.1 Duty to competitors

B2.1.1 It shall be the duty of all meeting officials to conduct themselves properly by being fair and impartial to all in carrying out their various duties. No official shall harass a competitor nor allow such practice by another official, other competitors or spectators. Should a competitor's equipment or demeanour warrant sanction, it should be done in such a manner as will cause the least inconvenience to all concerned. In so doing, the official should state to the competitor the Rule or Condition under which the sanction is being applied

B2.1.2 Meeting officials – particularly CROs and ROs – should be easily identifiable by competitors. This could be achieved, for example, by the use of high-visibility tabards and/or red clothing

B2.2 Meeting Director (MD)

B2.2.1 The National Rifle Association or the National Governing Body or organisation under whose auspices the meeting is run shall appoint the MD

B2.2.2 The MD has overall responsibility for the entire meeting. In particular, they are responsible for ensuring the safety and proper discipline of all meeting officials, competitors and spectators. They are also responsible for ensuring the efficient conduct of the meeting

B2.2.3 Instructions from the MD for the operation of the meeting must be complied with by all persons on the range. The MD will use their best judgment at all times, seeking advice when required, and their behaviour and decisions must be characterised by absolute impartiality, firmness, courtesy and vigilance

B2.2.4 In all matters relating to the meeting a decision by the MD is final

B2.2.5 The MD may appoint a Deputy Meeting Director

B2.3 Chief Range Officer (CRO)

B2.3.1 A CRO will be assigned by the MD to run one or more specific events on a particular range. The CRO is responsible for safety and discipline on that range, as well as for the range's efficient operation. They will be directly responsible for all ROs working under them and will ensure that they are familiar with all relevant Rules and Conditions, particularly including the relevant Event Conditions. They must be constantly alert, impartial in handling of competitors and courteous though firm. They will deal with any challenges, protests or disciplinary issues calmly and quietly at the firing line or by taking the competitor to one side. Any disturbance to or involvement of other competitors should be avoided

B2.3.2 It is highly desirable that anyone appointed as a CRO has received formal training relevant to the role

B2.4 Range Officer (RO)

B2.4.1 Each RO is an assistant to the CRO for a particular range. An RO (sometimes referred to as a Safety Supervisor) is responsible for the safety and discipline of meeting officials, competitors and spectators in the part of the range to which they have been assigned. They will also supervise the scoring of targets. They are responsible for seeing that the competitor's equipment and position comply with the conditions for the particular event being fired.

It is their duty to be completely familiar with the meeting programme and with all relevant Rules and Conditions. They are to comply to the best of their ability with all instructions issued by the Meeting Director or CRO and will render all possible cooperation to other officials. They must be constantly alert, impartial in their handling of competitors and courteous though firm. Any challenges, protests or disciplinary issues should be raised immediately to the CRO

B2.5 Chief Statistical Officer (Chief Stats)

B2.5.1 Chief Stats is in charge of all statistical work in connection with the meeting except the actual recording of scores when this is done on the range. They are directly responsible to the Meeting Director. They are assisted by such additional Stats Officers as may be required

B2.5.2 It is the duty of Chief Stats to:

- a. Maintain a list of competitors showing name, competitor number and classifications
- b. Prepare official scorecards
- c. Check addition on scorecards and correct totals
- d. Tabulate scores in order of merit
- e. Prepare and post interim, provisional and final results
- f. Produce a prize list
- g. Report to Meeting Director for appropriate disciplinary action any irregularities in firing or scoring which may be indicated by squadding records or scorecards
- h. Make required reports to the National Classification organiser within one week of the end of the event

B3 Competitor Duties

B3.1 Discipline

B3.1.1 It is the duty of each competitor to cooperate with officials to enable the conduct of a safe and efficient meeting. Competitors are expected to promptly call the attention of meeting officials to any infraction of Rules or Conditions. Failure of a competitor to cooperate in such matters, or to give testimony when called upon to do so, may result in the competitor being considered as an accessory to the offence

B3.2 Knowledge of meeting conditions

B3.2.1 It is the competitor's responsibility to be familiar with the Rules and Conditions which apply at the meeting and particularly to the events they have entered

B3.3 Competitors will score

B3.3.1 Competitors will act as scorers when required to do so by a CRO or RO, except that no competitor is allowed to score their own target

B3.4 Reporting at firing point

B3.4.1 For squadded events, competitors must report to the range at least 10 minutes before the time indicated on their squadding notice. They must proceed to the assigned firing points immediately when their squad is called by the CRO. All relevant equipment for that particular event must be ready and in good working order. Time will not be allowed for repairs, sight adjustments or search for missing equipment after the squad has been called to the firing line. Competitors are expected to shoot on the detail on which they are squadded - if you miss this detail it will be up to the Chief Range Officer whether you are allowed to shoot at a later time

B3.5 Timing

B3.5.1 It is the competitor's responsibility to complete each string of shots within the time allowed by the Event Conditions. ROs will not announce the time during the firing

B3.5.2 Unless otherwise specified in the event conditions, timing devices are permitted provided that they do not produce an audible signal

B3.6 Delaying an event

B3.6.1 No competitor may delay the start of an event through tardiness in reporting or undue delay in preparing to fire

B3.7 Loading

B3.7.1 No competitor will load a firearm except at the firing point and after the command to load has been given by the CRO

B3.7.2 Some events require the competitor to reload their firearm within the target exposure time (e.g. 1500 Practice 4: 12 shots in 35 seconds including reload). It has become common practice for some competitors to reload with a live round in the chamber (e.g. shoot 5, reload with 6, shoot 7). This is allowed unless specifically prohibited by the course of fire (e.g. action required to be open while changing position). However, competitors should be aware that this may not be allowed when shooting GR&P events outside of the UK

B3.7.3 Competitors may only load their firearm with ammunition that is on their person or on a bench where one is in use. Rounds may not be loaded from the ground, range bags, etc. Unless otherwise specified in the course of fire, once the range has been declared clear competitors may replenish rounds on their person and/or a bench in the time between the practices of an event

B3.8 After finishing a Practice / Stage

- B3.8.1 When a competitor has finished firing for a practice or stage they should unload their firearm, lock it open and stand with it pointed at the target line until it has been cleared by an RO
- B3.8.2 When the RO has cleared the firearm, they will tell the competitor what to do next. Depending on the firearm and the event being shot, the instruction might be to bag, case, holster or go muzzle-up
- B3.8.3 Even when the individual competitor has been cleared by an RO, they should NOT begin to pick up magazines, cases, etc. until the range has been declared safe by the CRO. They should also refrain from doing anything which could distract other competitors who may still be shooting

B3.9 Re-Entries

- B3.9.1 Some events, (e.g. McQueen, Mini McQueen, Steels) allow for multiple re-entries to achieve a higher score or faster time for the event and these may be made on the range or at reception. Re-entry may be permitted, depending on available range space, after the competitor has shot their match

B4 Teams

B4.1 Team representation

- B4.1.1 No competitor may be a member of more than one team in any given team event

B4.2 Coaching in team events

- B4.2.1 Coaching is permitted in all team events and each competitor may have a coach. No optical devices other than binoculars may be used by the coach. The coach may assist team members by calling shots, checking time, checking scoring, ordering sight changes, etc.; but must control voice and actions so as not to disturb other competitors. The coach will not physically assist in loading, or in making sight corrections, or be positioned to serve as a windbreak
- B4.2.2 All scores shot as a member of a Team can be considered for individual records as long as that shooter was not coached during the match

B5 Range Commands

B5.1 Firing line commands

- B5.1.1 When ready to start firing an event, the CRO calls the squad to the firing line. Specific instructions particular to the event being shot will be clearly and consistently announced. If there are mixed firearm types on the firing line, any differences in Event Conditions between them will be emphasised
- B5.1.2 In the interests of achieving consistency and to avoid confusion among competitors, after the initial commands for loading and preparation (which are contained in the event conditions in Section C) all events will, as far as possible, have the same sequence of range commands:

- a. 'LOAD AND MAKE READY'
- b. 'ARE YOU READY?' Silence will be taken as agreement – any competitor who is not ready should call 'NOT READY' and raise one arm, after which the Chief Range Officer will confirm 'NOT READY CALLED' and wait for the competitor to sort things out before proceeding with another call of 'ARE YOU READY?'
- c. 'STAND BY' and the targets turn away (if turning targets are in use)
There is then a delay of between 3 and 7 seconds (variable in some events)
When the targets start to face the firing line, or when an audible signal is given, firing may commence
- d. When the targets turn away, or when an audible signal is given, firing must cease immediately. Even if a competitor is about to let off a carefully aimed shot they must hold fire. The CRO will give the order "UNLOAD AND SHOW CLEAR", after which the ROs will check to make sure that all firearms are unloaded and holstered or cased. The ROs will then report their part of the range clear to the CRO. When all ROs have reported clear, the CRO will declare the range clear and give permission for ROs and competitors to go forward in order to score and replace targets as necessary
- e. 'STOP, STOP, STOP' On hearing this command – at ANY point during the event – the competitor must cease shooting immediately, continue to point the gun in a safe direction, keep their finger away from the trigger and wait for further instructions. (Note that anyone on the range can, and should, call STOP STOP STOP if they become aware of a potential safety issue.)

B5.2 Repeating commands

B5.2.1 An RO may repeat the CRO's commands, especially when those commands cannot be clearly heard by shooters under their supervision

B6 Positions

B6.1 Ready position

B6.1.1 The ready positions for GRSB and GRFC are:

- a. **45 degrees:** The rifle is loaded with a round in the chamber and held in both hands with the butt in the shoulder and the barrel pointing towards ground at an angle of 45 degrees
- b. **Parallel:** The rifle is loaded with a round in the chamber and held in both hands parallel to the ground, pointing at the target array, at waist height
- c. **Trail:** The rifle is loaded and held parallel to the ground in the strong hand only, arm extended. Normally for this start position the gun will have an empty breech, i.e. loaded but not made ready
- d. **Benchrest:** The rifle is loaded with a round in the chamber, parallel to the ground, pointing at the target array with the butt in the shoulder. The competitor's head must be upright, looking over the sight. The weight of the rifle must be fully supported by the rest

- B6.1.2 The ready positions for LBP are:
- a. **45 degrees:** Loaded with a round in the chamber, slide forward, hammer cocked, held pointing towards the ground at an angle of 45 degrees
 - b. **Holstered Loaded:** Slide forward, hammer down, chamber empty, charged magazine inserted, in a holster. The competitor must stand erect with arms hanging at the sides. The competitor's hands may not touch the gun or holster before the signal to start firing
 - c. **Holstered Ready:** Slide forward with a round in the chamber, hammer cocked, safety catch applied, charged magazine inserted, in a holster. Otherwise as for B6.1.2(b) above

- B6.1.3 The ready positions for LBR are:
- a. **45 degrees:** Loaded and held pointing towards the ground at an angle of 45 degrees. Hammer may be cocked if course of fire allows single-action shooting for current stage/practice
 - b. **Holstered:** Loaded, hammer down, in a holster. The competitor must stand erect with arms hanging at the sides. The competitor's hands may not touch the gun or holster before the signal to start firing

B6.2 Moving between positions

- B6.2.1 The rules for each event are shown in the relevant event conditions. Some practices require the competitor to start in the standing position but then adopt a different (e.g. sitting, kneeling) position when the targets face to indicate the start of the practice. In such cases, the competitor should:
- a. Load but not make ready in the standing position
 - b. When a target faces, adopt the shooting position, then make ready and shoot
- B6.2.2 Some practices require the competitor to move between shooting positions during the practice (e.g. kneeling to sitting, sitting to standing). In such cases the gun must be empty and locked open, with any detachable magazine removed, when moving; LBRs must have the cylinder empty and open. NB this rule does not apply when changing a firearm between hands/shoulders during a practice
- B6.2.3 Failure to follow these rules will normally result in a procedural penalty (A3.7.4). However, if an RO believes the competitor acted unsafely then the competitor may be subject to disciplinary sanction (A4.13) instead

B6.3 Prone

- B6.3.1 The prone position is generally used with LBP and LBR, and then only on ranges where it is specifically permitted by range regulations. The body is extended on the ground parallel to the line of sight, head towards the target
- B6.3.2 The "roll-over" prone position may also be used as long as the body is extended on the ground generally parallel to the line of sight and the position does not interfere with another competitor
- B6.3.3 The revolver or pistol but may not touch the ground, but may be supported by one or both hands which may touch the ground, and which are extended towards the target

B6.4 Sitting

B6.4.1 The buttocks must be on the ground. A hand may be extended to the rear for support and one or both knees may be raised. Elbows may not touch the ground and the back cannot rest on the ground. Arms or hands may be supported on or by the knees. The gun may be held by one or both hands, but may not be supported or steadied by either foot

B6.5 Kneeling

B6.5.1 *Either* Kneeling on one knee, the other extended toward the target. The buttocks may be on a heel or the side of a foot but cannot touch the ground. One arm may be supported on the forward knee

B6.5.2 *Or* Kneeling on both knees, the buttocks clear of the ground, though they may rest on the heels. The arms are extended without other support

B6.6 Standing unsupported

B6.6.1 Standing. All portions of the shooter's clothing, body and gun must be clear of artificial support

B6.7 Foot Fault Lines

B6.7.1 Foot fault lines may be indicated by various means such as painted lines, ropes, batons, bars, posts or other types of markers. Depending on the event foot fault lines may be parallel and/or perpendicular to the target line

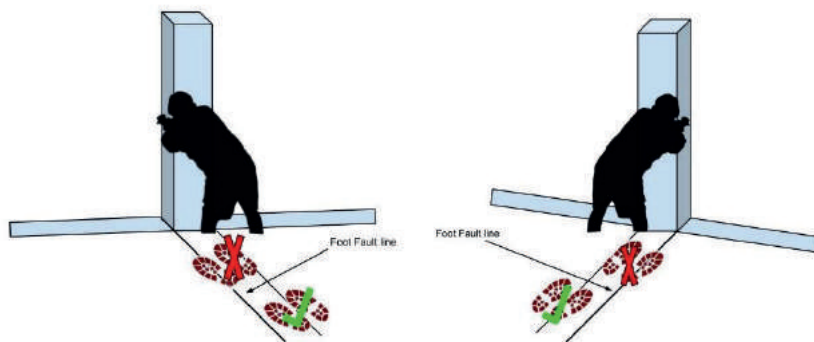

B6.7.2 In the case of any sort of marked line feet may be on the line but not extend past the outer edge of the line unless event conditions allow

B6.8 Using a barricade

B6.8.1 The barricade should be placed on and essentially be part of the firing line. No part of the shooters body (including hands) or equipment (except the gun) may be forward of the barricade unless event conditions allow. No part of the gun may touch the barricade unless event conditions allow. Perpendicular foot fault lines extend from the barricade perimetres to the rear and must be adhered to as described in B6.7

B6.8.2 When shooting on the left of the barricade the gun must be held with the left hand and only the left trigger finger may be in the trigger guard. When shooting on the right of the barricade the gun must be held with the right hand and only the right trigger finger may be in the trigger guard. Either the shooting hand or the gun may be supported by the other hand; if the support hand is removed, it must still be possible to fire the gun

B6.9 Benchrest

B6.9.1 Competitors fire from a seated position using a bench or table. The fore-end of the rifle is supported by a bipod or rest. The butt of the rifle must be in the shoulder and may not rest on the bench or be supported by a rest

B6.10 Alternative Positions

B6.10.1 Competitors who are physically unable to adopt a position specified in a particular course of fire can apply to use an alternative position (see A3.5)

B6.11 Handguns – One or both hands

B6.10.1 Where strong/ weak/ right/ left hand is specified in the course of fire, the LBP/ LBR must be held in the specified hand. Unless the course of fire for an event specifies that one hand ONLY may be used, competitors may always use both hands to hold the gun if they wish to do so

B7 Firearm and Ammunition Malfunctions

B7.1 Unless otherwise specified in the event conditions, no reshoots will be allowed for defective firearms or ammunition, or for any other malfunction of the competitor's equipment. A competitor may clear stoppages or malfunctions, and may replace rounds which have been ejected or dropped, provided that all safety requirements and event conditions have been met. Completing a Course of Fire in this manner will not be regarded as a reshoot. No additional time will be allowed. A fully charged magazine may be used to substitute for dropped rounds, or in the case of a malfunction, regardless of the number of rounds already fired

B8 Scoring

B8.1 When to score

B8.1.1 If an event is divided into stages, practices, matches or series then targets should usually be scored at the end of each stage, practice, match or series. If an event has a walkdown procedure, then scoring happens at the end of the event

B8.1.2 After firing the required number of shots, upon command of the CRO, competitors may go forward and examine, but not touch, their targets

B8.2 Who can score

B8.2.1 Targets may be scored by an RO, a Stats officer or (when so directed by an RO) another competitor. No competitor may score their own target

B8.3 Where to score

B8.3.1 Targets may be scored on the target frames, behind the firing line or in the Statistical Office

B8.3.2 When targets are scored before removal from the frame, the scorer records the hits and has the score accepted by the competitor, using the challenge process if necessary. Each target is then repaired or replaced by a new target

B8.4 How to score

B8.4.1 If the edge of a shot hole comes in contact with the scoring ring of a target, the shot is given the higher value (inward gauging)

B8.4.2 A shot hole will be scored as a hit provided that it measures no more than one and a half (1½) times the diameter of the bullet. Any shot hole which is more than 1½ times the diameter of the bullet will be scored as a miss

B8.4.3 When a bullet enters a target from the back it will be scored as a miss

B8.4.4 Hits outside the scoring rings are scored as misses

B8.4.5 Any bullet which does not pass through the target will be scored as a miss

B8.4.6 Hits on the wrong target will be scored as misses

B8.4.7 A hole judged to be made by a ricochet bullet will be scored as a miss. However, a ricochet from another shooter will not affect the competitor's score

B8.5 Gauging

B8.5.1 A scoring overlay gauge may be used by any scorer to determine the value of close shots. Plug-type gauges may only be used by meeting officials. The plug type scoring gauge, if used, will remain in the shot hole until the shot value is agreed upon by the competitor and the scorer, or until removed after a challenge. If the plug type scoring gauge is removed prior to an agreement of shot value, the shot hole may not be re-plugged and must be taken to a Jury (see B10.2)

B8.6 Early / late shots

- B8.6.1 If any shots are fired at the target before the signal to commence firing (early shots) or after the signal to cease firing (late shots), the shots of highest value equal to the number fired in error will be scored as misses
- B8.6.2 Where a shot timer is used to give the signal to cease firing, any shot fired and recorded up to and including three-tenths (0.3) of a second after the signal to cease firing will be scored as a hit
- B8.6.3 All shots fired by the competitor after they take position at the firing point will be counted in their score, even if accidentally discharged, provided that they are not either early or late shots

B8.7 Too many / too few shots

- B8.7.1 As a general rule only those hits which are visible will be scored. An exception will be made in the case where the groupings of 3 or more shots are so close that it is possible for a shot or shots to have gone through the enlarged hole without leaving a mark and there has been no evidence that a shot or shots have gone anywhere other than through the assigned target. In such a case, the shooter will be given the benefit of the doubt and scored hits for the non visible shots on the assumption they passed through the enlarged hole. If such assumption should place a non-visible hit in either of 2 scoring rings, it is scored in the higher-valued ring
- B8.7.2 If more than the required number of hits appears on the target, any shot which can be identified by the bullet hole as having been fired by some competitor other than the competitor assigned to that target, or as having been fired in a previous string, will be disregarded. If more than the required number of hits then remains on the target, the score given will be that for the required number of hits with the highest scoring values. If the competitor believes that the result achieved by using the highest scoring hits would result in an inappropriate reclassification, they may elect to have the required number of hits with the lowest scoring values recorded instead
- B8.7.3 If a competitor fires more than the prescribed number of shots through their own fault the lowest counting shots equal to the correct course of fire only will be counted
- B8.7.4 If a competitor fires less than the prescribed number of shots through their own fault, and there are more hits on the target than the shots fired, they will be scored the number of shots of highest value equal to the number fired and given a miss for each unfired shot

B8.8 Scorer's duties

- B8.8.1 The scorer will call out the number of shots of each value for the competitor to record

- B8.8.2 At the end of the event, the scorer will:
- a. Ensure the competitor has fully completed the Stats portion of the scorecard (GRID, Name, all shot values for all practices)
 - b. Sign the card
 - c. Ensure the competitor signs the card
 - d. Ensure the competitor hands the card to the RO

B8.9 Competitor's duties

B8.9.1 The competitor will record on their scorecard the number of shots of each value as called by the scorer

- B8.9.2 At the end of the event, the competitor will:
- a. Fully complete the Stats portion of the scorecard (GRID, Name, all shot values for all practices), copying across from the Competitor portion of the card where necessary
 - b. Sign the card
 - c. Ensure the scorer signs the card
 - d. Hand the card to the RO for submission to the Statistical Office

B8.10 Scorecards

- B8.10.1 A scorecard will be issued for each event entered. The majority of scorecards require only that the number of hits of each value be recorded – calculation of actual scores will be carried out by Stats. The Stats portion of each card must be completed, signed by both the competitor and a scorer, and handed to the RO for submission to Stats. When a competitor feels that a shot fired by themselves or by another competitor has been improperly evaluated or scored, they may make a challenge. Such a challenge must be made immediately upon announcement of the score and resolved on the range
- B8.10.2 Erasures on scorecards are not permitted. If correction is necessary, it must be made and initialled by the scorer. To make corrections, the scorer should draw a line through the incorrect figure and place the correct figure alongside

B9 Ties

B9.1 Individual events

B9.1.1 The tie-break rules for each event are shown in the relevant Event Conditions

B9.2 Team events

B9.2.1 Ties in team events will be broken in the order shown below:

- a. By considering team score as though it was a single score fired by an individual. The same rules apply as those for an individual
- b. By highest individual aggregate score
- c. By second highest individual aggregate score
- d. ... etc

B10 Challenges and Protests

B10.1 Challenges

B10.1.1 When a competitor feels that a shot has been improperly evaluated or scored, they may make a challenge. Such challenge must be made immediately upon announcement of the score. See B8.5 for use of gauges. No challenge will be accepted after the target has been handled by the shooter

B10.1.2 When targets are scored on the target frames, or at a prescribed location behind the firing line, and scoring of a shot is challenged the CRO will immediately call a Jury (see B10.2) who will score the target. If necessary, to avoid delaying the event, the challenged target will be replaced with a clean target and the event will proceed. The Jury will then score the target as soon as possible and notify the competitor

B10.1.3 When targets are scored in the Statistical Office, a recheck will be made by the Chief Statistical Officer (provided they have not previously scored or checked the target) and the Jury in that order

B10.1.4 Competitors may challenge their own posted scores within a period specified for the particular event

B10.1.5 The Meeting Director may challenge any competitor's score. Such challenge must be made within the challenge period and checked by a Jury

B10.2 Jury

B10.2.1 A Jury of three persons of good standing shall be appointed, as required, by a CRO or by the Meeting Director. The three will be chosen from those with good knowledge and experience of the Rules and Conditions who are not in any way personally involved in the decision

B10.3 Protests

B10.3.1 A competitor may formally protest any injustice which they feel has been done to them (except the evaluation of a target which may only be challenged as outlined above)

B10.3.2 A protest must be initiated immediately upon the occurrence of the protested incident. Failure to comply with the following procedure will automatically void the protest:

- a. State the complaint orally to the CRO. If not satisfied with the decision then:
- b. State the complaint orally to the Meeting Director

B10.4 Challenges and protests in team events

B10.4.1 Team challenges and protests must be made by the Team Captain. Team members who believe they have reason to challenge or protest will state the facts to their Team Captain, who will make the official challenge or protest if they feel such action to be justified

B11 Results

B11.1 Posting results

B11.1.1 Interim results will be posted throughout the meeting. These may be used as the basis for challenges (see B10.1). Challenges to Interim results can be made at any time

B11.1.2 Provisional results will be posted as soon as possible after the end of shooting at each Meeting, along with a deadline for challenges

B11.1.3 Challenges received after the posting of Provisional results will be handled as follows:

- a. If the challenge reveals an error made by the Statistical Office, or by any Meeting official, the challenge will normally be upheld:
- b. If the challenge reveals an error made by the competitor, the challenge will not normally be upheld

The Meeting Director's decision is final for all challenges

B11.1.4 Once the challenge deadline has expired, and any challenges have been addressed, Final results will be posted

B11.2 Changing final results

B11.2.1 The final results shall not be changed except on authority of the Meeting Director. Such changes may arise from such issues as:

- a. Typographical errors
- b. Errors in classification of competitors, the competitor having been advised of such error and of their correct classification
- c. Disqualification or Expulsion of competitors as provided for by the rules

B11.3 Prizes and Trophies

B11.3.1 Prizes will be awarded to first, second and third places in each event and class subject to entries. If there are five or fewer entries only a first place prize will be awarded. If there are six to ten entries a second place prize will be awarded. If there are eleven or more entries a third place prize will be awarded

B11.3.2 Should there be only one entry in any event or class no prize will be awarded

B11.3.3 In a classified event, any trophy will be awarded to the competitor with the highest score regardless of their classification

B11.4 Retention of scorecards

B11.4.1 Chief Stats will ensure that all completed scorecards are retained for 30 days after the end of the meeting

B12 Classifications

B12.1 Classifications

B12.1.1 Classifications are earned each time you compete in a classified event (numbers 07, 09, 11, 13, 15, 16, 17 and 19)

Classifications are specific for each gun type (GRSB, GRCF Standard, LBP and LBR) in the classified events. The class in which a competitor is placed depends on the highest score achieved in the three years prior to the current meeting. Prizelists for these events will be split based on classifications, so competitors of similar abilities will be competing against each other

B12.1.2 There is no unclassified class. When a competitor shoots an event for the first time, their event score will determine their classification for that event going forward

B12.1.3 The minimum qualifying scores for each class for each event are to be found in the relevant Course of Fire in Section C

B12.1.4 A database of the results of all classified events will be maintained and revised as necessary

B12.1.5 If you are unsure about your classification or Gallery Rifle ID number (GRID) you can check it via the on-line database at www.galleryrifle.com or via the NRA. Please contact the NRA at competitions@nra.org.uk

B12.2 Classified event

B12.2.1 A fully classified event is one which follows all the relevant Rules and Conditions in this Handbook, and hence from which scores are counted for the purposes of updating classifications and records (see D2). Awards are given by class. If the classes are not fully used (e.g. two or more are combined for award purposes) this must be specified in the meeting conditions

B12.2.2 A partially classified event is one which follows the Rules and Conditions in this Handbook but does not award prizes based on classification. Scores from such events will be used to update classifications and records

B12.2.3 An event which varies from the Rules and Conditions in this Handbook in any way will not be used to update classifications or records.

B12.3 Competing in a higher class

B12.3.1 Any competitor may elect to compete in a specific event under a higher classification than that which they possess. The Statistical Office must be informed of this at the earliest opportunity

B12.4 Appeals

B12.4.1 Any competitor having reason to believe that are improperly classified may submit an appeal to the Meeting Director

B13 Range Standards

B13.1 Firing line

B13.1.1 The firing line is immediately in front of the firing points. All ranges are measured from this firing line to the face of the targets when targets are hung in their proper firing position in front of the backstop

B13.2 Firing point

B14.2.1 That part of the range provided for the competitor immediately to the rear of the firing line from which firing takes place. Each firing point is numbered to correspond with the target frames. It is recommended that each firing point has a minimum width of 1.8 metres

B13.3 Shelter

B13.3.1 The firing points of outdoor ranges may be covered and enclosed on three sides, open toward the targets. There must be ample room for meeting officials to move freely to the rear of the shooters. This does not preclude the construction of ranges within areas surrounded or partially surrounded by safety walls

B13.4 Illumination

B13.4.1 Ranges may be artificially illuminated

B13.5 Target numbers

B13.5.1 Target numbers should always be used, where possible target frames should be numbered on alternating backgrounds of contrasting colours. The numbers will be large enough to be identified with the naked eye under ordinary light conditions from all shooting distances. Numbers must correspond in some way with the firing point numbers. Target numbers will be fixed in position so as to remain visible, from all shooting positions, when the targets are exposed

B13.5.2 No other markings of any kind are allowed on targets

B13.6 Event specific range equipment

B13.6.1 Some events require specific items of range equipment – this is specified in the relevant event conditions

B14 Open Meetings

B14.1 Definition

B14.1.1 An Open GR&P meeting may be hosted by any shooting organisation on any suitable range

B14.1.2 To qualify as Open, the meeting must be advertised to the GR&P community and entries must be accepted from any GR&P shooter, subject only to any disciplinary restrictions, up to the available capacity of the meeting

B14.1.3 It is highly desirable, but not essential, for an Open meeting to be either fully classified (B12.2.1) or partially classified (B12.2.2)

C - Event Conditions

C1 General

C1.1 Purpose

C1.1.1 This section of the Handbook describes the courses of fire for all the GR&P events shot competitively at national level in the UK

C1.2 Event Numbering

C1.2.1 Events are identified by a four-digit number. The first two digits define the event type and the second two define the gun type, as shown in the tables below

C1.2.2 Note that, for completeness, the tables include event and gun types which are sometimes used within GR&P meetings (particularly the annual Phoenix Meeting) but which do not fall within the governance of the GR&P discipline.

Event Numbers:	1021: LBP	1022: LBR
Targets:	TP3	
Sights:	Any	
Positions:	Standing Unsupported, Standing Using Barricade, Kneeling, Sitting	
Ready Position:	Surrender Position: standing, hands held either side of and at the level of the shooter's head, or touching the shooter's head LBP: Holstered Loaded, hammer down on an empty chamber LBR: Holstered, hammer down on an empty chamber	
Course of Fire:	This event takes approximately 30 minutes to complete It requires 50 rounds The maximum possible score is 250 There is a maximum shooting time of 5 minutes 30 seconds allowed for the whole event. Each competitor will be supervised by a Range Officer with a timer to monitor their total shooting time The timer is started when the targets appear for each practice and is stopped when the firearm is holstered at the end of each practice and hands are returned to the surrender position. The competitor may ask how much time remains once only during the whole event. Once the shooting time has elapsed, the competitor will be stopped	
Practice 1:	10 metres, 10 shots (including reload) in 15 seconds on main target, standing unsupported On completion, holster empty firearm and return to Surrender Position; the RO will clear the firearm after the timer has been stopped	
Practice 2:	25 metres, 10 shots in an unlimited time on main target (subject to the maximum overall time of 5 minutes 30 seconds) Start in the Surrender Position with the firearm unloaded and holstered 5 shots right hand standing using barricade, LBR double action only 5 shots left hand standing using barricade, LBR double action only On completion, reload and holster with hammer down on an empty chamber and return to Surrender Position	

- Practice 3:** 25 metres, 10 shots in an unlimited time on main target (subject to the maximum overall time of 5 minutes 30 seconds)
5 shots kneeling
5 shots sitting
On completion, reload and holster with hammer down **on an empty chamber** and return to Surrender Position
- Practice 4:** 20 metres, 5 shots in an unlimited time on main target (subject to the maximum overall time of 5 minutes 30 seconds), kneeling
- Practice 5:** 15 metres, 5 shots in 10 seconds on main target, standing unsupported
On completion, reload and holster with hammer down **on an empty chamber** and return to Surrender Position
- Practice 6:** 10 metres, 10 shots in an unlimited time (subject to the maximum overall time of 5 minutes 30 seconds)
5 shots on one ring target, standing unsupported, strong hand only (the weak hand can be used to rack the firearm and to clear jams)
5 shots on the other ring target, standing unsupported
On completion, holster empty firearm and return to Surrender Position; the RO will clear the firearm after the timer has been stopped

Range Commands: The general rules apply with the addition of the following initial command. Having made sure that the range is clear, the CRO commands 'WITH FIVE ROUNDS, LOAD AND HOLSTER'

Loading: All ammunition for the entire event must be carried on the competitor's person, either in a pocket or pouch. (i.e. belt loops, magazine pouches, etc. cannot be used). A pocket can be a pouch attached to a belt – as long as it's of loose fabric, a hand can physically fit inside and ammunition is loose within the pouch, it is acceptable. There should be no artificial inserts, sleeves, holders or stiffeners or any type of device that holds magazines inside or attached to the competitor's ammunition pockets

The competitor may carry more ammunition than is required to complete the event, i.e. spare rounds, provided they are carried as specified above. When a competitor recharges a magazine, speedloader or moon-clip during a Practice, the firearm must first be holstered; it must be empty (no round in the chamber, no magazine inserted) when this is done

Magazine, Speedloaders and Moon-Clips:

A maximum of two pistol magazines may be carried on the competitor during the event

A maximum of one speedloader may be carried on the competitor during the event

As many moon-clips as wanted may be carried on the competitor during the event

A dropped round, magazine, moon-clip or speedloader may not be retrieved. The competitor may start Practice 1 with two charged magazines or moon-clips. For all other Practices, **only one active magazine or moon-clip may be in use (with no more than 5 rounds) at any time**

Equipment:

A holster **must** be used

The competitor may not use any form of timing device

Range Equipment:

A barricade will be provided for the standing supported position at 25 metres for Practice 2. It should be a wooden post, square or rectangular in section, fixed on the firing line and sufficiently strong to remain immobile. It should ideally be at least 100mm square and two metres in height

Changing Positions:

Firearms must be unloaded when moving between shooting positions. All rounds and cases must be ejected before moving. LBP must have the slide back and the magazine removed, LBR must have the cylinder open. These conditions do not apply when moving the firearm between hands in the standing position

Scoring:

The target will be scored at the end of Practice 1 and at the end of Practice 6 but not at the end of Practices 2-5

In scoring Practices 2-5, the highest scoring hits up to the correct number specified in the Course of Fire will count. Excess hits will be disregarded

Ties:

Tie breaking rules shall be applied in the order listed below:

- a. By the highest score in Practice 6
- b. By the combined scores for Practices 2-5

Procedural Penalties:

In addition to the usual procedural penalties, the following apply in this event:

- a. Moving between shooting positions during a practice without following the correct rules for this (B6.2)
- b. Allowing part of the firearm to make contact with the barricade when firing
- c. Touching any part of the barrel with either the firing hand or supporting hand when firing using the barricade

RFD CustomFirearms

(A division of Rude Fat Dog)

The 1894 is the Gallery Rifle underlever of choice and Match tuning of the under levers is our speciality. We also stock a large number of spares and accessories.

RFD LBR's are based on the Smith & Wesson frame. Our standard models are produced as 'K' or 'L' frame versions. Custom models based on the 'N' frame are available in 6 or 8 (certain calibres) shot configurations and some models are available cut for 'moon clips'. .38 or .38/.357 are standard calibres however, 9mm, .44 Rem. and .45 ACP are available to special order.

Our Match Grade .22LR Self Loading rifles are our flagship product and based on the 10/22© platform. These Match Grade builds are second to none and have been supplied worldwide. A superb product at an affordable price.

An RFD converted Buckmark with a Carbon Fibre shrouded Match Barrel. Our barrels are manufactured 'in house' using Lothar Walther blanks. Our Match Grade LBP's are incredibly accurate and John Robinson used one on his LBP while gaining new National records. Let RFD convert your Buckmark into a game changing Match LBP.

We can supply all the firearms that you need for shooting Pistol Calibre Gallery Rifle competitions.

NATIONAL RIFLE ASSOCIATION

25th Phoenix Meeting 2022

An Annual Celebration of Shooting Sports
26th – 29th May 2022

Sponsored by Brownells

National Shooting Centre - Bisley

C2 Phoenix Meeting

C2.1 International and Club Teams

C2.1.1 Open to teams of five shooters nominated by a recognised National Shooting Organisation in their own country or from recognised local club teams respectively. 'Scratch' teams with members from different nations or from different clubs (for club teams) are specifically not permitted. The team entry must be made and the team members declared before the start of the meeting. Each shooter must enter the appropriate individual event; the score will carry forward to contribute to the overall team score (i.e. the event is not shot separately for a team score). The top four scores will count. Each member of the team can shoot at any time during the meeting. Gold medals will be awarded to all members of the winning team in each event only. There are two International and Club team events in the Phoenix Meeting. One is an aggregate of Timed & Precision 1 GRSB (0701) and Multi-Target GRSB (1101); the other is an aggregate of the two equivalent GRFC events (0702 & 1102)

C2.2 Phoenix International Match

C2.2.1 Teams of five from the member countries of the International Gallery Rifle Federation (IGRF) are invited to compete in the Phoenix International Match. The competition will consist of a full 1500 GRFC and GRSB.

C2.3 Prizes, Trophies and Grand Master Medals

C2.3.1 Meeting medals will be awarded to first, second and third places in each event subject to the number of entries in each event:

1 Entry:	No medal awarded
2-5 Entries:	Gold medal will be awarded

NATIONAL RIFLE ASSOCIATION

Gallery Rifle National Open Championship 2022

3rd – 4th September 2022

National Shooting Centre - Bisley

C4 Gallery Rifle National Open Championship

C4.1 Home Countries Match

- C4.1.1 The format of the competition shall be as independent GRSB and GRFC T&P1 and MT matches shot in a single head-to-head competition, with an overall aggregate for the main trophy
- C4.1.2 Individual prizes may be awarded for the individual GRSB/GRFC matches
- C4.1.3 Competing team members shall be current members of their respective Home Country shooting associations
- C4.1.4 Teams shall comprise a maximum of 10 individual shooters for each country with 5 per GRSB & GRFC team [with 4 individual scores per team to count]
- C4.1.5 Where countries cannot raise a team of 10 individual shooters, a minimum of 8 individual shooters will be allowed, with 4 per GRSB and GRFC team
- C4.1.6 Any derogations below the 8 individual shooters, where the numbers in each team may have to be made up by allowing individuals to shoot for both the GRSB & GRFC teams, will be at the discretion of the Meeting Director, and in agreement with the respective team captains. The team score in this instance may not be counted towards the overall aggregate
- C4.1.7 Teams should be declared as far as practical in advance of the meeting and MUST be declared before any team member shoots the relevant event(s)
- C4.1.8 Teams can nominate reserves in advance, but can only substitute them on the day of the match with the approval of the MD
- C4.1.9 An independent MD shall be appointed to oversee each Home Countries Match. This person shall not be actively representing their home country at the time of the respective match
- C4.1.10 Each country shall nominate a non-shooting scorer to assist with the resolution of any contested scores/cards
- C4.1.11 The date and time for the prizegiving is dependent upon the location of the match, and is to be agreed by the MD and the competition organiser
- C4.1.12 Separate LBP and LBR Home Countries matches may also be shot. These will follow the conditions above except that they will be concurrent with the relevant individual events, i.e. the teams will not shoot shoulder-to-shoulder

D2 National & Phoenix Records

D2.1 Overview

D2.1.1 Two types of record are maintained:

- a. National Records [NR]: These are maintained only for the classified events. National records can be set at any fully or partially classified meeting in the United Kingdom
- b. Phoenix Records [PR]: These are maintained for all events shot at the annual Phoenix meeting. Phoenix Meeting Records are shown for all events, except where event conditions have changed in the current year

D2.2 Qualifying scores

D2.2.1 In order for records to be recognized, reports of the scores must be submitted to the classification organiser by the Chief Statistical Officer of the meeting in which they were fired

D2.2.2 Scores fired during re-entry events cannot be used to establish records

D2.2.3 Scores must be complete scores for an entire event. Practice, match or stage scores, or scores for only part of an event, will not be used for records

D2.2.4 Scores must be fired in accordance with the standard conditions for the event. Any score fired with any change in conditions, e.g. being coached as part of a team (see B4.2) or using an alternative position (see A3.5), will not be considered for records

The image features a Vortex spotting scope mounted on a tripod in a natural setting at sunset. The Vortex logo, a stylized 'V' with 'VORTEX OPTICS' text below it, is overlaid in the top left. The scope is black with 'VORTEX' branding on the eyepiece. The tripod is also black with 'VORTEX' on the legs. The background shows a sunset over a field with dry grass and some green shrubs.
