Our Vision – Everyone Can Swim

The **Scottish Amateur Swimming Association** (SASA), founded in 1888, is the National Governing Body for Artistic Swimming, Diving, High Diving, Masters Swimming, Open Water Swimming, Swimming and Water Polo in Scotland. Following a review of governance arrangements, Scottish Amateur Swimming Association Limited (SASA Ltd) was incorporated as a private company limited by guarantee without share capital on 27 March 2003 and a Board of Directors appointed to oversee the company on behalf of SASA. The trading name of the company is **Scottish Swimming** and that name is now commonly used to describe the Governing Body.

In 2010, the Company Articles were updated to comply with the Companies Act 2006. This meant that the Company no longer needed to hold an AGM. The decision was taken to hold a single AGM which incorporated the SASA AGM, the Congress and the relevant parts of the Company AGM. Although the governance for this AGM lies within the SASA Constitution, the new AGM was named the “Scottish Swimming AGM” to reflect that it included items relevant to both SASA and SASA Ltd.

Our Mission

To inspire our members and partners in the development of aquatics, providing leadership and expert support, resulting in more people taking part and reaching their full potential.

Our Strategic Objectives

- To support and develop stronger, more sustainable clubs that will provide increased and quality opportunities for people to participate at all levels.

Scottish Swimming works with, and for our members. Everything we want to achieve happens in partnership with local and national organisations supporting and working with us.

This Information Guide sets out “who does what” within Scottish Swimming; key dates in the swimming calendar; procedures on topics such as how to complain and on wellbeing and protection; Scottish Swimming fees; and full governance documentation. A full list of topics covered in the Information Guide is set out on the Contents page. The British Swimming Medical Declaration form has been removed from use and circulation as of 1st January 2016. If we require an athlete to complete the form it will be sent via the Home Nation's admin team upon selection. For the rest of the Scottish Swimming/Swim England/Swim Wales membership the form is no longer required to be completed and forms no part of doping control at any event. Please see the anti-doping points below for further anti-doping advice.

- All athletes (of any level) are required and responsible for checking their own medications. This must be done via the WADA approved website: www.globaldro.com
- Globaldro.com result searches must be stored and saved by the individual athlete
- It is recommended the searches are repeated throughout the year as the prohibited list can change at any time and in turn medication status can change
- If a result (either in or out of competition) shows a PROHIBITED result then a TUE is required
- The Therapeutic Use Exemption (TUE) process is a means by which an athlete can obtain approval to use a prescribed prohibited substance or method for the treatment of a legitimate medical condition
- For World Class funded athletes they must apply for a TUE that is valid at all times
- For non-funded athletes they must apply for a RECTROACTIVE TUE
- The RECTROACTIVE TUE application must be submitted no longer than five days post the receipt of an adverse analytical finding (AAF). Typically, an athlete will receive a letter by courier to confirm an AAF and inform them of the requirements to apply for a retroactive TUE for the prohibited substance detected in their sample. The NGB or UKAD may also contact the athlete to make them aware that this correspondence is on its way, in relevant circumstances

Both TUE and RECTROACTIVE TUE applications, should be made with the prescribing physician, stating that the criteria and medical evidence needed by the Therapeutic Use Exemption Committee (TUEC) can be met before the athlete uses any prohibited substance or method

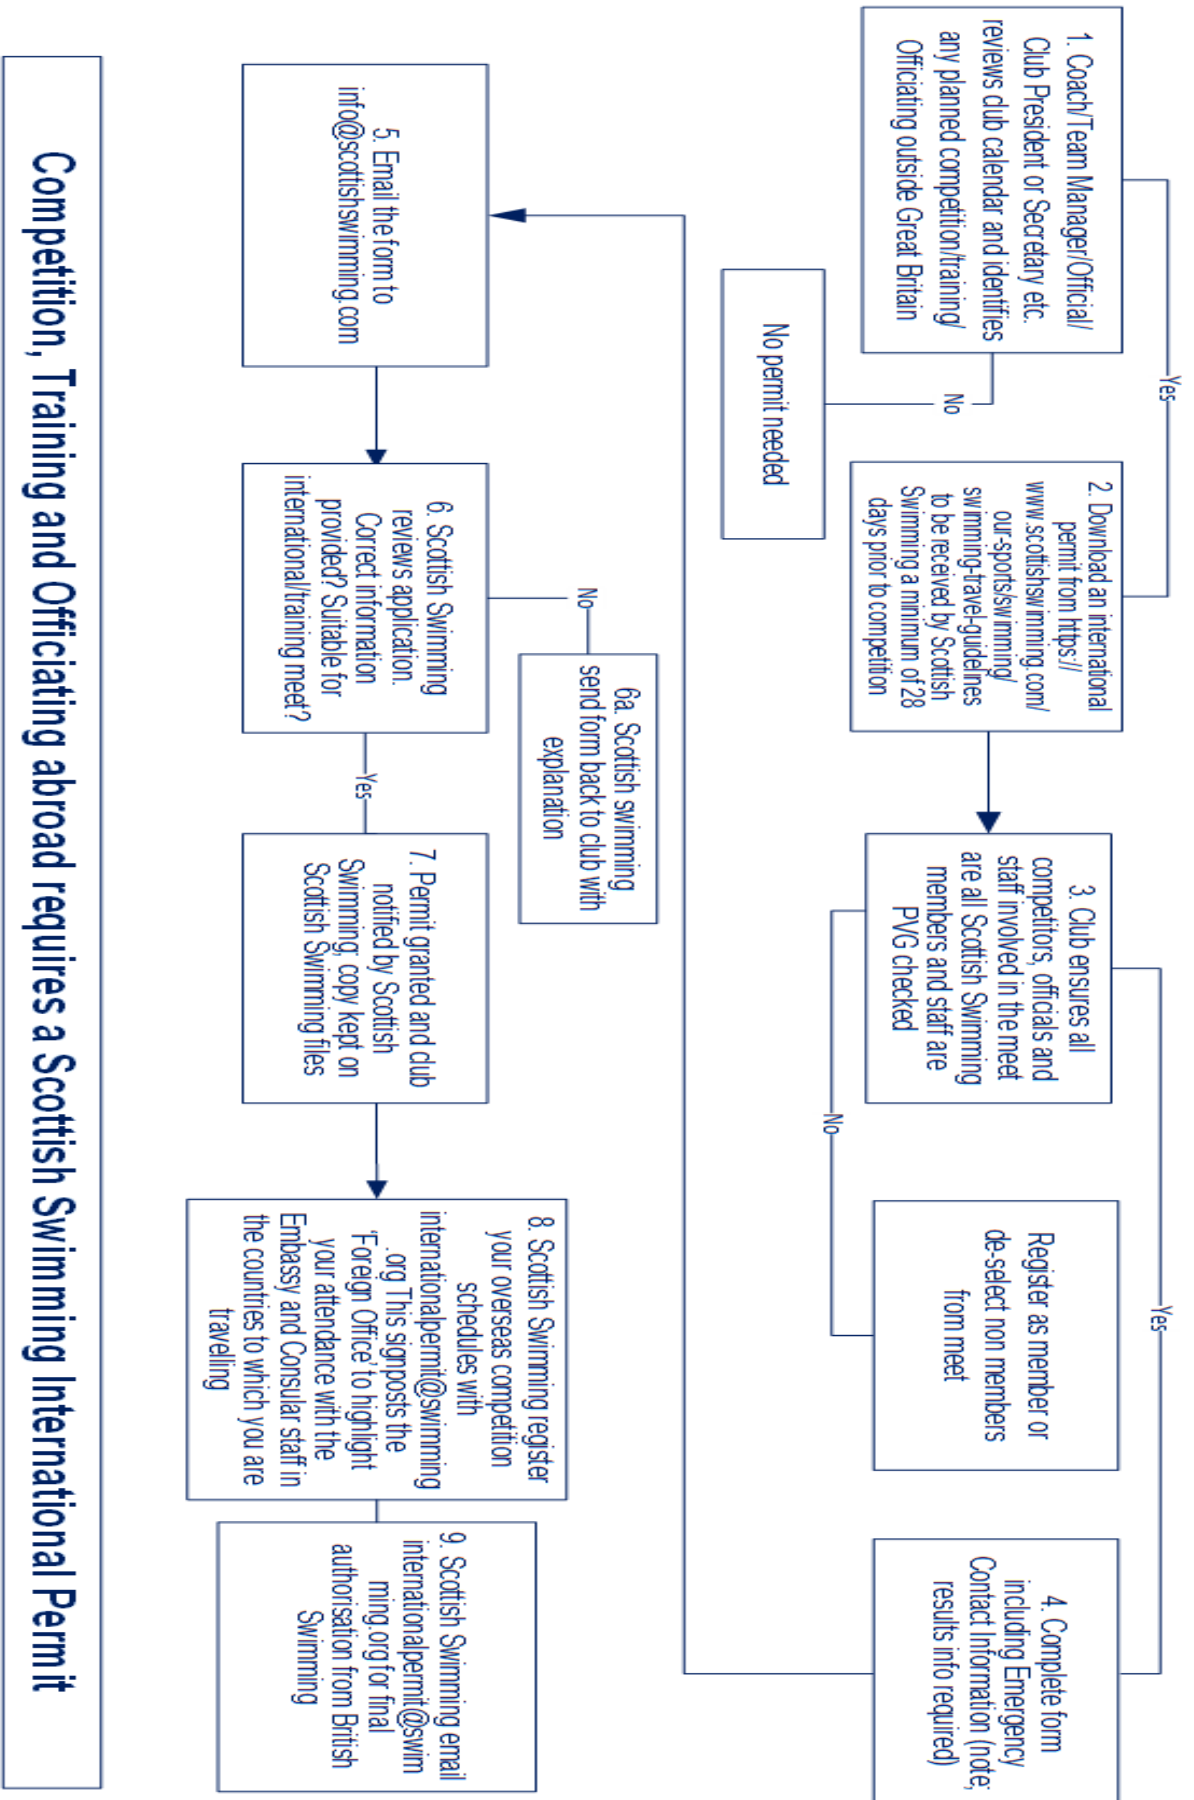

- If an athlete does take medications, it is recommended that the name, dosage, frequency is recorded on a media that an athlete can access at all times (particularly on poolside) i.e. written and kept in their kit bag or on their phone etc, so should they be called into doping control, they have the medication information on hand to submit on the doping control paperwork.
- Refusal of a drug test = Anti-Doping rule violation and ban from the sport.
- An athlete can be tested anywhere, any time (not just at an event)
- Under 18ys must have a chaperone (of their choice) to accompany them into doping control. The chaperone does not have to witness the giving of the sample
- The www.informed-sport.com programme certifies that all nutritional supplements and/or ingredients that bear the Informed-Sport logo have been tested for banned substances by the world class sports anti-doping lab, LGC. Athletes choosing to use supplements can use the search function on the informed-sport website to find products that have been through this rigorous certification process
- Download the FREE APP: Clean Sport for all up-to-date Anti-Doping information, supported by UKAD

If you require any further support, please contact the British Swimming Anti-Doping Compliance Manager: Jane Smith jane.smith@swimming.org or on Tel: 07917 834785.

Introduction

The General Data Protection Regulation (EU) 2016/679 (the GDPR) was introduced in EU Member States on 25th May 2018.

A Brief Overview

Personal data shall be:

1. processed lawfully, fairly and in a transparent manner in relation to the data subject;
2. collected for specified, explicit and legitimate purposes and not processed in a way that is incompatible with those purposes;
3. adequate, relevant and limited to what is necessary in relation to purposes;
4. accurate and kept up to date (where necessary) with reasonable steps to rectify or delete inaccurate personal data without delay;
5. kept in a form which can identify data subjects for no longer than necessary for purposes; and
6. processed in a manner that ensures appropriate security, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

Grounds for processing data

The GDPR sets out the grounds for lawful processing of personal data. Clubs should determine the grounds and ensure these are referred to in the club privacy notice. There are six available lawful bases for processing. No single basis is 'better' or more important than the others – which basis is most appropriate to use will depend on your purpose and relationship with the individual.

1. **Consent:** the individual has given clear consent for you to process their personal data for a specific purpose.
2. **Contract:** the processing is necessary for a contract you have with the individual, or because they have asked you to take specific steps before entering into a contract.
3. **Legal obligation:** the processing is necessary for you to comply with the law (not including contractual obligations).
4. **Vital interests:** the processing is necessary to protect someone's life.
5. **Public task:** the processing is necessary for you to perform a task in the public interest or for your official functions, and the task or function has a clear basis in law.
6. **Legitimate interests:** the processing is necessary for your legitimate interests or the legitimate interests of a third party, unless there is a good reason to protect the individual's personal data which overrides those legitimate interests.

Privacy Notice

Controllers (clubs) must provide data subjects (members) with a privacy notice at the time of collecting data. The privacy notice should specify the following:

- identity and contact details of the Club and Data Protection Officer (if appointed);
- purpose of processing and legal basis;
- legitimate interests of Club or third party, where applicable;
- any recipient or categories of recipients of personal data;
- details of transfers to third country (outside the EU) and safeguards;
- retention period or criteria used to determine retention period;
- existence of data subject's rights, including the right to lodge a complaint with the Information Commissioner's Office; and right to withdraw consent at any time, where relevant.

Consent

If you are asking for consent to process members' data, the GDPR requires that consent:

- must be a clear affirmative action: opt-in rather than opt-out and no pre-ticked boxes;
- should be separate from other terms and conditions and not a precondition of signing up to a service;
- should be specific and 'granular' so that you get separate consent for separate things. Vague or blanket consent is not enough;
- must be easy to withdraw – it must be as easy to withdraw consent as it is to give it. Individuals need to be told that they have the right to withdraw consent.
- Keep evidence of consent – who, when, how, and what you told people.

Support to Clubs

GDPR is embedded into governance sessions and is part of the AquaMark process. For specific queries, you can contact Scottish Swimming's Data Protection Officer at DP@Scottishswimming.com

Support Available for Clubs across Scotland

Clubs remain Scottish Swimming's core membership group, supporting a quality experience for interested athletes wishing to progress in their sports. We believe that strong clubs can offer local communities a vibrant focus for volunteer and athlete development, essential for creating lifelong participants and local and national heroes.

Scottish Swimming wants to support clubs to sustainably grow the active membership of their club, consequently increasing the opportunities they offer and the number of people taking part in club swimming or other aquatic sports. In addition, we want to support clubs to create an environment where the required coaching, practice time and attitudes are fostered and displayed to support the progression of athletes aspiring to world class performance.

The support currently available from Scottish Swimming is designed to help with this through the following resources.

Scottish Swimming's Young Volunteer Programme (YVP) is a national strategy designed to engage and develop our young members between the ages of 13-25.

There are 5 programmes within the YVP and each programme will provide skills, knowledge and support to prepare and deploy young members to help build on Scottish Swimming's incredible volunteer base across all sports and areas of work.

Club Poolside Helper

If you are age 14 upwards you are able to go on a poolside helper course and take back all that you have learned to your club.

The Club Poolside Helper is designed to develop coaches and helpers within a club environment. Becoming a Club Poolside Helper is a great way to stay in the sport and support young members within your club to reach their full potential by assisting at club training sessions.

Young Leader Squad

If you are aged 13-17 years old you are able to apply for the Young Leader Squad and take a lead in supporting members of your club.

The Young Leader Squad is designed to develop Club Captains and improve retention rates. Our Young Leader Squad involves a weekend residential course where you will meet other like-minded young people with a passion for their club and pass on this enthusiasm to younger club members. It's a fun weekend with lots of positive content around becoming a great Young Leader.

Young Technical Official

If you are aged 15-25 years old and have your timekeepers certificate then you are able to apply for the Young Technical Official Programme

The Young Technical Official programme is designed to recruit more technical officials. Becoming a Young Technical Official is a great way for our young members to stay in the sport and there is a whole pathway open to you including Timekeeper, Recorder, Judge 1, Judge 2, Judge 2S and Referee.

Young Events Team

If you are aged 14-25 you are able to apply for the Young Events Team programme.

The Young Events Team programme is designed to support our events. Our Young Event Team programme enables young members in affiliated clubs to join the Events team in planning, creating and delivering successful events. Young Event Team participants will be encouraged and supported to initially attend and help at various events at Club and Regional level across different aquatic sports within their District. The range of events and variety of opportunities alongside attendance at planning meetings will give you a unique opportunity to learn from our experienced events staff and inspire you to find your role in helping plan and deliver these events in the future.

Young Ambassador Programme

If you are aged 16-25 years old you can apply to be a Young Ambassador. The Young Ambassador programme is designed to create a national voice for the youth members in Scottish Swimming.

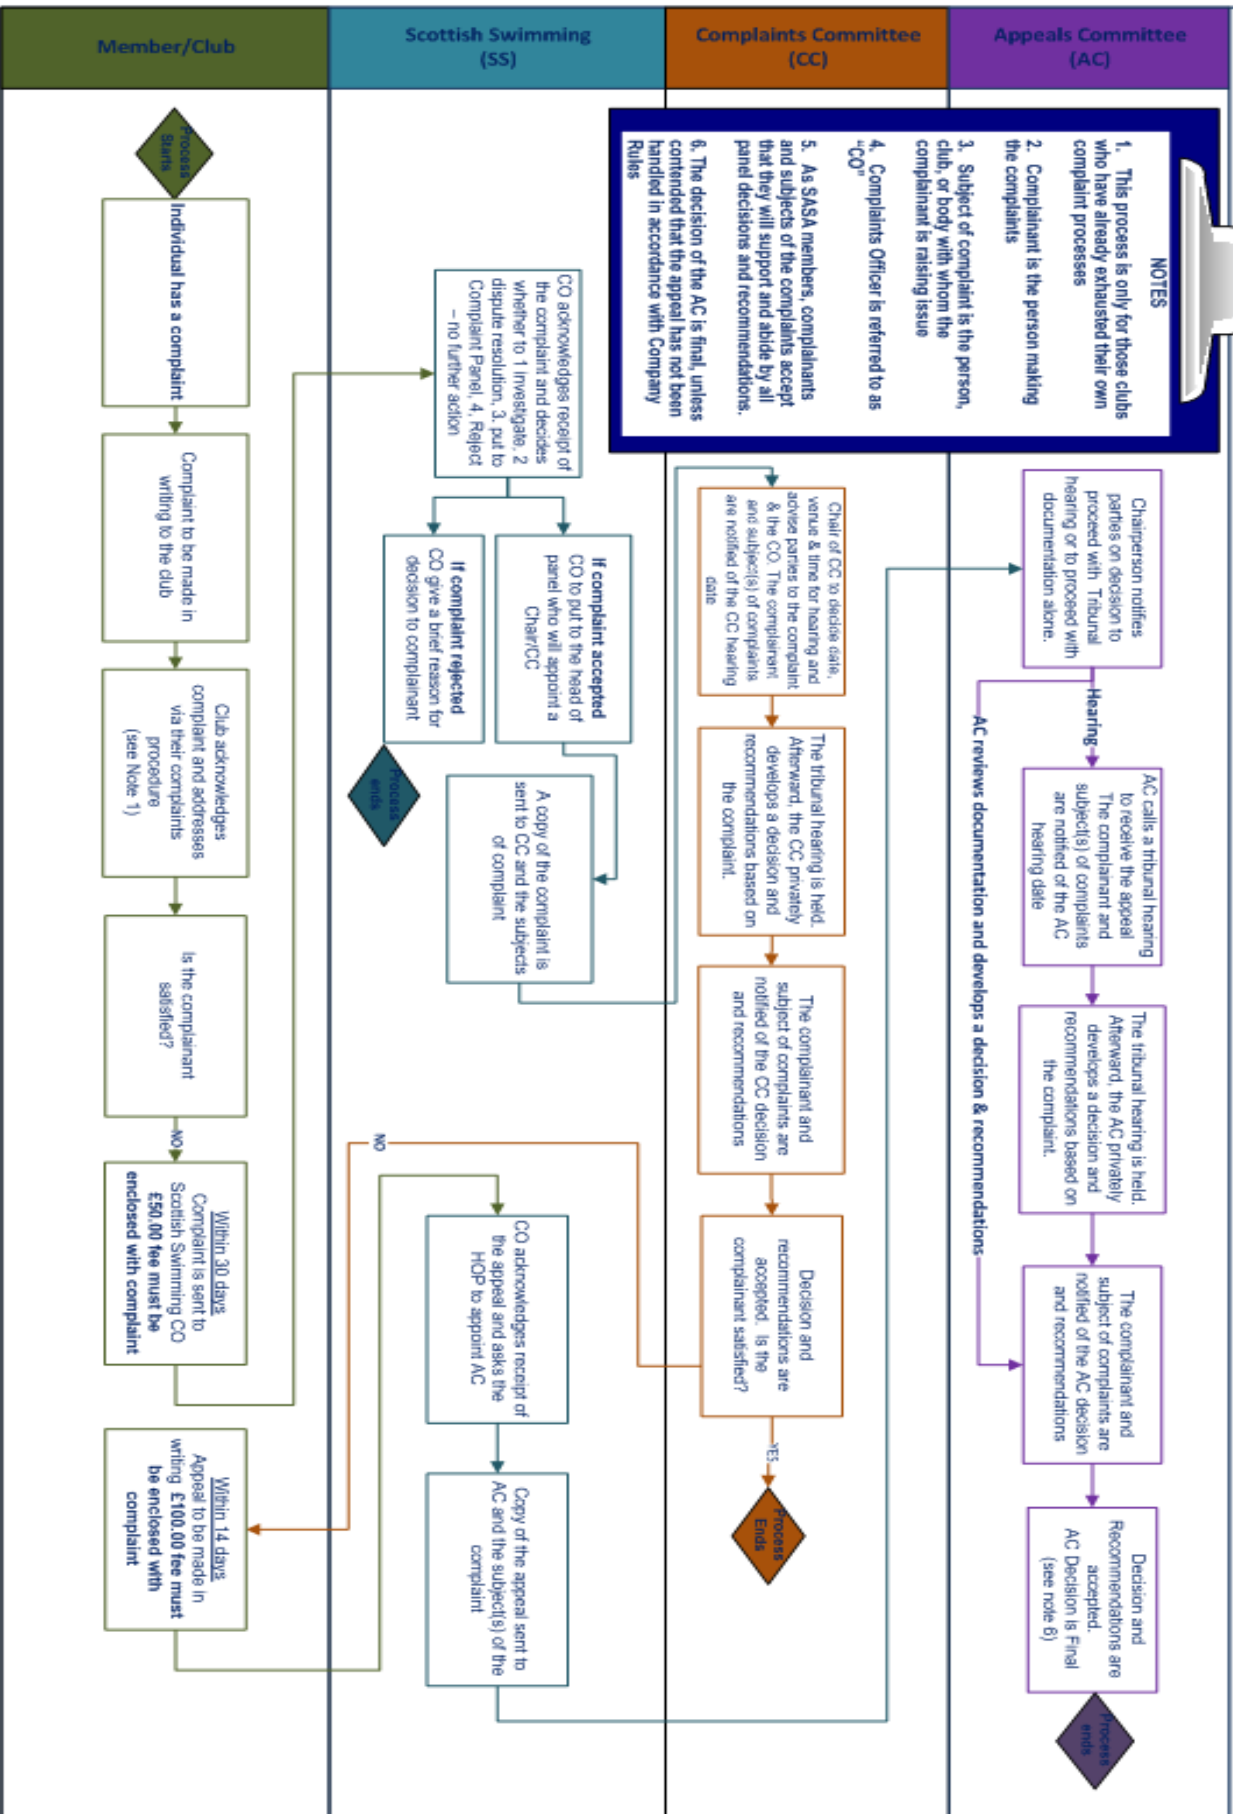

At Scottish Swimming we believe all of our young members should have a voice within our organisation to help shape what we do in the future. You can get involved and have an impact on Scottish Swimming by joining the Young Ambassador Programme, becoming an Advocate and Ambassador for our sport.

You will attend a weekend residential where you will work with a team of young people from across aquatics in Scotland. As a team, you will help formulate young people priorities and come up with suggestions to present to the top people in Scottish Swimming and the Districts. As a group you will work together to promote your message and influence positive change for young people in your sport.

Company Rule R12, R13, R14 & R15

NATIONAL FRAMEWORK FOR SWIMMING IN SCOTLAND

The National Learn to Swim Framework for Scotland is an all-inclusive pathway providing opportunities for everyone to participate in any aquatic sport they choose, at whatever level they aspire to. To support this rationale the National Framework provides a structure in which schemes of work for Scottish Swimming lesson programmes can be developed. This outlines objectives that work with the core philosophy of firstly establishing core aquatic skills prior to attempting to developing efficient stroke technique and later going on to develop a wider range of aquatic competences. The National Framework links to the training of swimming teachers by Scottish Swimming, resources provided by Scottish Swimming to aid the development of core aquatic skills.

Structure of the National Framework for Swimming in Scotland

Within the National Scottish Swimming Framework there are three programmes:

Early Years Programme:

This programme is designed to support teachers to plan a programme which introduce adult and baby to a swimming environment. There is emphasis on encouraging independent movement, developing water confidence and core aquatic skills through structure play using fun, games and songs.

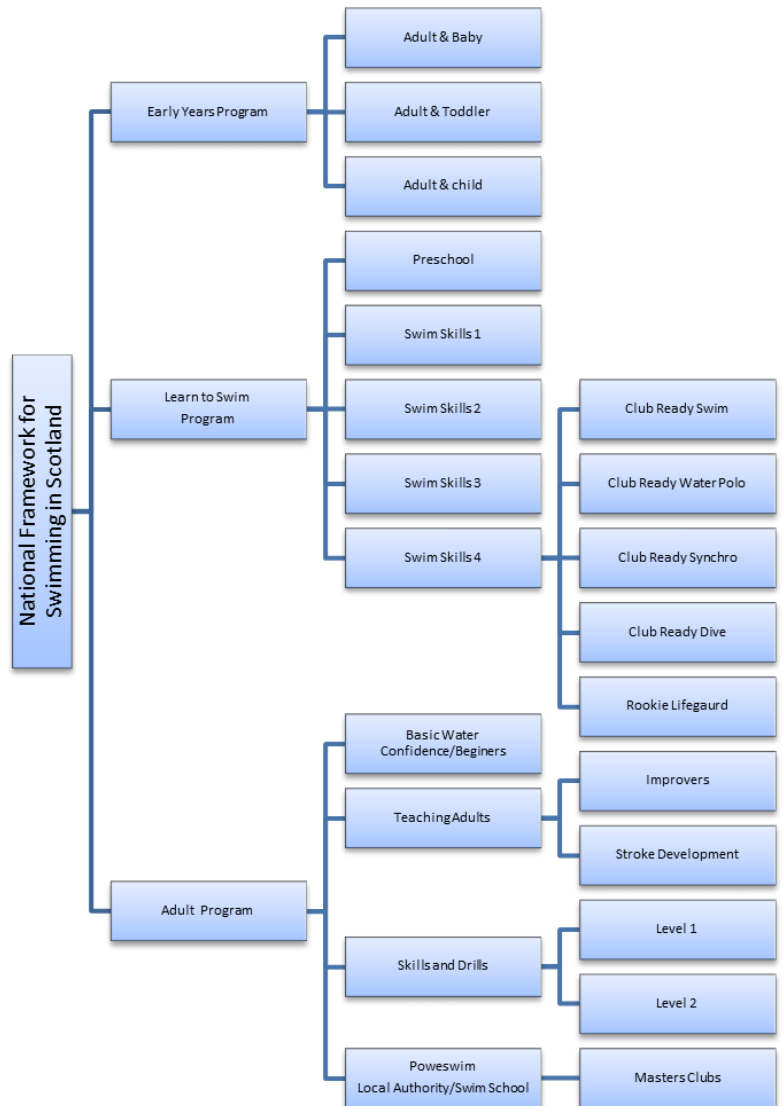

Learn to Swim Programme:

This programme is designed to enable teachers to plan, deliver and assess progressive programmes that produce swimmers that are depending on their ambitions, either 'club ready' or 'ready for lifelong swimming'.

Adults Programme:

This programme is designed to help teachers formulate an all-inclusive pathway, providing opportunities for all adults to participate in swimming from beginners to masters. It follows the template of the full Learn to Swim framework and has been adapted to suit adults.

"Developing and delivering a progressive learn to swim programme is critical for the continued success of aquatics in Scotland.

This framework develops fundamental aquatic literacy skills before developing stroke technique and proficiency in other water-based activities. Swimming is a sport for all and a sport for life and adopting this framework will encourage individuals to remain in the sport, whether as a competitor or for the fun, fitness and friendship element, as well as producing new role models on the world stage."

SCOTTISH SWIMMING INSURANCE INFORMATION

The Club Insurance Certificates are available to download from your Club Profile on Just Go.

Howden's Insurers, have advised that there is a need to ensure that certain roles within the club do not crossover, for example, Coach/Teacher and Club Well-being and Protection Officer, Treasurer and Chairman. These posts within a Club should be held by different individuals to avoid any conflict of interest.

Insurance – The Civil Liability: This covers legal liability for bodily injury to third parties and/or damage to third party property in connection with the approved activities of the Scottish Swimming.

Personal Accident Cover: The personal accident policy provides cover for members under the age of 80 years of age (restricted cover for those aged between 70 and 80 years of age) providing they are participating in activity approved by Scottish Swimming.

Travel insurance is NOT: Included so the club will have to arrange separate cover, which Howden's can provide. Via their website <https://www.howdengroup.com/uk-en/amateur-sport-and-recreation>

This list is not exhaustive and if you intend on taking part in any activity which is outside the core activities covered then please call Scottish Swimming to check if the activity is covered under the policy.

Note 1: The policy DOES NOT offer travel insurance, this must be separately arranged

Note 2: If any member of an affiliated club (who has been with the club for longer than 28 days and who attends the club on any occasion) is not a member of Scottish Swimming then the insurance for the ENTIRE CLUB is void. This includes executive members, helpers, teachers/coaches.

Scottish Swimming affiliated Clubs cannot swim or train with non-affiliated clubs, this will make your club insurance void as per the World Aquatics rule.

Scottish Swimming is aware that many clubs which do not traditionally offer open water swimming activities may, from time to time, wish to do so and therefore specific guidelines will be drawn up providing advice and guidance on this topic.
