# MANAGER'S MESSAGE

Afternoon all - well we certainly did not get the result or indeed the performance we were looking for from the squad in the last game at home to league newcomers Charlwood, which was disappointing for all to be fair. We made the opposition look good and did not work as hard as they did to be honest, so nor real complaints - it just didn't click for us so a bad day at the office as we say really (we all have them eh?). There were some positives to be taken out of the game though and we build on them and go again ; this week, against Littlehampton Utd - a team that were strong last season and that we did not do well against in both the home and away games. Hopefully, we will perform better today against them and grab the much needed first win to boost everyone involved with the club. We perceive in trying to find the right combination of youth and experience and hope to find the right balance as time goes on.

Finally I would just like to say that I am very lucky to have the support of my management team - Jason (asst mgr); Jim (head coach) and our recently added Physio Hannah, without which I could not do my job and I also very much appreciate the support of the club committee and all of you that come along to support us. I'm also grateful to the support received from the Development Squad Manager Mark & his team. Enjoy the game and hopefully a positive result, with a nice cold beer after the game! Up the Robins

Yours in Football

# CLUB

Formed in 1901, Bosham were founder members of Division Three of the County League in 1983/84 following a long and established period within local football. Their inaugural season at the higher standard ended with a commendable fourth placed finish. The following year of 1984/85, the club finished runners-up to Oakwood, winning promotion to Division Two. To cap a very successful season, Bosham also won the Division Three League Cup – a feat they were to repeat in 2009/10.

Having won promotion in 1985/86, Bosham had mixed fortunes in senior football with their best effort a sixth place finish in 1990/91, although the following season they were relegated back to Division Three after seven years at the higher level. However, in 1993/94, they were promoted back again as champions – albeit a short-lived success, as the following two seasons saw successive relegations back to the West Sussex Football League.

Following an overhaul of both players and management, Bosham enjoyed a resurgence on the pitch resulting in one of their most successful seasons ever in 1998/99, winning the coveted 'treble' of the West Sussex Premier Division; Malcolm Simmonds Cup and the Centenary Cup – a feat no other club has achieved.

1999/00 saw Bosham champions once again, making a welcome return to senior football and scoring 109 goals along the way – an average of 3.6 per game - although following a mid-table finish in 2000/01, The Robins found themselves bottom of the pile the following year and 'yo-yoed' back down to Division 3.

The club once again struggled in Division Three, but a late revival saw them finish one place off the bottom, five points clear of Uckfield Town. Although a relegation position, the resignation of Oving – coupled with only Wadhurst United meeting the requirements for promotion - spared them the drop.

Until 2006/07 – a year when Bosham were once again deprived after a picking up the Division Three wooden spoon – there had been signs of improvement, with the club appearing reasonably comfortable in Division Three after

many up and down seasons; and in 2004/05, reached the Final of the Sussex Intermediate Cup, where they were defeated by Rustington.

Cup success again afforded the Walton Lane side in 2008/09 when they were beaten by a solitary goal to nil against fellow Division Three side, Forest, in the final of the same trophy.

However Bosham did find the winning formula the following season, drafting in a largely youthful squad alongside one or two more experienced heads, to lead the club to the Division 3 title for the third time; the Division Three Challenge Cup, and the Team of the Year award.

Unfortunately, league ground grading regulations were to this time go against Bosham and they were denied a place back in senior football. Despite this knock, the club managed to keep the majority of the side that earned their top spot the previous season, and gallantly went on to finish in fourth place in 2010/11.

In September 2011, Bosham won a sponsorship deal with home improvement retailer, Wickes, via national newspaper, The Sun. The prize was a welcome boost for the village club, who had previously struggled for funding and local volunteers. Bosham fought off 300 other non-league clubs to win the competition. The windfall funded a make over for the changing rooms, new kit, training equipment and coaching.

After encouragingly winning six of their opening nine league games of the 2011/12 campaign, a changeable Bosham side saw their season ebb out, as they finished below mid-table. However, the club were demoted to the West Sussex Premier Division for the start of the 2012/13 season, owing to ground grading regulations.

# HISTORY

Under the guidance of Tony Hancock, the Robins finished in third place in their return season in West Sussex Premier Division, with the title eventually going to Cowfold after being keenly fought out until the last weekend. Despite a positive start to the 2013/14 campaign, Hancock ended his ten year reign in charge of The Robins, with long-serving player Andy Probee taking over the role in November 2013

Bosham were soon back on track, with Probee's side winning an impressive 13 of their remaining 16 games to take the West Sussex Premier Division title for a second time - and with it, gain promotion back to Division 3 of the Sussex County League. Sadly, Probee lost his grandad - and Bosham Vice President - Dennis, a week before the end of the season, so it was perhaps fitting that the club should win the League shortly after. The inaugural Dennis Probee Memorial Cup was set-up in his honour, with Bosham facing a 'Sussex XI' side, winning 4-3 on penalties after the sides were tied 2-2 in normal time.

2013/14 was also a great season for the club off the field, with Bosham successfully applying for Sport England funding, enabling the club to modernise their facilities and increase participation with new youth sides planned for 2014/15. The season also saw Bosham gain their FA Charter Standard status.

Bosham made their return to the Sussex County League in 2014/15, finishing their first season back in a creditable fourth spot in Division 3, having featured at the top of the division for much the season, following a blistering start that saw the club win its first six games. Silverware was to follow, as the Robins lifted the Division 3 Cup for a third time, with a 3-0 victory over local rivals, Sidlesham. Football Foundation funding supported the reintroduction of the club's youth section at under 16 level, with a further youth team at under 15 level added in 2015/16. The club were also winners at the Sussex Sports Awards.

In February 2016, Bosham gained a further grant from West Sussex County Council's 'Big Society Fund' in the sum of £10,400 to improve club facilities and infrastructure, and assist with longer-term sustainability and youth participation objectives.

Success on the pitch in 2015/16 again came in the form of the (re-named) SCFL Division 2 Cup - with a 2-1 win over League champions, AFC Varndeanians. The Robins became the first side to retain the trophy since its inception in 1983/84. The season also brought a sixth place finish in the newly-formed Southern Combination League Division 2.

The Robins came back stronger in 2016/17, winning the SCFL Division Two title having led the table for all but the opening two weeks of the season.

After four successful years in charge, manager, Andy Probee took the decision to step down at the end of 2016/17 owing to increased personal commitments, with assistant Neil Redman being named new Chairman at the club's AGM.

Former Petersfield Town boss, Gary Lines was announced the club's new manager ahead of the 2017/18 season, with further success in the SCFL Division Two Cup in Lines' first season in charge - beating Rustington 1-0 at Pagham, courtesy of a late Matt Andrews goal - for a third League Cup triumph in four seasons.

Bosham turned to the experience of Dennis Hughes as manager ahead of the 2018/19 campaign, following Lines decision to step down.

Danny Mullen and Tony Hancock took joint charge of a new-look Bosham side into 2018/19 after Lines' departure in the summer, with Hancock taking sole charge to lead the Robins once again for the start of 2019/20.

Although Bosham have never competed in the FA Cup, they were entrants to the FA Vase between 1986 and 1990, however have never managed to win in this competition.

# MATCH REPORT

## **Bosham 1-3 Charlwood**

### **'New boys keep the good start going at the lane'**

League new boys, Charlwood Football Club, maintained their excellent start to their first campaign in the Southern Combination Football League with an impressive display against a Bosham side who were left wondering what had hit them at the end and still in search of their first win of the season.

Both sides started sharply and then reds had the first opportunity to break the deadlock through the ever dangerous Alex Barnes. Barnes capitalized on a swift counter attack by the hosts to burst clear into the yellows penalty area but keeper, Zac Rice was on hand to make a comfortable save.

On the Quarter hour the visitors were celebrating as they edged in front, although there was a touch of fortune about the goal. Bosham failed to deal with a corner from the right and Jamie Liddell attempted an overhead kick for the yellows but only proceeded to slice his effort into the box where Steve Payne pounced, swivelled and fired low into the net past a stranded Jack Hickman.

Bosham were stung but came back hard in search of a repost and close to the half hour Barnes had another excellent chance for the Robins. Barnes controlled a searching, cross field, ball from Kieran Hartley, and, with the goal facing him, fired a volley just wide of the mark to leave the Bosham striker agonizing at the miss. Mackenzie Oatway was the next to try his luck with a curling effort from the edge of the box but, again, was just wide of the target.

Right on half time, though, Bosham finally got themselves level and it was a goal worth waiting for. Josh Mines found himself in space outside the box and unleashed an unstoppable shot, with curl, into the far

top corner, leaving Rice rooted to the spot. The break stopped the Robins momentum and they struggled to re-assert their new found authority after the re-start and Charlwood used this to up their game and both Justin Ford and Liddell were very wasteful in front of goal for the yellows when presented with quality opportunities.

Charlwood eventually eased back in front with just under a quarter of the game remaining and Liddell was the provider of the golden moment for the visitors. Liddell showed great strength to out fun defenders and then bully is way past Hickman to score from a tight angle to restore the yellows lead. Bosham tried to muster another offensive in search of a second equalizer but, throwing caution to the wind, left gaps at the back and a few minutes later Ben Herdman took full advantage to seal the deal for the league newbie's.

Ryan Pearson was being a constant menace for Charlwood and surged into the Bosham penalty area before laying a sublime pass for the on-rushing Herdman to slot, first time, into the back of the net to seal another three points for the visitors and continued momentum in their start to their new adventure in the SCFL. Bosham will need to re-group quickly for their next game, at home against Littlehampton United next week and with a draw and two defeats, so far, Bosham find it even more important to find a win, hopefully, at the fourth time of asking.

# LITTLEHAMPTON UNITED

The club was formed in 1947 and originally played in the Littlehampton and District League before joining several seasons later the West Sussex Football League. The club moved up the divisions of the West Sussex Football League divisions, and under manager Dominic Di Paola at the end of the 2007–08 campaign after finishing as Runners-up in the Premier Division, were promoted to Division Three of the Sussex County Football League.

Their first season in the Sussex County Football League saw them become champions of Division Three, and gain promotion to Division two. After finishing sixth at their first season in Division two, manager Dominic Di Paola left to join Worthing United, and the club appointed Darren Prior as his replacement. After the departure of Di Paola the club finished bottom of Division Two and were relegated back to Division Three. The club are currently in the SCFL Division Two and finished 13th during the 2017-18 season. During the summer of 2018 the club was rebranded as Littlehampton United and Daniel Lawrence was to stay on as manager and lead Littlehampton United into their first season under their new guise.

# THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

IF YOU'RE reading this, then it's good news – you're reading a football programme, an increasingly endangered species.

Like many things post-covid and in this 'new normal' there are lots of things different at our Non-League grounds now.

The National League have given their clubs the option of not running programmes this year and we've seen similar in the EFL.

In this digital world an increasing number of clubs are looking at those avenues rather than the printed page. Everyone will have their views on this traditional aspect of football match going.

But here we are, in a programme, talking about competitive Non-League football. Hopefully that is as good to read as it is good to write.

For many months now we've not had much competitive football to write about in The NLP. Yes, we had some play-off games, but the return this month of competitive football starting with the FA Cup has been most welcome.

Of course, everything around the game is different. We're all getting used to the added things we have to do. Book a ticket online beforehand, fill out a test and trace form, sanitise our hands as we enter the ground, follow one-way systems.

It's very different to what we left in March when the 2019-20 season stopped in its tracks. Players are turning up in kit, staying out at half-time for team talks – the current weather helps – and sitting apart on the bench. But, when the whistle goes, it's back to the football we've all missed so much.

Crowds being allowed back in stadiums was a massive breakthrough. Hopefully Steps 2 and above will soon follow because all clubs need that money coming through the gate.

From a reporters point of view, we've never covered such a fluid situation. Things changed literally by the hour.

Sometimes even within ten minutes of being told one thing, another call would come through saying it was now something else. It's been a challenge!

Without crowds it would have been impossible to start the season. Then the fears for clubs as soon as the pandemic broke out would have been multiplied.

I remember one week, way back in the summer, being told

four different opinions on the start date for 2020-21. One said September/October, another ventured November, someone else thought January and another, informed person, feared not at all!

Thankfully the first person's guess was correct but we all are aware it's a fine line with cases on the rise again.

Already we're getting used to clubs withdrawing from the FA Cup at the last minute because of positive tests and there will no doubt be late cancellations of games throughout the season.

We can all play our part. Help clubs stick to the crucial social distancing rules that need to be adhered to. Fill out test and trace forms and throw a couple of extra quid into the coffers.

Every little helps. Including buying this programme.

Enjoy your football!

By Matt Badcock

## CROWD PLEASERS

**Clubs urged to stay strict on Covid rules**

NON-LEAGUE clubs are being urged to stay strict with Covid-secure guidelines and keep grounds open with country-wide restrictions set to tighten. Collectives of no more than six people will be introduced from tomorrow following a decision by the FA. The FA wanted to ensure as many supporters of the participating clubs would be able to attend and it had been hoped up to 10,000 could have been inside Wembley for the FA Trophy and FA Vase finals.
