WELCOME FROM OUR CHAIRMAN

Good afternoon and welcome to our first game of the season as we begin our journey in the NWFL Division 1 South West.

A warm welcome to all the Players, Officials and supporters of AFC Bournemouth I trust you enjoy your visit to the Seal Bay Stadium this afternoon and we witness a good game of football played in the right way.

With a change in Management over the summer we are now under the guidance of Rhys Griffiths and his team, we wish Rhys and all his staff the very best for the season ahead. Along with the new management comes some new players and I'm sure in the coming weeks we will get to put names to the new

faces along with some of the girls who have committed again to Selsey FC for the coming season. Rhys and his team have worked hard over pre season getting the women ready in training and team sessions for the start of the season. An exciting season ahead I'm sure, it will certainly be a tough league again as I'm sure with many sides wanting to push towards the next level. The players I'm sure will be looking to test themselves and keep working hard towards the goals that Rhys and his team set them.

It's great to see everyone back at the football club it has got a real buzz around it and this along with the England women getting through to the final of

the world cup (hopefully winning it by the time we kick our season) football has certainly taken centre stage once again.

I would personally like to wish everyone at the football club all the very best for the upcoming and coming season and also a big thank you to all our sponsors and volunteers who have been working behind the scenes to get the football club ready for the season opener today.

Now let's get down to business and enjoy all the games ahead.

Yours in sport

Daren Pearce
Chairman

MANAGER'S REPORT

Good afternoon and welcome back to the Seal Bay Resort stadium for another FA Women's National League season. I would like to welcome AFC Bournemouth management, players and fans to this game today.

I myself, am really looking forward to this season and the new challenge that I have undertaken here at Selsey. It has been an interesting preseason where I believe that we have build a fantastic squad following a departure of a number of players in the first team squad last season. Whilst the playing staff are quite young, they are hungry for success and are excellent footballers.

On top of the players we have brought in, I am really excited to have Jack Randall join the coaching team, who has been a real breathe of fresh air with the ideas that he brings with him. I am also delighted to have retained Craig who becomes my assistant manager, along with Kira and Steve who remain my secretary and physio for the season.

Today's game will present us with a new challenge, and given the way that the ladies played against a strong Haywards Heath side last time at this ground, I strongly believe that the team can bring their A game.

Rhys

TODAY'S OPPOSITION:

AFC BOURNEMOUTH

Although the exact date of the club's foundation is not known, there is proof that it was formed in the autumn of 1899 out of the remains of the older Boscombe St. John's Institute Football Club. The club was originally known as Boscombe Football Club. The first president was Mr. J. C. Nutt.

To make the club more representative of the district, the name was changed to Bournemouth & Boscombe Athletic Football Club in 1923. During the same year, the club was elected to the newly expanded Third Division South. The first league match was at Swindon Town on 25 August 1923, which Bournemouth lost 3–1. The first league game at Dean Court was also against Swindon, where Bournemouth gained their first league point after a 0–0 draw.

Initially, Bournemouth struggled in the Football League but eventually established themselves as a Third Division club. Bournemouth remains on the records as the longest continuous members of the Third Division.

The club adopted the name AFC Bournemouth in 1971, with the intention that the club would appear first in alphabetical lists of English clubs. A year later, the club adopted a new badge as a symbol of its progress. The stripes in the background were based on the club shirt, while in the foreground is the profile of a player heading the ball, in honour of Dickie Dowsett, a prolific scorer for the club in the 1950s and 1960s. The team's red-and-black kit, introduced in 1971, was based on the A.C. Milan strip.
