

NUNEATON OLD EDWARDIANS R.F.C.

Our Vision: “ Enjoyment from Rugby, For All, Forever “

For the Rugby Clubs in the **Midlands East (North)** league for the 2023/24 season, the distances that will need to be travelled to and from games will no doubt have been a topic of conversation.

For players and spectators alike, the additional travel times needed will mean earlier starts and later returns home – potentially eating in to precious personal and family time.

Though not a solution, we have compiled a list of **some useful information** for potential visitors, in case they may be considering bringing along family members and / or thinking about staying locally overnight.

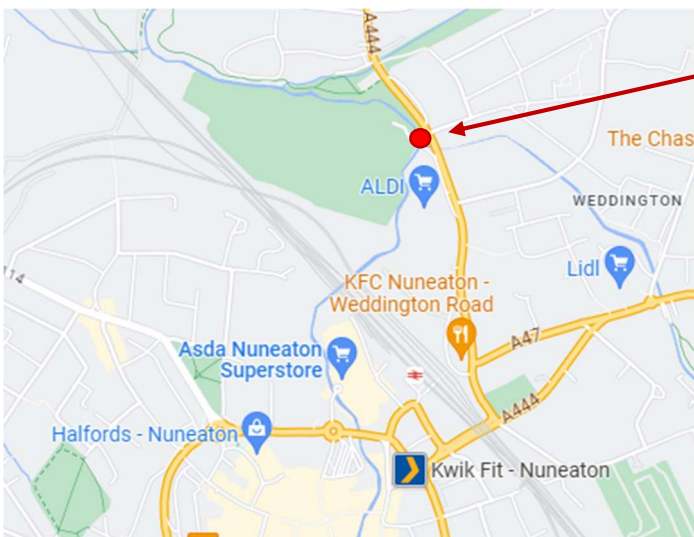

Location / How to find Us

Our club is located just out from Nuneaton town centre, on the A444, in the heart of the Weddington district of the town. The Weddington Campus is also home to the Nuneaton Cricket Club and the Cleaver Squash & Fitness Club.

Approaching from the town centre, the entrance bridge is located at the end of the small row of shops on your left, just after the ALDI supermarket.

Approaching from the North (A5), as you come down the A444, you will start to come down the incline [past the speed camera!] and there are a few shops on the bend on the right hand side. The turn for the entrance bridge is on the right, just about 100 yards after those shops.

The bridge is a small hump back, so take care with long wheel base / low axle height vehicles as you go over the crest.

Train Station & Trains

Nuneaton Train station is located in the centre of the town with easy access to the bus station and town centre shopping.

It's 0.7 miles from the station to the NOERFC club house in Weddington - which is approx. 14 mins on foot and 4 mins by car / taxi.

There are also two car parks within 2 mins walk of the train station, both offering a full days parking for £5.50 (*as at June 2023*).

Train access to the nearby cities of **Birmingham**, **Leicester** and **Coventry**, is also very easy from Nuneaton. So, should the visiting party wish to split their activities, Nuneaton Train station can be used as a springboard to visit those great cities with all their attractions and shopping.

There are regular trains and travel times are quite short:

Nuneaton to Coventry	approx. 20 – 22 mins by train
Nuneaton to Leicester	approx. 25 – 27 mins by train
Nuneaton to Birmingham	approx. 30 – 40 mins by train

And even access to London Euston is not an issue:

Nuneaton to London Euston	approx. 70 - 80 mins by train
