Respect

Long Buckby AFC - History

Formally known as Long Buckby Nomads, the current club was re-formed after the war in 1945 due to the efforts of local hairdresser Bill Ward and others. There followed many successful seasons in the Rugby and District League and the Northants Football Combination. Notable players during the fifties and sixties were Jack Osbourne, Pete Dexter, Dave Rainsford, Ray Worthington, Derrick Worthington, Cyril Worthington, Bill Dicks, Ray Timbs, Aubrey (flapper) Wilkes, Cracker Wilson, Roy Muscott, Bill Tolley and many others. The club was ably led at the time by the likes of Alistair Bruce, John Partridge and Jack Osbourne. It was also supported by probably the best supporters club at our level in the county, led by Doreen Timbs, Joyce Worthington and Barbara Dicks, laying the sound financial foundation for the club to progress in later years.

With numerous ground improvements on the Sports Field and the beginnings of a fledgling Sports and Social Club, the bucks gathered a strong enough squad during the 1968/69 seasons to apply and be accepted into the United Counties Football League in 1969. Manager at the time was Alan Rose who would lead the club to more honours in future years. Soon after entering the UCL he brought in Pete Smith to replace himself as manager. Under Pete Smith the club won Division 3 in 1969-70 and then won Division 2 in 1970-71 but were refused promotion due to the facilities. But they won again in 1971-72 and this time were promoted, not into Division 1 but into the newly renamed Premier Division. Club President at the time was local business man George Taylor of Taylor and KW Coaches. Club Secretary was Jock Morton and during that time the club extended their Sports and Social Club by building a large concert room which was opened by the President's wife Marie Taylor. During their promotion season to the Premier Division the club also won the UCL Division 2 KO Cup, the Northants Junior Cup and the Daventry Charity Cup. The club has remained in the Premier Division ever since.

Following Pete Smith was former player Dave Conlon and then Alan Rose again followed by former Northampton Town player Roly Mills. Alan then became manager of the Junior Teams, building a side which won many competitions including the Umbro Cup. (a cup sponsored by Umbro which included teams for all over the country at U16's level) Some of their games were played at Nottingham Forest where one of his players Gary Mills went on to win a European Cup Medal. Others were Mick Kurilla who went onto Birmingham City and Vince Overson who also Captained Birmingham City and Daryl White who went to Southampton. After Roly Mills, Chris Beckett took over assisted by Mick Worthington and in the 1983-4 season the club were runners up to Kettering Town

in the Northants Senior Cup. The following season the Bucks were runners up in the League by one point to Arlesey Town but won the UCL KO Cup beating Baldock Town 7-3 on aggregate.

When Chris left Glenn Burdett was manager for two years. Glenn was followed by our longest serving manager Mike Emms. In his nine years the Bucks only finished in the bottom half of the table once. During this time the club moved to a new pitch after the Sportsfield obtained more land financed by the club and the Rugby Club as well as help from the school and the District Council. Also under Mike Emms leadership a new 200 seat stand was built as well as the playing area fenced and the floodlights refurbished and moved. After Mike Emms left the Bucks struggled at times to be a force in the UCL Prem and narrowly avoided relegation on several occasions. But managers since Emms, Ashley Alexander, Steve Renshaw, Kev Simmonds, Geoff Green and Aidy Mann kept the club at it's present status and claimed some notable victories.

In January 2007 with a new Chairman Guy Loveland on board, Glenn Botterill was appointed manager who brought in former Rushden and Diamonds player Andy Peaks as his number 2. New players were brought in and the Bucks again finished runners up in the UCL Premier Division in 2007-08. Botterill left in January 2009 and was replaced by former Northampton Town player Adam Sandy who was assisted by Matt Murphy. The Bucks then won the Northants Senior Cup beating Brackley Town 2-0 and then beat Northampton Town 3-2 in the NFA Premier Maunsell Cup in July 2009.

Glenn Botterill returned as manager in January 2010 this time assisted by senior player Matt Green, finishing third in the league and reaching the last sixteen of the FA Vase. In 2010-11 another last sixteen in the FA Vase was achieved and also a fourth place finish in the league. Season 2011-12 saw the bucks reach the third qualifying round of the FA Cup losing to Kidsgrove Athletic and then beating the well supported King's Lynn Town twice to finally win the UCL Premier Division Title. The club also won the Baker Perkins FC UCL highest aggregate of goals trophy and Glenn Botterill won the UCL Manager of the season.

After winning the league the Chairman and Management team left the club. The next two seasons saw Scott Goodwin and then Phil Mason keep us in the Premier League. Phil Mason then left and his assistant Dan Stewart was appointed first team manager. Unfortunately he was unable to maintain our Premier League Status and was replaced as Manager by Richard Kay. Richard was replaced by Darren Foster in November 2017. Unfortunately due to work commitments Darren was unable to continue and Dan Carter was appointed manager in July 2018. After two unfinished but successful seasons, promotion to the Premier Division was achieved. Dan left in March 2021. Scott Parsons has been appointed manager in July 2023 and will be assisted by Matt Button and Lee Stringer.

given so much purpose, life and soul to individuals throughout the years making a mark on the history of Galicians in London and so decided to take charge with the sole purpose of reviving the club and ensuring London was not left without a Spanish club.

The club is recognized, not only Spain but in Europe, for deservedly being dubbed as one of the best Spanish amateur teams in a foreign country. The club has shown strength and belief whilst proving why they should be feared by others by claiming international trophies in Germany, France and Belgium.

PRESENT TIME

Thursday 25th April 2013 proved to be a very significant day for the club as it received one of the most prestigious and important accreditation on behalf of the English Football Federation, the honour of being recognized as a 'FA Charter Standard Club'. This award and recognition is the result of sheer hard work, determination consistency and team work on behalf of all key parts and members that form part of FC Deportivo Galicia de Londres, players, management, admin and supporters.

The majority of players that are now part of the team are in fact sons and grandsons of those who were once part of the original team.

As the team of Centro Gallego de Londres, Centro supports and provides some sponsorship to the team.

Unfortunately this contribution is not near enough to what a team at this position and of this standard needs in order to keep developing.

This is why we are the only team within our category in which the players and coaches finance the club themselves with monthly payments and season inductions.

FUTURE

Short Term

The main objective at the moment and the most pressing is attaining sponsors for next season that are willing to help the club economically.

We have delved into the world of social networking and have a website www.fcdeportivogalicia.com (over 1,000,000 hits since August 2012!!) a Twitter account @FCDGalicia and a Facebook Page, FC Deportivo Galicia - London. We decided to take this step as a way of building on our reputation and most importantly gaining exposure which may help with acquiring much needed sponsors.

Medium Term

We would like to form a reserve team for the upcoming season.

Due to the economic crisis that Spain and the rest of Europe is currently suffering, there has been high interest on behalf of young players who have been forced to migrate in search of a better future and who are interested in signing up with the club.

The club is renowned for its helpful, caring and supportive nature, always carrying a 'family' essence with it. We ensure that we help these young players as much as we can regarding their move to a foreign country as we understand what a trying time this can be.

We help them with the language, culture and to generally incorporate and integrate themselves as comfortably and easily as possible into London life.

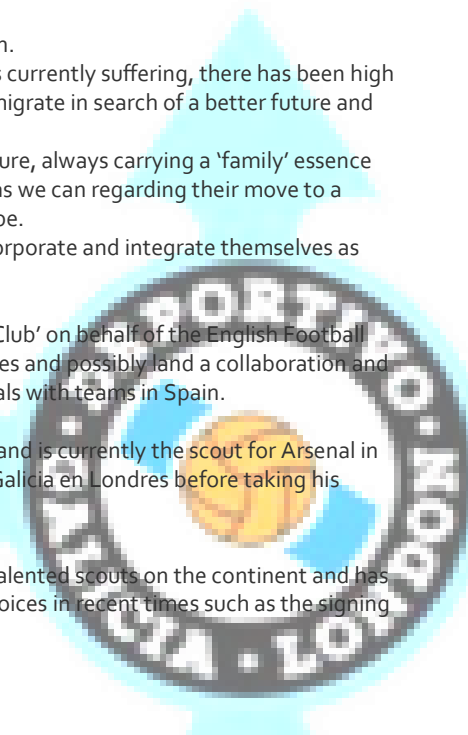

Long Term

Having earned the accreditation of the 'FA Charter Standard Club' on behalf of the English Football Association, the aim long term would be to form sub-categories and possibly land a collaboration and agreement with a Spanish club to allow our players to take trials with teams in Spain.

Curious Fact About The Club

Francis Cagigao, who has played for Arsenal and Barcelona B and is currently the scout for Arsenal in the whole of Europe was player and a coach of FC Deportivo Galicia en Londres before taking his fundamental steps into the world of professional football.

Francis is recognized worldwide as one of the best and most talented scouts on the continent and has undoubtedly been a key figure to some of the best football choices in recent times such as the signing of Cesc Fabregas, Cazorla and Monreal for Arsenal.

Our Visitors Today

FC Deportivo Galicia

Founded: 1968

The founding and birth of FC Deportivo Galicia in London came about due to a shared understanding and sentiment by a group of Galician migrants who came to the United Kingdom in the 60s.

The political and economic situation surrounding Spain at the time was so difficult that families found themselves making the choice to settle in an unknown country in the hope of a better and more prosperous future. The most trying thing for these families was the constant nostalgic battle on a day to day basis remembering and missing the land that gave them life, the territory they belonged to.

During the 60's it was west London that saw the majority of Galician migrants settle down and it was in 1968 that a small group of those migrants saw an opportunity, through football, to help each other and somehow share the longing they felt for Spain.

The club was originally formed under the name 'Centro Gallego de Londres' however a few years later it joined forces with another Spanish team called 'Deportivo' (a club that was formed in honour and in memory of FC Deportivo in a foreign country) and so came the creation of 'FC Deportivo Galicia de Londres'. The name, perceptibly capturing not only the essence of the 'Real Club Deportivo La Coruna' but also the spirit and heart of the whole of Galicia.

Until 1995 the team played in the 'Harseden Sunday League' and progressed continually and consistently which saw them slowly catapulted into first division for the 1991-1992 season.

This would become the most successful and fruitful era in the clubs history so much so that in the 1993-94 season the team won every competition it took part in. The club did not only win the treble, first division, Premier Cup and the Challenge Cup but they also accomplished the Roundwood indoor football tournament.

The second team that was formed in in the 1991-92 season was also successful during this period winning trophies such as the Dwyer Cup.

The club decided to take the next logical step in progression and move up a level as a result of achieving all they could within their reach.

For the 1995-96 season the team began playing in the Middlesex County league on Saturdays. In this first year the first team won the second division league and were consequently awarded Intermediate Status by the London FA.

The club continued to prosper until reaching the first division in the 1997-98 season. It is at this point when for the first time there are signs of instability in the club as there is a clear high turnover in coaches without managing to fulfil the clubs potential and never achieving the level expected of them.

As the 2006-07 season drew to an end the club found itself having to make a tough decision of dissolving the club. The toughest moment in our history by far.

Two long standing players, Leo Decabo and Jose M Andon, refused to give up on the club that had

WELCOME TO "STATION ROAD"

Welcome to Station Road for this afternoon's match in The Isuzu FA Vase First Round Qualifying against FC Deportivo Galicia. We hope that everybody involved at Deportivo and our Match Officials have an enjoyable visit and you all have a safe journey home.

It was a disappointing result on Tuesday, but it was two well taken goals at the beginning of the second half by ON's that saw them take charge of the game.

We look forward to today and we will be back here again next Saturday against Ampthill Town

27/08/23

A word from our Manager Scott Parsons

'A complete whirl wind of a 4 weeks so far given the situation we came into, the squad we have put together along with a few more additions we are sure we can have a successful season.

The committee have been so welcoming and the off field support has been excellent.

The positive feeling around the club and with the players is good.

Taking one game at a time in which we are learning the league, learning the players and how adaptable we can be as a group.

4 games played so far with two wins and two defeats as this stage we will take it for sure.

The two defeats came again teams that will be around the top six for sure but we certainly pushed them in both games and was a good indication of where we currently are and which areas we need to improve'.

Scott Parsons
