WELCOME TO 2021

Keith Ellis
I'Anson President 2021

A very warm welcome to the 2021 I'Anson League season. The prospect of a full season grows day by day as infection rates drop. Of course this virus doesn't allow for absolute certainty but the signs are that we should be all systems go for the beginning of May. I'm sure that there will still be Covid regulations in force for at least part of the season if not all. So at this juncture may I issue a plea to all club administrators, captains and indeed players. Please take the time to fully understand the regulations when they are published and ensure that they are fully complied with when required. They have been formulated, even if they are sometimes counter intuitive, to keep us all safe while we play the game that we love.

When looking back at last year's strange season I must start by congratulating, on behalf of all clubs, our Chairman, Steve Bradley, and the IMC on their efforts "to get the game on" and produce a half season of competitive and enjoyable cricket. Steve was relentlessly positive from day one of the pandemic and lead the planning that went on from April to be able to start again at the earliest opportunity. Any hints of negativity were swiftly overcome and that enabled us to start sooner than most local leagues and play meaningful cricket. Indeed our league, not for the first time, was held up as an example of what could be achieved with positive management and flexibility. The whole committee played it's part in supporting the restart initiatives but special mention must also go to our Fixtures Secretary Kevin Goodship who with great good humour was prepared to keep redoing the fixtures as the divisions had to be redrawn as a few clubs withdrew. A mammoth task. He deserves our thanks.

The good news is that for the 2021 season we have more teams than ever entered to play. League cricket does not just happen by magic and we are lucky to have so many people prepared to put in so much time and effort to make it a reality. This applies equally to individual clubs who also rely on volunteers to provide the framework allowing grass roots cricket to thrive. My thanks to you all. I salute you!

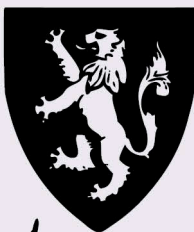

Congratulations to all our divisional winners in 2020. Headed by Tilford, worthy unbeaten winners of Division1 we had really competitive contests throughout our league. No knockout competition last year but we can look forward to slightly revamped midweek cups this season culminating in what should be an exciting Finals day in September at Tongham.

Congratulations also to Grayshott who are celebrating their 125th Anniversary this year. May the sun shine on you and your celebrations.

I wish you all a successful, enjoyable and most of all safe season. Let's hope for fine weather and decent pitches.

Reporting Results

The results of all matches (including cancellations) must be notified by the home club to The Competitions by noon on the Monday following the fixture with a full scorecard on the 'Play Cricket' Website including bonus points for both Teams. Failure to do so will result in a penalty per default per team being levied (refer to Section J).

It is the responsibility of both Teams to check the result, and award of bonus points that has been entered on the 'Play Cricket' website. Any errors and corrections need to be notified to the Secretary within two weeks of the fixture being played.

After this time no amendments will be made to the points awarded. Results and the award of points for matches in the penultimate week of the season need to be confirmed by the start of the final round of matches

It is a Competitions requirement that the result of every league match is uploaded to the home club's website by 12 noon on the Monday immediately following the fixture

- All details must be included in this report, and Clubs are requested to ensure that the information provided is accurate and complete, eg including names of fielders taking catches.
- It is vital that this information is submitted on time, so as to ensure an orderly administration of the Leagues, the timely production of accurate league tables, and overall publication in the Farnham Herald. The Playcricket website is the only source used by the League in determining the averages when considering the players of the season.
- Should the deadline be missed, the Home Club will be automatically fined in accordance with Rule J of Section One.

I'ANSON CUP COMPETITIONS CODE OF CONDUCT ON THE FIELD

- 1 The following Code of Conduct has been prepared in order to encourage improved standards of behaviour on the field or play and to reduce the degree of aggravation experienced by umpires, which has in recent years led to a reduction in the number of pool umpires available to stand. The Code is to be observed by all players who play in all I'Anson matches, whether cup or league.
- 2 Clubs shall be responsible for their players' conduct. They shall take all steps needed to ensure their members are familiar, and comply, with this Code
- 3 Team captains shall be responsible for the conduct of their players before during and after each match. In this regard, a captain must do whatever is needed, including sending offending team members from the field, either temporarily or for the duration of the match
- 4 The following represent unacceptable behaviour:
 - attempts to intimidate or distract opponents, by word or action.
 - aggressive behaviour
 - foul or abusive language
 - physical abuse of opponents
 - abuse of umpires, whether or not they are pool umpires
 - smoking or the drinking of alcohol on the field of play
 - wearing inappropriate clothing, which must be essentially white
- 5 Dissent at umpiring decisions is unacceptable. Players may politely ask an umpire to offer an explanation, to which the umpire is encouraged to respond. Requests for further explanation, even if expressed politely, are unacceptable.
- 6 Captains shall implement in full the decisions of the umpire during each match, without question. Where pool umpires are not available, it is the responsibility of captains to ensure that those asked to umpire are sufficiently competent to carry out their duties.
- 7 Where a captain is dissatisfied with the conduct of an umpire who is a member of the opposing side, the captain may after the match or during an interval politely address any complaint to the opposing captain and seek to resolve any dispute. Where it is not possible to resolve the dispute, the captain shall advise his opposite number that he will refer the matter to his Club Secretary, who may in turn send a full report to the Secretary of the I'Anson Management Committee within 72 hours of the match in question
- 8 Where a captain is dissatisfied with the conduct of a pool umpire and believes the matter is sufficiently serious to be brought to the attention of the Management Committee, the captain concerned should, after the match, send a report on the umpire's conduct to the Umpires' Secretary, after informing the umpire concerned and the opposing captain that he intends to do so.
- 9 Incidents, which appear to be in contravention of this Code, shall be reported within 72 hours of the match in question as follows:
 - Where pool umpires officiate, the umpires will report such incidents in the prescribed form or to the Management Committee after advising both captains of their intention to do so.
 - Where no pool umpire officiates, the aggrieved captain may refer the matter to his club secretary who will first refer the matter to his opposite number in the other club. After referral, if no satisfactory conclusion is reached, the Club Secretary shall send a full report to the Secretary of the I'Anson Management Committee, who will refer the matter to the chairman of the Disciplinary Sub-Committee for action

DISCIPLINARY PROCESS FOR 2021

We introduced a new system for administering discipline in 2012, devised after consultation with both Umpires and Captains. In general, the procedures worked well, thanks in no small part to the umpires and captains who worked well together to achieve the main intention, namely that cricket in the l'Anson Competitions is played fairly and in accordance with all accepted disciplinary standards

Consequently, the Management Committee agreed to continue these for 2013. There is no change to the level of sanctions, except that clubs may increase the sanction to be applied for their own purposes

The procedure is as described on the next page, and a copy of the Report Form is also shown. Umpires are requested to note the following.

- Please be concise in the description of the incident
- Automatic sanctions for abuse only relate to verbal abuse. Any case of physical abuse can only be referred to the DSC. The extent of any sanction will not be pre-determined, but will be considered solely on the facts of the case
- If an umpire considers that a reportable, but comparatively minor, offence has occurred, the umpire must complete a report but ask that the Club itself deals with the miscreant
- If only one umpire is standing, he should still complete a report form if he considers that a reportable incident has occurred
- To meet the stated desire of umpires for matters to be dealt with quickly and with certainty, there is a tight timetable – co-operation is sought from umpires in particular to meet this

If a team receives three separate reports during the season, the captain will be referred to a hearing of the DSC on the occasion of the third report. Further sanctions against the captain and/or team will be considered, including the deduction of points

All player are reminded of the Spirit of Cricket published by the ECB, as follows

Captains are reminded they are responsible for team discipline ensuring, at all times, there is

- No breach of the spirit of the game
- No failure to comply with an Umpire's instructions
- No criticising of an umpire's decision
- No showing dissent
- No bringing the game into disrepute

These procedures will apply in any match in the l'Anson Competitions, irrespective of Division or Cup, where an umpire has been appointed by the Umpires' Secretary to officiate. Clubs who organise their own tournaments using l'Anson umpires should arrange their own disciplinary process

	DETAIL	COMMENT
1	When an incident occurs, umpires immediately confer to agree whether the incident is to be reported (the "yellow card" moment)	In both of these, note the word immediately : Umpires should not wait for a convenient stoppage. Captain must be in no doubt that he will be required to remain to comply with step 3.
2	Having so agreed, umpires immediately advise captain, if necessary by calling him from the pavilion on to the field of play	
3	At the end of the match, umpires complete the Report form after discussion with player's captain	Important – aim is to get agreement on what happened while memories are still fresh
4	On completion, Umpires and Captain sign form	Please note that captain has the right to disagree with umpire(s), in which case a DSC meeting will be convened
5	Umpire sends form to Disciplinary Secretary ("DS") within 48 hours (ie by following Tuesday)	If possible, please scan report and send by e-mail. If that is not possible, send by first class. Postage cost will be reimbursed. If umpire or captain wants copy, DS will send one
6	If captains and umpires agree with facts as described, the standard suspension will apply from midnight the same day	DS will write to club secretary by e-mail to confirm sanction by following Thursday
7	If captain agrees findings, and sanction is "Club to deal with", Club secretary must advise DS within 14 days with detail of what club has done	DS will keep a tally of such incidents, thus monitoring any persistent offenders who sail close to the mark
8	If captain does not accept findings, DS will convene a hearing and advise the club secretary accordingly (date of hearing, exact offence, persons to attend etc)	If DSC hearing upholds the umpires' report, the sanction against the player will be doubled
8	If the offence is so serious that it needs to be heard at a DSC hearing, DS will convene hearing and advise the club secretary accordingly (date, exact offence, persons to attend etc)	If the hearing concludes that the player is guilty, DSC shall have authority to determine sanction

I'ANSON FACILITIES REQUIREMENTS

Introduction

1 This note sets out the minimum ground and club standards and facilities which the I'Anson Management Committee would encourage member clubs to provide on a regular basis for matches within the Competitions. The standards are also those which the Committee expects candidate clubs to be able to meet on application to join the Competitions.

Playing area

2 The playing area standards set out below are (with the exception of boundary distance) those which clubs should be able to meet, provided they are prepared to make the necessary effort. Clubs which consistently fail to meet these standards will be appropriately warned and will be offered advice on how to improve. Continuing failure could result in sanctions being applied by the Management Committee, the nature of the sanction being related to the level of cricket (ie the division or divisions) concerned.

3 The standards are:

- Pitch to be properly cut, rolled and marked out according to Laws of Cricket (see diagram on page 17).
- Pitch of a playing quality no less than grade 2 according to ECB grading criteria for 1-day pitches, ie a pitch of an acceptable level suitable for recreational cricket and lower levels of league cricket (see note 1 below for a more detailed description of minimum standard for Grade 2).
- Outfield cut to a reasonable level, without large accumulated clumps of cut grass
- Boundary continuously marked with white line, rope or other clearly identifiable feature.
- Minimum boundary of 40m from the nearest stumps (but see note 2 below). It is recommended that the boundary line should be a least two metres from any identifiable hazard, eg a steep slope or rigid fence. Where for any reason this is not practicable, appropriate warning should be given to visiting teams.

Clubhouse

4 The Committee recognises that the nature and standard of club facilities varies greatly between clubs, depending on the resources available to the clubs concerned and to the facilities providers (where these are not the clubs). But the Committee feels that clubs should aspire to certain minimum levels of provision, as set out below:

- Changing Rooms for 2 x 11 players. Separate area for umpires.
- Showers
- Toilets for males and females

- Tea area (under cover) for both teams
- Area for players, umpires and spectators to shelter during wet weather
- Tables and chairs for scorers
- Scoreboard
- Drinks facilities for both innings

5 There may be circumstances where clubs are for physical or logistical reasons unable to provide these basic facilities. But where the failure is due more to lack of effort and is a continuing one, the Management Committee will take the matter up with the club concerned to establish the reasons for the failure and to discuss appropriate solutions.

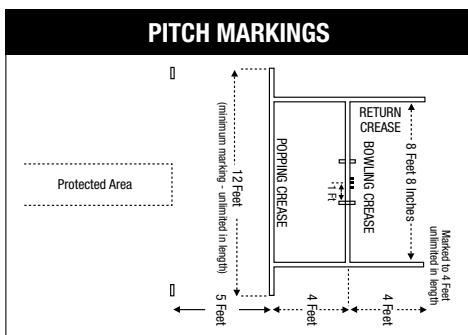

-o0o-

Note 1 The ECB has set out 6 categories for 1-day pitches (5 is the highest and 0 the lowest). Pitches rated 0 are unsuitable for any level of cricket, those rated 1 are not regarded as satisfactory for any level of cricket. Pitches rated 2 are regarded as acceptable for recreational and lower levels of cricket and are described as follows:

‘Either very little carry and/or bounce and/or more than occasional seam movement, or occasional variable (but not excessive or dangerous) bounce and/or occasional variable carry. If a pitch demonstrates these features, then the pitch cannot be rated in a higher category regardless of the amount of turn the pitch displays at any stage in the match.’

Note 2 For a few clubs, it may be physically impossible to provide a 40m boundary for all or indeed any matches. In these circumstances, the clubs concerned are expected to provide the maximum boundary distance which conditions allow, and to organise matches in such a way as to ensure that their teams playing in the higher divisions benefit from the maximum boundary distances at the expense of their teams playing in the lower divisions.

PITCH MARKINGS

CONCUSSION

Concussion is a complex and potentially significant brain injury that must be taken seriously. Failure to do so can cause major consequences both in the intermediate and long term. Care must be taken to identify concussion, which can be difficult to diagnose and may also take time to present. Any player with a suspected concussion must be removed from the field of play and undergo stepwise assessments. A player cannot return to a match unless evaluation determines no concussion has occurred. Any suspected concussion demands a graduated return to play and a player will miss the remainder of a match. Children and adolescents require special considerations. Further details are available from the ECB website at www.ecb.co.uk/concussion-incricket/concussion-resources-and-downloads Clubs should display the ECB Guidelines in recognising and treating concussion on their noticeboards and in dressing rooms

In the event of a fielder having to leave the field for suspected concussion, a substitute fielder may be allowed, according to the provisions of Law 24.

K DISCIPLINE

1. It shall be a disciplinary offence for any player, official, other club member or member club in connection with The Competitions to misconduct themselves, or to act at any time in a manner which prejudices the good name or interests of The Competitions, or to breach the rules of The Competitions.
 2. The disciplinary sub-committee (referred to within this document as DSC) shall be appointed annually by the Management Committee. It shall consist of three members, these including one officer of the The Competitions (who shall be the chairman of the DSC), and one pool umpire.
 3. The standard of proof in all disciplinary cases, including any appeal, is the balance of probability.
- ### 4. OFFENCES REPORTED BY POOL UMPIRES
- 4.i. Under the 2017 MCC laws, pool umpires can apply the level 1 offences in law 42, i.e. issue a first and final warning if an offence occurs and if there is a repeat of the same offence or another level I offence as listed in the law book, then penalty

runs be awarded together with a report to the disciplinary secretary on the prescribed form within 24 hours of the offence. If any level 2, 3 and 4 offences occur, pool umpires will award penalty runs but would not suspend players. Again the umpires would produce a report to the disciplinary secretary on the prescribed form within 24 hours of the offence.

When there are no pool umpires officiating and offences occur as listed under law 42, then club to club complaints will be enacted as laid out under rule K5.

- 4.ii. The prescribed form will be published in the year book.
- 4.iii. If satisfied that the proper process has been followed, the Chairman of the DSC shall advise the outcome to the secretary of the player's club within 48 hours of the offence, and confirm any suspension.
- 4.iv. The player shall have five days from the date of the offence to lodge any appeal, which can only be lodged in accordance with section 8 below.
- 4.v. The chairman of the DSC shall advise the chairman of the Management Committee of the outcome.

5. CLUB TO CLUB COMPLAINTS

- 5.i. Any incident which arises in a match not under the jurisdiction of pool umpire(s), or anything which arises beyond the scope of any pool umpire, whether on or off the pitch in either case, shall be first reported by the aggrieved team captain to a Senior Club Officer (such as the Chairman or Secretary) of their club.
- 5.ii. That Senior Club Officer shall refer the matter to his opposite number in the other club, in the expectation that an amicable resolution can be achieved.
- 5.iii. After referral, if no satisfactory conclusion is reached within seven days of the alleged incident, the Club Secretary shall send a full report to the Secretary of the Management Committee, who will refer the matter to the Chairman of the DSC for action.

6. OTHER COMPLAINTS

The Management Committee shall have unfettered authority to refer any matter which comes to its attention, either directly or from any third party, to the DSC for consideration.

7. THE DSC MANAGEMENT OF OFFENCES AND COMPLAINTS

- 7.i. For offences reported by pool umpires, the DSC's involvement shall end when the Chairman of the DSC advises the relevant Club Secretary as described in K4.iii above, unless the umpire's report requires the matter to be referred to the DSC.

- 7.ii. All other incidents of alleged misconduct shall be reported to the Secretary of the Management Committee who may instruct the DSC to establish the facts of the situation, and to determine the action, if any, which shall be taken.
- 7.iii. Where a disciplinary hearing is felt necessary, seven days' notice of the hearing and details of the alleged offence shall be given in writing to the alleged offender and any witnesses, or in the case of a club to its Secretary. In the case of a player, this notice shall also be given to the Secretary of his/her club, who shall then be responsible for advising the player concerned.
- 7.iv. Any umpire(s) who attend disciplinary hearings will receive £20 reimbursement. This reimbursement will be paid by the club, where a club or individual member(s) of the club have the alleged offences proved. If they are not proven then the reimbursement will be paid from Competition funds.
- 7.v. If, at the hearing, the DSC finds the alleged offence proved, it shall have the power to impose any combination of penalties, including to reprimand and/or fine and/or suspend and/or deduct points. The number of points will be determined by an emergency meeting of the Management Committee (refer to section J). Fines, where levied on a player or club representative, will be the liability of the club that they represented at the time of the offence. Suspension of any player or club may be from The Competitions or from any specified aspect of it. The outcome of the DSC's findings, together with details of any penalty imposed, shall be confirmed in writing within seven days of the hearing by the DSC chairman.
- 7.vi. In addition to the penalties outlined in K7.v above, where gross misconduct is deemed to have occurred, the DSC shall be able to recommend the expulsion of a player from The Competitions or from a specified aspect of The Competitions to the Management Committee.
- 7.vii. Where the DSC has recommended the expulsion of a player, this will be referred to an emergency meeting of a group, comprising four members of the Management Committee. Those who comprised the DSC may attend this emergency meeting to outline the DSC's findings and reasons for reaching their conclusions and recommendations, but they shall not vote. The group will have the power to impose any penalties it so deems appropriate or, where gross misconduct has been found, to expel a player as it sees fit (refer to Section 1 - J).

8 RIGHT OF APPEAL

- 8.i. Any person or club found to have committed an offence as

- described in the foregoing shall have the right of appeal to the Management Committee, or in any case under para 7.vii. to a group comprising those members of the Management Committee who did not sit on the original emergency meeting.
- 8.ii. Where an appeal is submitted in accordance with para 4.iv. above, notice of appeal setting out the grounds should be submitted in writing to the Secretary within five days of the original offence.
 - 8.iii. In all other cases, notice of appeal setting out the grounds should be submitted in writing to the Secretary within seven days of the written advice of the DSC's decision.
 - 8.iv. Every notice of appeal shall be accompanied by a deposit cheque for £50 payable to l'Anson Competitions.
 - 8.v. Upon receipt by the Secretary of a properly completed notice of appeal, any penalty imposed shall not take effect pending the hearing of the appeal.
 - 8.vi. The appeal shall be by way of a re-hearing. Those members of the DSC who conducted the original hearing shall present the reasons for reaching the conclusions they did, but may not vote at this appeal. The Management Committee shall consider the facts and determine the outcome of the appeal, which include power to confirm, vary or annul the original decision of the DSC, and where they consider the appeal to be without merit to order the deposit be forfeited.

9. GENERAL

- 9.i. The decision of the Management Committee at an appeal hearing, or where no appeal was lodged, of the DSC (or in the case of expulsions, of the Management Committee at the emergency meeting), shall be final and binding on all persons.
- 9.ii. For the avoidance of doubt, nothing in this section K shall prevent the proper application of Safeguarding regulations as laid out by the ECB, and which shall take precedence.

1 GENERAL

- a. All matches shall be played according to the MCC Laws of Cricket (2017 Code), but as further amended by these rules. The Competitions shall apply the ECB's Safe Hands policy, including ECB directives on playing conditions for junior cricketers.
- b1. The imposition of penalty runs shall only apply where a pool umpire is officiating, (see also K4i). The exceptions are Law 28.2 (illegally fielding the ball), and Law 28.3, (ball striking a protective helmet on the ground belonging to the fielding side), which shall apply throughout.
- b2. In MCC law 41.7 concerning the delivery of high-pitched full tosses (beamers), only pool umpires will apply it as laid out in the 2019 law book.
- b3. The revised MCC law 5.7 regarding the weight of bats will not apply.
- c. No money will be payable by the visiting team for teas provided by the home team in those divisions where there are equal numbers of home and away fixtures.

2 SEASON, FIXTURES, GROUNDS

- a. The Management Committee shall arrange fixtures for each team in all divisions.
- b. The Management Committee may determine that a penalty be levied on any team which fails to fulfil a fixture on the due date (refer to Section J).
- c. No matches shall be played on artificial pitches.
- d. All matches must be played on the Club's home ground unless notification is received, at least 24 hours before the match is due to be played, in writing to the Competition Secretary. Both clubs must agree to the change before notification is submitted to the secretary.
- e. Any spectator or animal interfering with the ball on the field of play shall be treated as a boundary four. When there are trees grounded outside of the boundary and ball hits overhanging branches or foliage inside the boundary, then a boundary six will be awarded. For trees and other objects grounded within the field of play, together with overhanging transmission lines, "local rules and customs will be applied" and boundary awards agreed before the toss.
- f. A decision concerning whether a ground is unfit for play shall only be made for reason of player safety. Before cancelling, those involved must be certain that the ground will remain unfit for play two hours after the scheduled start time.
- g. The decision to cancel a match prior to the toss taking place must be agreed by both captains. If the captains cannot reach agreement, pool umpires shall make the decision.

However, for matches where no pool umpire is present and where agreement between captains cannot be reached, either captain may contact a member of the Management Committee or an official umpire at a local match, to request an independent pitch inspection be made on the same day. In the event that one team feels it has grounds for a complaint, it may report the matter to the Management Committee, which will review the independent report, and will levy a penalty on the team(s) involved where an unacceptable reason for cancellation is found (refer to Section J).

3 TIMINGS

Start of play

- a. Weather permitting, play will commence at 1.00pm unless an earlier or later alternative start time is agreed between the clubs concerned and notified to the Competitions Secretary. All late starts should be reported to the Management Committee, which may levy a penalty on the offending club(s) (refer to Section J).

Duration of play – uninterrupted matches

- b. All matches shall be one innings per side.
- c. In a match unaffected by inclement weather, the time of the tea interval shall be either two and a half hours after the scheduled start time of the match, or after the close of the innings of the side batting first, whichever occurs later. In other circumstances, the captains shall agree the time of the tea interval. The tea interval shall be of a maximum of 30 minutes' duration.
- d1. Traditional Format Divisions 1, 2 and 3 - A match shall comprise a maximum of 90 overs. The innings of the side batting first shall last no longer than 48 overs. Any over not completed due to declaration or end of innings shall be regarded as a full over, except for the purposes of Rule 6c. No bowler in any match will be permitted to bowl more than 14 overs in an innings.
- d2. Traditional Format Divisions 4, 5, 6 and 7 - A match shall comprise a maximum of 80 overs. The innings of the side batting first shall last no longer than 43 overs. Any over not completed due to declaration or end of innings shall be regarded as a full over, except for the purposes of Rule 6c. No bowler in any match will be permitted to bowl more than 9 overs in an innings.
- d3. Limited Overs Format Divisions 1, 2 and 3
The innings of each side batting shall last no longer than 45 overs. No bowler in any match will be permitted to bowl more than 9 overs in an innings. Any ball passing outside the line of the leg stump and legside of the batsman shall be called wide

by the bowler's end umpire in Division 1 only.

In the event of time being lost in the game the number of overs a bowler will be permitted to bowl will be pro-rated based on the overs scheduled to be bowled in each innings. These will be divided by 5, with no bowler able to bowl more than one fifth of the allocation unless they have already bowled more prior to the delay. In cases where the number of overs to be bowled is not divisible by 5 up to 4 bowlers may bowl one additional over to make up the allocation.

d4. Limited Overs Format Divisions 4, 5, 6 and 7

The innings of each batting side shall last no longer than 40 overs. No bowler in any match will be permitted to bowl more than 9 overs in an innings.

In the event of more than 5 overs being lost in either innings the number of overs a bowler will be permitted to bowl will be pro-rated based on the overs scheduled to be bowled in each innings. These will be divided by 5, with no bowler able to bowl more than one fifth of the allocation unless they have already bowled more prior to the delay. In cases where the number of overs to be bowled is not divisible by 5 up to 4 bowlers may bowl one additional over to make up the allocation.

d5. Limited overs format – in division 1 only there will be fielding restrictions. There must be 4 fielders (excluding the bowler and wicketkeeper) inside a circle at the instant of delivery by the bowler. The circle should comprise of two semi-circles that have at their centre, the middle stump at either end of the pitch. The radius of the semi-circles shall be 30 yards. Also, in division 1 only, in the event of a foot fault no ball, the next delivery will be a “free hit”. The field placings for the “free hit” will not change from the previous delivery. Allowance will be made for a change from left to right-handed batsmen and vice-versa.

Duration of play – delayed starts

e. For late starts due to any reason, overs shall be deducted on the basis of two overs (one over for each innings) for every complete seven minutes lost.

Duration of play – interrupted matches

f1. Traditional Overs Format

Any intervals or interruptions in play, excluding periods between innings, intervals for tea or suspensions for exceptional reasons, occurring after the start of a match, or any delay due to weather, shall result in a reduction in the number of overs available for play in the whole match at the rate of one over for each completed period of three and a half minutes lost. In these circumstances, the side batting first

may still bat for the full 48 overs in Divisions 1, 2 and 3 and 43 overs in Divisions 4, 5, 6 and 7.

f2. Limited Overs Format

In the event of time being lost after the commencement of the match due to inclement weather or other cause during the innings of the team batting first, then the team batting first may still receive the full 45 overs in Divisions 1, 2 and 3 and 40 overs in Divisions 4, 5, 6 and 7 or as reduced at the start of the match. The calculation of the total number of overs remaining to be bowled shall be based on 1 over being lost for each completed period of 3 and a half minutes. The runs required for the team batting second will be determined by the rate run per over of the team batting first calculated as detailed in 6c.

Bonus point targets will be calculated, and points awarded based on the revised target.

g. In all matches, the bowling side should achieve a minimum bowling rate of 16 overs per hour. In matches where pool umpires are officiating, umpires shall advise the Umpires Secretary when this rate is not achieved. The Management Committee may issue a warning to the club on the first occasion and, other than when there are extenuating circumstances, may deduct points for subsequent reports.

h. In limited over matches there will be a time limit for bowling the required number of overs.

In 80-over limited over games the limit is 2 hours and 45 minutes

In 90-over limited over games the limit is 3 hours

Failure to meet these limits will result in a 5 run penalty for every over short of the target to be added to the score of the batting side.

The final over of the innings needs to start before the end of the time limit.

4 PLAYERS, TEAM PRECEDENCE AND NUMBERS

a. A team shall normally comprise 11 players. However, a team must play when comprising eight players or more (See also Two: 2b).

b. The following players are NOT eligible to play for a club in any match in The Competitions:

However, any such player wishing to transfer may apply, only before August 1st, by submitting the written agreement of the player's former club with the application to the secretary, who shall have the power to agree the transfer. - d. In addition to Two:4b3, within the last four scheduled fixtures of the season no more than TWO players who have played seven or more times in a higher team for their club, in either The Competitions or any other Saturday competitive league competitions, may be permitted to play in any lower team within their club in The Competitions, unless the prior written consent of the Management Committee has been obtained. Any player who has played in the Southern League in the same season will not be eligible to play in The Competitions without prior written consent of the Management Committee (see also Two:4g).
Within the last two scheduled fixtures of the season for clubs with more than one team in The Competitions players will only be eligible to play for lower teams if the majority of their appearances in that season have been for the lower team, unless the prior written consent of the Management Committee has been obtained. This rule does not apply to clubs with 3rd and 4th teams within The Competitions where their players have the majority of appearances in the 3rd and 4th teams. There are no restrictions to playing up in higher teams for their club.

- f. No player shall receive any payment for playing in the competitions, either in the form of remuneration or payment of expenses connected with participation in a match (such

Offending team Minus 20 points

Cancelled matches shall be considered for the calculation referred to in Section Two: 7a.

Abandoned matches will not be considered for the calculation referred to in Section Two: 7a.

- d. The results of all matches (including cancellations) must be notified by the home club to The Competitions by noon on the Monday following the fixture with a full scorecard on the 'Play Cricket' Website including bonus points for both Teams. Failure to do so will result in a penalty per default per team being levied (refer to Section J).

It is the responsibility of both Teams to check the result, and award of bonus points that has been entered on the 'Play Cricket' Website. Any errors and corrections need to be notified to the Secretary within two weeks of the fixture being played. After this time no amendments will be made to the points awarded. Results and the award of points for matches in the penultimate week of the season need to be confirmed by the start of the final round of matches. Once the final round of matches starts the league tables will be deemed to be correct.

7 CHAMPION TEAM, PROMOTION AND RELEGATION, TROPHIES

- a. The team that gains the highest average points per completed match shall be the champion and shall be awarded either the I'Anson Cup, the Herald Shield, the Miller Cup, the Bob Burchett Trophy, the Norman Disney Trophy, the Cyril Crawte Trophy or the division 7 cup for divisions 1 to 7 respectively.

 - d. In the event of two or more teams finishing with identical average points, the team with the most bonus points will have the advantage. If still level, overall results of all divisional matches played in that season between the relevant teams will determine the team awarded the advantage. If still level, the team with the most wins will have the advantage.
 - e. No club may have two teams in the same division, apart from the lowest division.
 - f. Promotion and relegation in each division will be on a two-up and two-down basis or as advised by the management Committee prior to the commencement of the season. In division 7 three teams will be eligible for promotion if one or two clubs are entered in division 7. Consequently, three teams will be relegated from division 6. If no new clubs enter into division 7 then the two-up, two-down will remain.
 - g1. If a club has a team in a division to which another of its teams is relegated, the other team will also be relegated. Conversely, a team cannot be promoted into a higher division if the club has a team in the higher division. In the event of new teams joining or existing teams leaving The Competitions, the Management Committee shall have the power to modify the promotion and/or relegation arrangements to enable changes in the structure of the divisions.
 - g2. In the event a club drops out of the league (whatever the division) or the league is restructured for any reason, the management committee, whilst retaining its discretion, will weigh any decisions around promotion and relegation in favour of teams in the lower divisions being promoted rather than teams in a 'relegation spot' at the bottom of the higher division retaining their place.
 - h1. The trophies are challenge trophies and cannot be won outright. The secretary will insure them, but clubs holding these shall be responsible for taking reasonable precautions for their safe custody. The trophies must be returned to the Secretary by July 31st for re-presentation. Failure to comply to incur a fine of £10.

- c. In any matches in which umpire(s) cannot be provided from the pool, it shall be the responsibility of each side to provide a fair and competent umpire(s). Where players are asked to officiate, it shall be the responsibility of the captain concerned to ensure that the player-umpire is conversant with the current Laws of Cricket and is over eighteen years of age.
- d. Where only one pool umpire is available, it shall be the umpire's decision as to whether he/she officiates at the bowler's end or alternates between the bowler's end and striker's end.

9 INVESTIGATIVE POWER

- a. The Management Committee will have the right to investigate any game where the conduct of any teams as a whole, or players within those teams is considered contrary to the Spirit of Cricket, or the integrity of the I'Anson League. The Management Committee will have the power to apply any sanctions deemed appropriate.

All rules within this section are prefixed "SP", to eradicate confusion with l'Anson Cup Competition rules as outlined in the previous section.

SP1A GENERAL

- a. The l'Anson Cup Competition rule numbers 1a, 1b, 2c, 2d, 2e, 3b, 4a, 4b, 5b, 5c, 6c, 8a, 8c and 8d shall apply to the Stevens, Pope Cup, and Plate Competitions. All matches shall be played according to the MCC Laws of cricket (2017 code) with penalty runs as outlined in section 2 – 1b.
- b. All first teams in divisions 1 and 2 will compete for the Stevens Cup, and Plate Competition. All first teams in Divisions 3, 4, 5, 6 and 7 will compete for the Pope Cup. Clubs entering the Stevens Cup may add a second team into the Pope Cup.

SP2 SEASON, FIXTURES, GROUNDS

- a. All matches shall be played on the knockout basis.
- b. All matches, apart from the finals, will be played on Tuesdays on the weeks determined by the Management Committee. Agreement on the time and day of the week to be determined by the two clubs involved in the tie. If no agreement can be reached by the two clubs, then it will be played on Tuesday evening. (Certain clubs have Sunday friendly fixture lists, and these should be taken into consideration when fixing times and days for the ties.) Umpires to be informed of the dates and times of matches and when there are postponements. It is not compulsory for clubs to partake in the knockout competitions.

The finals will be played on a date, time and venue determined by the Management Committee.

- c. If matches cannot be played on the day and time due to the unfit ground, then every effort should be made to play the tie during the same week, but if there is no agreement, then it can be played during the following week. If no agreement can be reached by the two clubs, then it will be decided by the Management Committee.

In the event of a tie being unable to be played or completed before the week of the next round, the tie will be determined by a "bowl out". Each member of the two teams will bowl alternately at a set of stumps. The team with the most number of "hits" will be deemed the winner. If the number of "hits" is equal, then there will be sudden death. If a "bowl out" is impossible then the tie will be determined by the toss of a coin.

- d. All Clubs losing their first match in the Stevens Cup shall be

eligible to play in the Plate. [This also applies to matches where a team is entering the competition following a bye and is playing their first match. The loser of this match will also qualify for the Plate.]

SP3 TIMINGS

- a. Each innings shall be of a maximum of 16 six-ball overs in the group matches except the finals. In the finals each innings shall be a maximum of 20 six-ball overs. In overs 1 to 15 (or 1-19 in the finals), any wide or no-ball, will result in a two-run penalty, but no extra balls will be bowled in the over. In the final over of the match, there will still be two penalty runs added to the score for wides and no-balls, but there will be extra deliveries.
- b. Matches where the start is delayed shall result in the maximum number of overs being reduced by one for each innings for each seven complete minutes lost, to a minimum of 12 overs per innings.
- c. If for any reason the finals are abandoned after play has commenced, the matches shall be replayed as determined by the Management Committee.

SP4 PLAYERS, TEAM PRECEDENCE AND NUMBERS
