## Poolsbrook Parkrun

**Saturdays, 9am (free timed 5km run)**

Parkrun is a free, weekly, community event all around the world every Saturday morning. It is a positive, welcoming and inclusive experience where there is no time limit and no one finishes last.

Everyone is welcome to come along, whether you walk, jog, run, volunteer or spectate. Volunteer “parkwalkers” are there each week (look out for the blue vests) to encourage and support anyone would like to enjoy a walk round the course.

You can learn new skills and enhance your health and happiness in the great outdoors whilst making new friends, feeling part of your local community and improving your fitness.

## Derbyshire Constabulary

Advice for parents, guardians and professionals.

Finding out that your child, or a child in your care, has witnessed or been the victim of child abuse can be incredibly difficult. The first priority is to make sure that the child and any others affected are safe. The second is to ensure that the threat or danger to them is removed. We aim to do both.

## Neuro Hub

*The hub aims to simplify the process of accessing services that cater to the specific needs of children and young individuals, ensuring that parents and carers can access relevant support quickly and easily.*

*The advice and support offered by the hub are centred around the key areas of need identified by parents - early help and guidance on matters such as eating, sleeping, communicating, environmental factors, and emotional regulation.*

*They provide assistance regarding broader needs such as housing, financial advice, and employment support in collaboration with other service providers.*

*Users of the hub will not require a formal diagnosis in order to access the support they need.*

## Repair Café

**3rd Saturday of the month 10.00am until 1.00pm but 'last orders' by 12.15pm please!**

**Transition Chesterfield** has been running Repair Cafés since 2016. This is what we do:

**Repairing** broken or damaged items can save time and money! Items can be put back into use and given an extended lifespan. This way we also send less waste to landfill and use up fewer resources when replacement items don't need to be bought. Watching and, where possible, taking part in a repair helps you develop your skills and become more confident in repairing damaged items yourself.

Less waste! Less pollution! Less money!

**Advising** on how best to use your belongings, particularly electronic devices, can mean you take full advantage of all their options and services, thus saving you time and effort. Our fixers can often show you how to maintain your items so they last longer. We also advise on how to dispose of them when they cannot be repaired.

**Data collecting.** We collect information on the items people bring to keep track of our repairs, but also so that this can be fed into a larger database and used to campaign for access to repair information and spare parts
