Collection Overview	
Administrative Information	1
Scope and Contents	1
Container Listing	
Series A: Aircraft	2
Series A1: Lighter than Air (LTA), General	1913
Series A2: Lighter than Air (LTA), Balloons	1917
Series A3: Lighter than Air (LTA), Airships	1964

Collection Overview

Repository:	National Air and Space Museum Archives
Title:	National Air and Space Museum Technical Reference Files: Aircraft
Date:	Ongoing
Identifier:	NASM.XXXX.1183.A
Creator:	National Air and Space Museum. Archives Division.
Extent:	240 Cubic feet
Language:	Undetermined .
Digital Content:	Image(s): NASM-9A14471: Budd BB-1 "The Pioneer" (r/n NR749N) assembly, circa 1932-1933.

Administrative Information

Restrictions

The majority of the Archives Department's public reference requests can be answered using material in these files, which may be accessed through the Reading Room at the Steven F. Udvar-Hazy Center in Chantilly, Virginia. More specific information can be requested by contacting the [Archives Research Request](#) .

Scope and Contents

The [Technical Reference Files](#) comprise an artificial collection that currently contains 1,900 cubic feet of aviation and space related materials, organized in 22 subject series. File materials include photographs, press releases, clippings, correspondence, reports, and brochures, on individuals, organizations, events, and objects.

AB-583000-80: Boeing Model 747 Family [Photos]

AB-583000-O2: Boeing Model 747 Family [Oversize]

Notes: 9.75 x 13 inch gelatin silver copy print, photograph, irregularly trimmed at left edge; cutaway line drawing by John A. Marsden for Flight International (copyright), one-quarter front left side view from above of a Boeing 747 aircraft.

AB-583000-O3: Boeing Model 747 Family [Oversize]

Notes: 11 x 14 inch color borderless photo on RC paper: silhouette of a Boeing 747 in flight; a body of water, coastline, and the sun can be seen in the background (Boeing Photo No. K22467).

AB-583000-OS: Boeing Model 747 Family [Oversize]

Notes: 10.1 x 12 inch gelatin silver copy print, photograph, damaged at lower edge; cutaway line drawing by F. Munger for Flight International (copyright) showing details of left central landing gear on a Boeing 747 aircraft.

Notes: Miscellaneous articles and telegrams focusing on Frank Sinclair, a Seversky Aircraft Corporation test pilot, and his aviation career, primarily his near fatal crash in 1939. Articles are largely undated material from unknown sources. Identifiable sources include The Seversky Weekly and The Seversky News. Telegrams date from 1937 to 1939. (Photocopies on 11 x 17 inch paper, some yellowing and tearing along edges).
