PADDLES

The most popular blade shape on the market today for Sprint and Marathon paddling.

The CS blade is hand built using state of the art tooling systems which are then cured in an Autoclave oven, resulting in one of the lightest and toughest paddles on the market.

The CS paddle range were used by 7 out of the top 10 ten finishers in one of the toughest races in the world last year.

Another unique feature are the coloured fabric Carbon shafts, in a range of *5 stunning colours.*

These adjustable shafts also come with a super light-weight connector that is designed for all waters and conditions and will not corrode or stick.

CS paddles have a great catch, smooth paddling action and an excellent exit phase.

Prices start from £235.00

PADDLESAFE – SAFEGUARDING AND PROTECTING CHILDREN

British Canoeing is committed to ensuring that everyone can enjoy Paddlesport in a safe environment in which they are protected from any form of poor practice, abuse or neglect. Working with the NSPCC and Child Protection in Sport Unit (CPSU), we are committed to constantly evaluating and developing our Safeguarding policies and processes so that we are exceeding the CPSU best practice guidance as well as ensuring legislative compliance.

Everyone in Paddlesport has a responsibility to help safeguard and protect those involved in the sport. Sometimes this can be a daunting prospect and to support those involved in our sport British Canoeing and the home nations have developed a range of policies, procedures and guidance. These can be found on www.britishcanoeing.org.uk and each home nation website. We ask that club Secretaries/Welfare Officers know where to find the information and make sure it is shared and discussed at club executive and general meetings.

The policies and procedures in this area stem from the following core principles:

- The child's welfare is paramount.
- Anyone under the age of 18 is classed as a child.
- All children, regardless of age, any disability they have, gender, racial origin, religious belief and sexual identity have a right to be protected from abuse.
- Coaches, clubs and centres need to be provided with advice to raise awareness of best practice, guidance and support should they become involved in an abuse situation.

Safeguarding Support Officer - While the welfare of young people is the first consideration, British Canoeing recognises that coaches, volunteers and helpers may also require support if an allegation is made against them. In these cases individuals should contact the British Canoeing Safeguarding Support Officer whose role is to listen, support, help and provide advice (contact details below). They will not be involved in the case and will be completely independent of the investigation.

Event Management - Event organisers should take note that there is a requirement to provide a Welfare Officer at all events where children are participating. For further details refer to the guidance sheets on the website – [Paddlesafe Events](#).

Good Practice Guidelines

By following these guidelines you will help to safeguard both children and adults at risk in our sport as well as protecting our coaches/volunteers from wrongful allegations.

- Avoid situations where you are alone with one child/adult at risk. British Canoeing acknowledges that occasionally there may be no alternative, for example, where a child/adult at risk falls ill and has to be taken home. We would stress, however, that one to one contact must not be allowed to occur on a regular basis.
- If any form of physical support is required ask the paddler's permission, explain what you are doing and why to both the child/adult at risk and their parents/carers.
- Where possible ask parents/carers to be responsible for children/adults at risk in changing rooms. Always ensure that whoever supervises young people work in pairs.
- Where there are mixed teams/groups away from home, they should always be accompanied by an adult male and female coach/helper.
- Don't allow physically rough or sexually provocative games, or inappropriate talking or touching.

PADDLESAFE – SAFEGUARDING AND PROTECTING CHILDREN

- If it's necessary to do things of a personal nature for children/adult at risk, make sure you have another adult accompanying you. Get the consent of the parent/carer and if possible the child/adult at risk. Let them know what you are doing and why.
- Ensure that any claims of abuse by a child/adult at risk are taken seriously and that it is dealt with by people who know what to do.
- Ensure that the nature and intensity of training does not exceed the capacity of a child's/adult at risk's ability and stage of development.
- Follow the British Canoeing guidelines for photography and video use (see Guidelines for use of [Photographic and Filming Equipment](#))
- If you accidentally hurt a child you should report such an incident immediately to another club coach/official and make a written note of it. You should also inform the child's parents/carers, preferably in person.
- If a coaching technique would benefit from physical contact or support then first ask the paddler's permission (e.g. would you mind if I held your shoulders to show you what I mean?). It is useful to take time to explain why and how this is used to the paddler and their parent or carer. (See British Canoeing or home nation guidelines for physical contact). Touching during a coaching demonstration can be OK and appropriate as long as it is neither intrusive nor disturbing or for the wrong reason

Ensure your club adheres to British Canoeing best practice guidelines and requirements with particular reference to:

- British Canoeing Safeguarding Children Policy and Safeguarding Adult Policy.
- British Canoeing Codes of Conduct.
- Safe recruitment and vetting practices including appropriate Disclosure checks, where eligible, in accordance with home nation and government guidelines.
- Safeguarding training.
- Club Welfare Officers attend specific training to support their role- Safeguarding and Protecting Children and Time to Listen workshops.
- Publicise your Club/Event Welfare Officer contact details.
- Publicise the NSPCC Child Protection Helpline.

Weils Disease (Leptospirosis)

All water users should be aware of this potentially fatal infection. This is a bacterial infection normally believed to be spread by rat urine, it can also be transmitted by cat, fox and rabbit urine. Transmission is usually through an open wound or abrasion but can also be caused by ingestion of contaminated water.

SYMPTOMS

Lethargy, diarrhoea, headaches, vomiting and muscle pain; sometimes referred to as flu like symptoms. If left untreated this can be fatal.

PREVENTION

Prevention measures against water borne infections are to:

- ❖ Cover all cuts and abrasions with waterproof plasters
 - ❖ Always wear footwear to avoid cutting the feet
- ❖ Avoid capsizing or rolling practice in suspected waters
 - ❖ Where possible, shower soon after the activity
- ❖ As a minimum always wash your hands after paddling and before eating or drinking

If you feel ill after paddling you should tell your Doctor as soon as possible and let them know where and when you have been on the water.

*The NHS publish the following guidance

PADDLE-ABILITY

Paddle-Ability is the term used by British Canoeing to describe all Paddlesport activity for disabled people. The term focuses on a person's ability to take part in Paddlesport rather than their disability. British Canoeing encourages and supports anyone with any disability or impairment to participate in competition in specific Paddle-Ability events and mainstream competition. Specific Paddle-Ability events are held at National Regattas in Nottingham from April to September. Racing is based on ability (in time bands).

Entries must be submitted, in advance, with other club entries via the Club Team Leaders. If your club does not already have an appointed team leader please contact

info@britishcanoeing.org.uk

Entrants may have an escort boat to provide support to the starting posts; limited support is also permitted during races. Escort paddlers will be expected to wear yellow escort bibs.

The current Paddle-Ability events available are:

- K1: 200m, 500m

2021 SPRINT RACING COMMITTEE

Chairman's Foreword

At the time of writing we are in lockdown and the months ahead appear uncertain. COVID 19 has caused upset and sometimes sadness for people both on a personal and professional level. We hope that paddling (when it has been possible) has helped many in their general well-being. While 2021 is likely to be far from normal we hope that elements of normality will return.

From a sprint racing perspective the Olympic competition feels like it is becoming less and less relevant to our sport as the International Canoe Federation squeezes and changes events with little thought or discussion. Towards the end of 2020 we had the announcement of the probable loss of the sprint 200m K1 races from the Paris Olympics in 2024. This is devastatingly sad and upsetting for athletes who have made life choices which will be massively affected by this decision. Those athletes deserve all our support. But it also is a reminder to do what we believe in - and a reminder to remember what the magic was that drew us into the sport in the first place. That probably had nothing to do with the Olympics and more to do with being on the river and racing or messing about with friends. We have the power to develop the sport in this country to capture more of that magic. If we can do that - then is that ultimately of greater value to the racing community than medals?

The Sprint Racing Committee is looking at inclusive ways to move the sport forwards and capture that spirit with new collaborations. It's exploring new local speed competitions, city centre racing, new national races, new skills learning opportunities for juniors and coaches at home and abroad and new ways of telling the exciting stories that unfold in our sport to a wider audience. Underpinning these projects is a philosophy that wants to ensure everyone in the racing community feels their voice can be heard. So if you have any ideas or feedback please contact me:- canoesprint.chair@vol.britishcanoeing.org.uk

A huge thank you to so many people, for their support, hard work and generally being enthusiastic as well as patient. A particularly massive thank you to the Sprint Racing Committee, the Regatta Committee and the teams of volunteers who all give up so much time to ensure the HPP regattas run so well. They all have a wealth of experience and expertise that can easily go unnoticed and unappreciated.

A special thank you as well to Alan Laws who stepped down as Chair of the SRC in the autumn of 2020. He has served on flat water racing committees for the last 50 years. A truly remarkable record.

And finally a moment to pay our respects to Molly Green who sadly passed away last Autumn, canoeing's equivalent to the Queen. We shall miss her and do our best to ensure her generosity of spirit is embodied in everything we do.

Sprint Performance Strategy Review

The review was a recommendation from the Sprint Situational Analysis, a co-commissioned piece of work by British Canoeing and UK Sport which started late in 2019 and concluded early 2020. A Sprint Performance group was set up to direct the work to form a new strategy for the sport. Task and Finish groups were formed comprising of a mixture of staff, athletes, coaches, and leaders from the community. Drafts reports were opened to the whole sport for consultation during the summer and autumn 2020. Consultations to further shape the earlier work continues to form a clear vision for the future of the sport into which the whole community have contributed. The Performance Sprint Strategy will be finalised and published in early 2021 ready for implementation by British Canoeing and the Sprint community'.

The Sprint Competition Review Work Group:

A Working Group (WG) appointed by the Sprint Racing Committee (SRC) in October 2018, reviewed the UK canoe sprint competition structure, to make recommendations to improve that structure. The full report and summary of all data analysed can be found on this link:

- 25.9 The Starter may also recall competitors for a new start in the event of any unforeseen circumstance – a malfunction of the starting equipment for example. In such a case the same powerful sound signal must be given. If a malfunction of the starting equipment was caused through a boat making a false start, the crew must be given a warning, even though that boat may not have crossed the start line. Notes to the British Canoeing Sprint Racing Competition Rules

Races Exceeding 1,000 Metres at the National Water Sports Centre Nottingham, Rules 21.4 and 21.5

Because of limitations at the National Water Sports Centre - mainly the start pontoon being fixed for the Start of 5,000 metre or 2,500 metre events - it is not possible to comply with the Rule and provide the three courses required. The 2nd leg under the Rule is 47.75 metres too long. The requirements given in the Rule are those of the ICF, which the BC must shadow in its own Rules.

Long Distance Courses at the National Water Sports Centre, approved by the SRC

To provide flexibility there are three turning points with the start and finish of the turns as follows:

1. 10 metres beyond the finish line
2. 450 metres from the finish line
3. 1123 metres from the finish line

The standard domestic long distance race will consist of, 1 long lap to the turn at 1123metres mark from the finish line, plus 2 short laps turning at the 450 metres turn from the finish line and then finishing on the Finish Line in front of the Control Tower.

Allowance will be made for the prevailing weather conditions.

Club Registration Information, to register or amend club or Team Leader details, can be found via <http://canoeracing.org.uk/sprint/national-regattas/>

The Sprint Registration Scheme is a unique database for sprint clubs and paddlers. Team Leaders require a secure login to access the registration database, update paddler details and submit entries. For login information, email regattachair@britishcanoeing.org.uk

A Club's Sprint Coach or Sprint Team Leader can register paddlers online via
<http://canoesprint.britishcanoeing.org.uk>

Team Leaders when **first registering their paddlers** are responsible for ensuring that each paddler has achieved the BC 2 Star or Paddle Explore qualification or have **paddling competency** equivalent to these awards.

Only Registered Paddlers can enter a British Canoeing National Sprint Racing Regatta. Paddler Registration closes 5 days before the regatta entry deadline.

All Competitors **must be current members of a National Federation. (i.e. British Canoeing, or CW, SCA, CANI)**. The only exceptions are Mini Sprint or Junior Intermediate and D paddlers who are members of a BC affiliated club with a registered junior section. The number used to register these juniors will be the club's affiliation number followed by their own club paddler number. When juniors are promoted, to division 'C' or above, they must become a member of British Canoeing. **Team Leaders are responsible for updating the Online Paddler Registration database with the junior's BC number.**

NATIONAL SPRINT REGATTAS 2021

Ranking List: Not all registered paddlers in the Paddlers Database are shown in the Ranking List. The Ranking List (Section D) is intended as a 'working' list and includes registered paddlers who entered a National Regatta during the last three years or those considered likely to race in the current season.

Paddle Database: The Regatta Committee holds paddler information in a secure database for the purpose of organising and running regattas. This information includes names, gender, DOB, club and/or squad, ability and age classes. The system also holds data on entries and will in time hold results. Secure access to this database is provided to team or squad leaders who can only see the paddler records for their club or squad, and regatta administrators for the purpose of organising these regattas. Data is exported from this database for the annual handbook, for the timing system at the national regattas, and very occasionally for analysis to support the development of sprint racing. Timing data from the timing system is also used within the live results and live draws system during regattas.

We are guided by the 7 principles of GDPR, <https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/principles/>.

We do not pass on any personal data to 3rd parties.

National Regatta Entries are made by Team Leaders via the Online Entry System on <http://canoesprint.britishcanoeing.org.uk>

Team Leaders are responsible for the prompt payment of all entry fees.

National Entries must conform with British Canoeing Sprint Racing Competition Rules (pages A9-25) and National Regatta Conditions/Terms of Participation (pages B8 – B13)

See also Team Leaders' Responsibilities on page B7 and Notes for Canoe classes on page B9

In the event of inclement and/or windy conditions the organisers may at their discretion cancel or postpone races or insist on the wearing of buoyancy aids.

An Orange flag will be displayed on the flagpole by the Finish Tower when buoyancy aids are compulsory for any (or all) classes of paddlers.

NATIONAL SPRINT REGATTAS 2021

Following the trials in 2018 and 2019 of Under 12 sprint K1 events this trial will now be expanded to include U14s for the 2021 National Regattas

Intermediate Sprint Kayak (U14) K1 events

Boys Intermediate Kayak (BIK) and Girls Intermediate Kayak (GIK)

These classes replace the BU12 and GU12 classes. They allow paddlers who are under 14 and have not yet reached the qualifying time for D classes but do meet the qualifying times for the Intermediate classes, 500m: K1: 2:46 for boys and 2:59 for girls to race K1 events at the National Regattas.

The races are designed to provide a transition into D classes.

These classes will support those who have raced in the U12 events, Lightning age paddlers who are already racing sprint K1s, U14 paddlers who are too old for Lightning events and new U14 paddlers.

The BIK and GIK events will run over 500m in K1s at the April, June and September regattas. The July regatta being the National Championship event for juniors.

It is the club team leader's/coach's responsibility to make sure that their paddlers have achieved BC 2 Star or Paddle Explore qualification or have the paddling competency equivalent to that award and are confident and competent to paddle down the HPP course in a sprint K1.

For this event:

- Any sprint K1 boat, other than a Lightning may be paddled.
- Boys must be able to paddle 500m in a minimum of 2:46 and they will be all Boys events
- Girls must be able to paddle 500m in a minimum of 2:59 and they will be all Girls events
- Existing Lightning paddlers may enter the event providing they have reached the required time in a sprint K1 and their team leaders have registered them in the database with this K1 time as BIK or GIK.
- Those juniors registered in the **Intermediate classes** will be able to paddle with D classes for crew boat events. Lightning and Intermediate paddlers will not be able to race together in K2 as 50% of the boat's crew must be qualified for Girls or Boys D classes. Intermediate paddlers could paddle K4 in the D classes as long as at least 2 of the crew are registered as Girls or Boys D.
- All **Intermediates** must always wear a buoyancy aid when they are on the water. The buoyancy aids must conform to the standards of the I.C.F. or E.N. 393 and 395.
- Once they have achieved the time for a Junior D class they will be promoted and will not be allowed to race in the Intermediate classes
- Junior D class paddlers who are under 14 are not allowed to enter the Intermediate class
- The **Intermediate K1** events will score points for their club at the McGregor Inter-club regatta.

The Intermediate classes will be trialed this year and a review will be undertaken to determine future developments.

NATIONAL SPRINT REGATTAS 2021

Due to COVID-19 restrictions, there will be changes to the National Regattas' usual format for 2021. Each competition could be different depending on the government rules in force. We can share some information now, as it is likely to be common to all competitions this year:-

- Approximately 6 weeks before each regatta we will make an announcement on the SRC website with the detailed information on the situation for each competition.
- The Event Schedules will be announced and published on the SRC website nearer the date of each competition.
- Races may be arranged in specified athlete groups, for example Juniors on Saturday, Seniors on Sunday. Rather than the traditional 200m and 1000m races on Saturday and 500m races on Sunday. This will reduce the numbers on the site at any one time. Also, for some, this may avoid an overnight away from home.
- The Team Leaders' Meeting will be held virtually on Tuesday evening before the regatta.
- Change of Crew forms will be made available and are to be submitted online.
- During the competition weekend, all results and draws will only be published 'online. There will be no notice boards for results in the Centre.
- Restrictions may have to be implemented to limit the number of coaches, parents, supporters or spectators allowed to attend the competition.

b) When promoted to class 'C' or above, the junior must become a full member of British Canoeing in their own right. **Team Leaders are responsible for ensuring that newly promoted junior C paddlers become a BC member and update the Online Entry System database with the junior's new BC number before submitting any further entries for that paddler.**

17. 'Tiddly Winks' and Boards

Coloured counters (known affectionately as Tiddly Winks) are awarded for the first three places in all Final 1s in the junior classes. These awards can be collected from the Regatta Secretary's desk. Also available, at a cost of approximately £6.50, is a small wooden board on which the self-adhesive counters can be mounted for posterity!

18. All National Regattas are held in accordance with British Canoeing Sprint Racing Competition Rules and these National Regatta Terms/Conditions of Participation.

British Canoeing Sprint Regatta "Liability" Statement

Canoeing and Kayaking are assumed-risk water-contact sports. Participation in these sports carries an inherent risk of injury to competitors and damage to property. Participants should be aware of the risks involved in these sports and are responsible for their own actions and their involvement in these sports. **In all cases competitors compete entirely at their own risk.**

The Regatta Organisation, the Sprint Racing Committee and British Canoeing exclude liability for any loss or damage that may occur to competitors or property during participation in canoeing and kayaking to the fullest extent permitted by law.

All competitors must be current members of British Canoeing except for juniors ranked in Girls D, Boys D, Girls Intermediate or Boys Intermediate and 'Lightning A' or 'Lightning B' who are members of BC affiliated clubs with a registered junior section. Regatta Entries are accepted on the basis that each competitor and Parent / Guardian of a junior, is aware of and has accepted the above conditions. Team Leaders are to ensure that all their club competitors are aware of and accept the above statements.

In the event of unsuitable weather conditions, the organisers may at their discretion cancel or postpone races or insist on the wearing of buoyancy aids. An Orange flag will be displayed on the flagpole by the Finish Tower to indicate that buoyancy aids are compulsory for any (or all) classes of paddlers.

INTER-CLUB NATIONAL COMPETITION

The MacGregor Paddle Challenge

John MacGregor M.A., Trinity College, Cambridge; (1825-1892) Barrister-at-Law, Captain of the Royal Canoe Club, through his extremely popular books and magazine articles from 1865 to 1892, practically invented the sport of canoeing (or kayaking).

The beginning of recreational canoeing can be traced directly to an Englishman, called John MacGregor, in the middle of the nineteenth century. He was a man with a penchant for boat design and exploration, who developed his craft based on the Eskimo Kayak, which he named *Rob Roy*. He took the boat on long journeys along the rivers and across the lakes of Europe, lecturing and writing about his travels as he went. His tales attracted quite a following and soon there were many kayakers in Great Britain based on his kayak design that is still referred to as a *Rob Roy*.

Canoes are the larger category under which kayakers fall while all kayakers are canoes, not all canoes are kayakers. Paddlers in kayakers sit with their legs stretched out in front of them and canoeists generally paddle from a kneeling position. Most canoes are open hulled; while kayakers have covered decks. Canoe paddles are typically single bladed, while kayak paddles are double ended.

Some might say these differences occur because of the type of water available, but a look at the evolution of British canoeing culture during the past one hundred and twenty years would suggest that the major changes are due to those who have written and taught, coupled with the availability of canoes or kayakers.

The first period from 1865 evolved from the founder of British canoeing, John MacGregor. His book, *A Thousand Miles in the Rob Roy Canoe*, fired the imagination of the Victorians. The '*Rob Roy*' was a stable kayak, went in a straight line and had a large cockpit. Made of wood, it was easy to handle and a boat in which any beginner would have felt safe. In this period, wooden canoes were imported and were used for family outings and touring, the limitation to the growth was the cost of the wooden craft.

The second period from the 1930s to the 1950s is identified with the wooden frame and canvas kayakers and the start of the BCU Coaching Scheme. Percy Blandford wrote books and produced a host of designs for the Scout movement, which brought canoeing to a much wider number of people. The low cost, make-it-yourself PBK (Percy Blandford Kayak) designs, were, like the '*Rob Roy*', stable, went in a straight line, and had large cockpits. The British Canoeing Coaching Scheme was started in the 1950s by John Dudderidge. The original proficiency tests were designed around the use of the open cockpit straight-line kayak.

The third period, which had a massive impact on both the expansion and the change in direction of British canoeing culture started around the early 1960s, when in 1962, the BCU appointed its first Director of Coaching, Oliver Cock, giving added drive to what was to become a very powerful teaching scheme. For various reasons, the Coaching Scheme became more and more interested in rough water canoeing. At the same time, glass reinforced plastic became available. Moulds were produced for the home builder and the designs reflected the interest in rough water. Thousands of kayakers were produced with rockered hulls and small cockpits. By 1980, the Coaching Scheme had 3,000 members almost all teaching in the close fitting cockpit kayak. So powerful had that culture become that, if the word 'canoeing' is mentioned to almost anyone in Britain, their immediate image would be that of a young man or woman strapped into a kayak, wearing a crash helmet and wetsuit, performing turns and rolls on rapidly moving rivers. This was a great image for the adventurous teenager but daunting for many others who might wish to paddle. Indeed, a far, far cry from the canoeing of MacGregor.

MacGregor spent part of his youth in Halifax, Nova Scotia, where his father was stationed in the 1830s in a fort. He may have picked up some canoeing experience there.

INTER-CLUB NATIONAL COMPETITION

Reading his books, one notices he carried in his canoe a number of religious tracts (in a movement called "Muscular Christianity") written in the local language and was always ready to hand them out. He did not travel on Sundays but did lecture on his travels and gave much of the profits to charities, especially to boys in the inner cities.

He published accounts of several other canoe cruises, including one to Scandinavia and another to Jordan and Egypt. The appendix to that book gives some construction details for his canoe designs.

His wooden split paddles were presented to Royal Canoe Club in 1959. Subsequently these were used as the trophy at the 1977 BCU National Inter-Club Sprint Racing Regatta, being first presented to the winning club, Fladbury and still fought over annually. A full list of winners can be found on page C14.

The MacGregor Paddle Challenge is a National Inter-Club Sprint Racing competition for competitors register in a national sprint 'standards for racing' ability class.

NATIONAL SPRINT REGATTAS

Disciplinary Procedures

Offences Incurring Penalty Points

The Chief Official as Chair of the Competition Committee has the final discretion for all disciplinary matters of a minor nature, under the operation of a penalty points system (see Rule 31 of the British Canoeing Sprint Racing Competition Rules). The Competition Committee may issue penalty points to paddlers in respect of the following offences that are considered to be detrimental to the efficient operation of regattas and / or potentially hazardous.

Code Infringement

- C Racing in incorrect colours
- N Racing with incorrect or missing number
- Z Failure to observe water zoning procedures
- S Unauthorised substitution for another paddler
- F Failure to report, having qualified, for a final
- D Conduct during racing likely to cause injury or damage to equipment
- L Use of offensive language
- U Underweight boat (see note 1)
- R Failure to report for boat weighing immediately (see note 2)
- B Insufficient buoyancy (see note 3)
- T Race times below minimum Sprint Standards of Racing for National Regattas (see note 4)

Notes

1. Weights must be properly fixed to the boat or seat. Stones in a bag loose in a boat or any other temporary system will not be accepted.
2. Boats required for weighing will be notified shortly after the finish of the race. The required boats' lane numbers will be displayed on the pontoon by the Finish Line and the lane numbers will be announced by Commentary.
3. Boats buoyancy will be checked. Penalty points will be applied, or competitors can be disqualified from a race if Officials find a boat has been on the course without visible additional buoyancy (or fixed bulkheads).
4. Applicable only to the slowest classes for each group, i.e. when paddlers can't be demoted, (Mens D, Masters D, Womens D, Women Masters D, Boys D & Girls D)

Accumulation of Penalty Points and Penalty Fines

1. When a paddler accumulates a total of 4 or more penalty points, he / she is liable for a fine of £10 per point in excess of 3 points.
2. Fines are to be paid at the Regatta Secretary's Desk
3. **A paddler liable for a fine cannot race until the fine has been paid.**
4. Penalty points are accumulated over 4 consecutive regattas and are not restricted to a single year. Thus, for example, penalty points incurred in the last regatta of the year will remain active until the start of the 4th regatta of the following year.

Notification

Team leaders may be notified when a penalty point has been issued to a paddler from his / her team. A record of all the active penalty points is listed at the end of the official results for each regatta.

Disciplinary Matters of a More Serious Nature.

In respect to all other disciplinary matters the Chief Official, Competition Committee and the Competition Jury must act as described in the Sprint Racing Competition Rules which include penalties in accordance with British Canoeing Rules or Disciplinary Regulations.

N.B. A reported incidence of dissent / abuse towards a Regatta Official, another competitor or their equipment, or a spectator must be treated as conduct prejudicial to the interests of the sport and dealt with under British Canoeing Disciplinary Regulations.

THE MINI SPRINT SERIES 2021

The Mini Sprint Series is run alongside the National Sprint Regattas held at Holme Pierrepont in Nottingham during the 1st, 2nd, 3rd and 4th Regattas.

The Mini Sprint series has been specifically developed to suit the needs of young people who have chosen this discipline at this time. It is part of the Paddlesport foundation which helps them progress into whichever discipline they may eventually choose. The programme has taken into account that full sized K1s, K2s and K4s are too large for young people. Together, Canoe England's Paddlesport Participation Programme and British Canoeing Sprint Racing Committee have formed the Mini Sprint Series. This has evolved from the Lightning series that was originally only a K1 event. Now as a weekend event it is giving racing experience on the National course so that the paddlers have a smooth transition into the Class D events.

The aim of the series is:

- To introduce young paddlers to the venue.
- To develop experience of sprint competition at a national event.
- To develop teamwork.
- To have the opportunity to develop competitive paddling skills.
- To become motivated to progress through to the main classes.
- To meet and make friends with paddlers from other clubs.
- **To enjoy, have fun and become confident sprint paddlers.**

Team leaders notes on entries and kayaks

- The paddlers will now compete over 200m and 500 m in Lightning K1, at alternate regattas, with heats and finals run and timed on the main regatta course.
- **The 200m events will be held at the April and July regattas and the 500m events will be held at the June and September regattas.**
- Hody-style K2s and Rocket K4 will remain at 500m at all regattas, with heats and finals run and timed on the main regatta course.
- The cost per seat is exactly as other junior paddling categories.
- **Please ensure you enter your paddlers in the correct category, which is based on time, not age. Only Lightning kayaks are to be paddled in the K1 events.**
- Clubs should bring their own Hody-style K2. If using a make other than Hody please inform the Chief Official before the event, Regatta.ChiefOfficial@britishcanoeing.org.uk
- Rocket K4s only will be used and can be supplied by the SRC. Clubs may bring and use their own Rockets.
- **Please note, participation certificates will be available for the Team Leader to collect at each regatta from the Secretaries Desk.**

When booking a K4

A Team Leader will book a whole K4, as with all other classes. When combining with paddlers from other clubs it is the responsibility of the Team Leader involved to arrange who pays for the entry and to collect payments. It is not the organisers or the volunteer official's remit to sort out your payments. Any changes to your entry must be made at the main Team Leader's meeting. Further changes for entered crews may be made at the Secretary's desk providing all paddlers and team leaders know of the changes.

THE MINI SPRINT SERIES 2021

Mini Sprint Cup Series

This series is a whole season event and the **Marsport Trophy** will be awarded at the 5th regatta to the club with the most points. Individual paddler points will be awarded for each event during the 1st 2nd, 3rd and 4th Regattas, with double points being awarded at The MacGregor Inter-Club Regatta.

Mini Sprint Cup Rules 2021

- Points are accumulated at each event leading to a final at the 5th Regatta.
- **Mini Sprint points do not count towards The MacGregor Inter-Club points.**
- At the MacGregor Regatta the Mini sprints receive double points for their paddling and these go towards the Mini Sprint Cup competition which runs separately from the main Inter-Club Competition.
- The Mini Sprint Cup includes overall prizes for both male and females in each category and an overall club prize. Details are as follows:

Events

1st 2nd and 3rd Regattas with the finals at the 4th Regatta 2021.

Points Scoring

All National Mini Sprint winners (individual) are awarded as stated below. These scores are added to their Mini Sprint Inter Club score.

All points scored will count only towards The Mini Sprint Team and individual events.

At the National Regattas in K1, K2 and K4.

- 1st place scores 10 points, 2nd place scores 9 points etc. down to 10th place where everyone after that scores 1 point, the total number of points scored across K1, K2 and K4 will be added together to determine the results at each regatta. For the K2/K4 races the same points scoring system will be used i.e. the winning crew will receive 10 points **for each paddler.**

THE MINI SPRINT SERIES 2021

At the Inter-Clubs Regatta in K1, K2 and K4

- 1st place scores 20 points, 2nd place scores 19 points etc. down to 20th place where everyone after that scores 1 point, the total number of points scored across K1, K2 and K4 will be added together to determine the results. For the K2/K4 races the same points scoring system will be used i.e. the winning crew will receive 20 points **for each paddler**.

Team Event

The team points scoring system is based on the club's results at each regatta. These are then added to their Mini Sprint Inter Clubs points score.

Prizes:

- Tiddly Winks will be awarded for 1st, 2nd & 3rd places **in the K1 Final One only** of each category and for the three fastest K2/4 crews in each category within the Mini Sprint series.
- Medals will be awarded to the overall series winners - 1st, 2nd, 3rd male and female. The Marsport Trophy will be awarded to the Club that has accrued the most combined category points.
- All participants will be awarded a Certificate each month they enter. These are available for collection by the Team Leader from the Secretary's Desk.

Promotions

- Promotion from Mini Sprint Category B to A will be based on K1 500m times.
- Promotions from group B to A will automatically be done in the June and September regattas. The best set of existing regatta points will be carried through and added to the paddler's 4th and 5th regatta points gained in A.
- Promotion into Boys D and Girls D is based on normal regatta entry guidelines. This is only done after a discussion with the team leader.
- When a paddler is too old to participate in the Mini Sprint Series, **they do not automatically move to D classes**. Paddlers must reach the required standard. See the Standards Charts on pages D1 and D2. They would be allowed to paddle only in D Class crew boats, with established D Class paddlers 50% of the crew must be registered D class paddlers.

New Intermediate Class for under 14.

For this event paddlers must be registered as Intermediate Class and have reached the required standard. Please refer to pages D1 and D2 for times.

Details about the Intermediate Class can be found on Page B4

NATIONAL REGATTA OFFICIALS

Anyone interested in finding out more about assisting at National Regattas is invited to come and sit alongside experienced officials to find out what is involved. Officials are the most important people in the running of our National Regattas and supported learning during the events and at 'out of season' workshop days assist in developing skills and knowledge without unnecessary pressure.

No experience is required but working with a team and a sense of humour is important. Just helping half a day, whether morning or afternoon would be greatly appreciated.

Officials who have gained experience in key areas and show commitment can go on to take the International Canoe Federation Technical Officials Examination. This enables them to officiate at ICF or ECA International Regattas. These officials must have worked a minimum of 6 days during the current year to apply to be nominated for an International appointment. Regatta Officials interested in knowing more about what this entails please contact the Chief Official.

Several officials are working in Pre-Regatta groups such as updating club colours, registration of paddlers and putting together the printed program. We also have an IT team who are continuing to develop a program that will not only reduce the workload for entering and paying but also an online results service.

We are continually looking for assistance with First Aid throughout the regattas. This is headed by a full-time paramedic who takes overall responsibility for reporting accidents. All clubs have qualified first aiders which could help with this important and legally required service.

The Regatta Volunteer's Inter-Club Award. This will be presented to the club who has gained the most points from their members who are Regatta Officials. All Regatta Volunteers will earn points, 1 point will be awarded for each half day worked. The points become transferable to the club once a minimum of 12 points (6 days) has been accumulated. Points will also be awarded to those that attend workshops. A total of 20+ points is achievable by each official. Officials who are not members of a club may donate their points to a club of their choice.

If you would like to know more about helping at a National Regatta please contact Ann Hoile at Regatta.VolunteerCoordinator@britishcanoeing.org.uk or at the Secretaries Desk during regatta weekend.

Overview of the 2021 Selection Policy

The 2021 Selection Policy is available on the British Canoeing website and can be accessed by the following link: <https://www.britishcanoeing.org.uk/olympic-paralympic/policies/selection-policies>

The Purpose of this Selection Policy is to outline the processes which will lead to the selection of athletes to represent Great Britain at the identified senior international canoe sprint competitions in 2021. The Selection Policy is designed to allow athletes to maximise preparations and performances at the 2021 Tokyo Olympic Games, and 2021 Senior World Championships through a clear selection process.

International Panel Statement – February 2021

This statement follows the publication of the 2021 selection policies in mid-December 2020 and aims to provide an update whilst recognising a very uncertain landscape for the next few months. The panel wishes to acknowledge the ongoing challenges to the whole community not only to training but the health, financial and emotional challenges that the covid-19 pandemic continues to inflict.

As we approach one year since covid-19 became a reality in the UK, it is clear that the consequences are unlikely to relent imminently and as the uncertainty continues, the IP wishes to provide the following updates below reflecting recent discussions:

General Overview:

The IP will continue to base all decisions on the safety of athletes, volunteers and staff, compliance with government guidelines and setting a transparent process under challenging circumstances. International canoeing events are still planned for 2021 and subject to the ongoing restrictions, the IP believes that the International season including the Olympic & Paralympic Games will proceed as planned if at all possible. At the time of writing both the Continental Qualifying event, the Global Qualifying event and the World Cups are taking place and The ICF along with the ECA and relevant organising groups are continuously reviewing the viability of these events every 4 weeks on an event by event basis. The decisions around British Team entry into international events in 2021 will also be taken on an event by event basis in line with the British Canoeing Board approved risk mitigation processes.

Decisions to go ahead with events rely on current advice specific to the host country government, therefore, should the status of these events change, the selection process and our own regattas, may be subject to change. It is necessary therefore to adjust the policy in line with exceptional circumstances outlined in section 7.3 of the policy.

2021 April Regatta & Selection

It is clear that a full April regatta is unrealistic to take place as intended. Subject to final agreement from the venue and authorities, it is intended to hold Paracanoe and Sprint Senior team selection in Tokyo critical events for the early part of the international season.

At present it is the intent of the IP, working with the SRC & regatta committee to run the following events at the April regatta:

	Men's events		Women's events	
	Olympic	Para	Olympic	Para
Priority 1 Olympic & Paralympic qualification events	K1 1000m K2 1000m C1 1000m C2 1000m	KL2 VL2 KL1 KL3 VL3	C1 200m C2 500m K1 200m K1 500m K2 500m	KL1 KL2 KL3 VL2
Priority 2 Tokyo & Paris Olympic & Paralympic events	K1 200m K2 500m			VL3

Following team selection the composition of a small and focused team for the Continental/Global Qualification and WC1/2 will be made based upon UK Government guidance in line with the health situation in both the UK and Europe. It will follow these strategic decision making principles in priority order:

1. Athletes will only be selected into outstanding Tokyo Qualification Events or to Paracanoe Events where a 1st or 2nd boat requires Paralympic eligibility.
 - In Canoe Sprint 1 boat per event including athletes pre-selected from 2019 as a Tokyo Athlete.
 - For Paracanoe up to 2 boats per event
2. 2nd Boats may be selected in Tokyo/Paris Olympic Sprint classes & up to 2 boats in Paralympic classes not otherwise selected in strategic priority 1.
3. Selection as per the published 2021 selection policy.

Notes

- **No K4 events will be run at this stage of the 2021 senior selection. Any K4's may be selected for W Cups & Europeans from within the K1 & K2 selected boats.**
- **Within the next IP update, the composition of the senior europeans team will be determined.**
- **In Sprint, priority 1 events, second boats may only be selected to attend in the event of a withdrawal of a first boat.**

With the main event other than the Tokyo Games of the year being the Copenhagen World Championships, it is still intended to hold the senior world Championship team selection in July for those events not already selected.

The IP is working with the SRC and regatta committee to identify a way to create a race weekend in April that provides a covid-19 secure framework and believe that with the nature of our sport being outdoors, a selection series can take place but there will be mitigations taken to create an acceptable risk such as:

- Limiting access to the site to athletes, officials and coaching staff only
- Changing the format of racing such as splitting the events across different days
- Reducing the list of eligible athletes based upon the divisional status if required
- Strictly applying limits on additional partners, parents and supporters on site
- Restrictions on access to indoor spaces other than for toilet facilities

Final detail will be confirmed closer to the event when details are finalised and approved.

Don't forget to register

IMPORTANT – All athletes wishing to be considered for selection to a 2021 Great Britain Canoe Sprint & Paracanoe SENIOR team should register for selection in order to confirm eligibility. The registration process is available [here](#) and needs to be completed by 28th February 2021. Paddlers remain responsible for entering the appropriate regatta(s) before entry deadlines. Entering the race is not registration.

Junior Selection 2021

It is clear that with current lockdown restrictions unlikely to ease until March at the earliest that the appropriate action is to give clarity now that 2021 junior selection will not take place in April and instead will move to the scheduled backup option of the June regatta alongside U23 team selection. We anticipate that by then an appropriate event will be possible and that this will provide athletes with a better opportunity to prepare. The IP will also consider if there are any changes to the format of selection to reflect the lack of opportunities to progress since the 2019 season.

Paracanoe Assessment, Classification and Selection Process

Due to the current COVID-19 pandemic ongoing, the Paracanoe Programme has taken the decision to cancel the March Assessment and Classification due to take place on the 20th March 2021. In order to ensure clarity and fairness for all athletes that this decision may affect, please see below the process for athletes be able to be considered for selection:

1. Any athlete who wishes to be considered for selection for the European Championships needs to ensure they register their interest as stated in the Paracanoe Selection Policy 2021 by 28th February 2021. The link to register interest can be found [HERE](#).
2. In order to ensure athletes have an opportunity to post an official 200m time prior to any selection event taking place, [Roger Weir](#) (Backing the Best Co-ordinator) will arrange dates throughout March 2021 at selected locations for athletes who wish to post times Covid restrictions allowing. These days will replace the March Assessment Day.
3. Athletes who have registered their interest in selection and have achieved the regatta performance time will be invited to take part in the April Selection race should Covid restrictions allow.
4. Athletes who are yet to complete their National Classification, and were due to do so in March, will be required to submit medical paperwork by 28th February 2021. This will be assessed by National Classifiers and athletes will be given a 'provisional' classification.
5. British Canoeing will arrange a classification day up to the entry deadline for the European Championships. Athletes will then have the opportunity to complete the assessment process and gain a retrospective National Classification in this instance.

IP Communications leading into and during selection regattas

The IP are introducing an additional one way WhatsApp link to provide updates at any time but particularly in the lead in and during selection regattas. This WhatsApp group can be found at <https://chat.whatsapp.com/FJFF2D6VQ4D9cjDMeXzoQQ>.

The IP knows that you all want certainty to plan but we quite simply cannot commit further at present but will commit to another update in the middle of March. In the meantime, please ensure that you register [here](#) by the 28th February. The IP will continue to review the landscape and will base our decisions on the safety of athletes, volunteers and staff, compliance with government guidelines and setting a transparent process under challenging circumstances.

BRITISH CANOEING PARALYMPIC PROGRAMME

Paracanoe is a canoeing discipline for athletes with physical impairments, raced over 200m. Athletes can compete in two types of boat, K1 and Va'a, depending on their classification.

Paracanoe was given official World Championship status at the 2010 World Championships, held in Poznan, Poland. Later that year, the International Paralympic Committee announced Paracanoe would make its debut at the 2016 Paralympic Games in Rio.

Since its inception in 2010 at World level, Great Britain have become the most successful Paracanoe team in the world, winning 5 medals out of 6 events at the Rio 2016 Paralympic Games. Following the postponement of the 2020 Paralympic Games due to Covid-19, the team are focussed on the rescheduled Paralympic Games in Tokyo in September 2021.

Great Britain Paracanoe Selection Policy 2021

The performance target agreed with UK Sport is for athletes within British Canoeing to win a minimum of five medals at the Tokyo Paralympics and to continue to build a strong base for medal success in 2024.

The Vision: To be the world leading and world inspiring Paralympic sport programme

Medal Target: To target Paralympic events and to win at least five medals at the Tokyo Paralympic Games.

2021 Priority: Selection of individual athletes to optimise medal delivery at the 2021 Paralympic Games.

The 2021 Paracanoe Team for the Tokyo 2021 Paralympic Games will be selected purely from results achieved in 2021. The 2021 selection policy is designed to secure the two remaining NPC quota slots for the Tokyo 2021 Paralympic Games and to position the GBR Paracanoe Team to achieve the maximum number of medal opportunities including through the doubling up process at the 2021 Paralympic Games in Tokyo.

Team selection is based upon performance at identified selection regattas and international competitions. In order to be considered for selection, athletes should register their availability, through the link in the selection policy, and must compete in all applicable regattas and events. GBR teams will be selected for the following competitions in 2021: The full selection policy can be found on the British Canoeing website

COVID-19

Covid-19 has presented unprecedented challenges for all aspects of society and continues to impact many aspects of normal life. Accurate forward planning has become very difficult and any selection process relies on a degree of certainty and stability to be fully equitable and transparent. Whilst it is hoped that selection races will be able to run as outlined in selection policies, it is necessary to highlight that it remains likely that there may be some adjustments required in order to determine representative teams in the timeframes required which will have to respond to prevailing circumstances at the time.

British Canoeing would like to acknowledge that everyone will have been impacted by Covid-19 to some extent but the level of impact on each individual will vary hugely and across a broad range of areas such as financially, emotionally, personally, medically etc. Recognising that eligibility for selection to a Great Britain and Northern Ireland team involves athletes from 4 Home countries each with devolved powers relating to guidance around covid-19. In the event that government guidance precludes all athletes from one (or more) home country from attending a selection event the decision to run a selection race will consider other options prior to proceeding.

In determining if selection processes can go ahead, British Canoeing will follow the following principles to aid decision making:

- Base decisions on government guidance
- Put athlete, volunteers and staff health and wellbeing first
- Make decisions regarding selection based on IPC, ICF and BPA eligibility criteria
- Make decisions regarding selection in the most transparent and fair way given the constraints/ challenges presented Covid-19 related requests for consideration of individual athlete exceptional circumstances:
 - If an athlete wishes consideration of any issue that they are aware of 14 days or more before the first day of competition, this can only be considered if notified at least 14 days prior to the first scheduled day of selection competition.
 - Within 14 days of the competition, only matters arising within this period will be considered under exceptional circumstances.

Who has to abide by Anti-Doping Rules? Who can be tested?

All members including national and recreational athletes are bound by the BC Anti-Doping Rules (the UK Anti-Doping Rules) which specify that any athlete at any level in the UK could be tested at any time.

What is the Prohibited List?

Lists the prohibited substances and prohibited methods by sport in and out of competition. Updated annually 1 January but can be added to anytime.

How can I check my medications?

Globaldro.com includes products from the UK, USA, Japan, Australia, Switzerland, Canada and New Zealand only. Remember if buying medicines abroad they may contain different substances. The list is updated annually and can be added to at anytime. Check your medication regularly.

What if I am prescribed a prohibited substance?

If a medication is declared as 'prohibited' the athlete should first seek a suitable permitted alternative. If there is none, and its use is necessary, athletes should check if they require a Therapeutic Use Exemption.

What about supplements?

Assess the need, assess the risk, assess the consequences! Food first approach - diet, lifestyle and training should all be optimised before considering the use of supplements. Supplement products can pose a significant risk to athletes in terms of inadvertent doping.

If you choose to use supplements, only use ones included on Informed Sport batch testing programme to reduce the risk.

All classes within the same band are subject to the same performance standards.

There is no significance to the order in which classes are listed within each time band.

The handicap (HC) column is used to vary the standard time for each band to account for racing conditions at the time.

Promotions (P) and demotions (D) are possible on 1000m, 500m, and 200m races.

STANDARDS FOR SPRINT RACING

PROMOTIONS IN SPRINT CLASSES

Promotion decisions are taken on times achieved in National Regatta heats or finals.

The STANDARDS FOR SPRINT RACING chart (pages D1 & D2) contains guideline times for all three sprint distances and classes. It assumes perfect weather and water conditions, that is, warm air and water with a steady and gentle following wind that just ruffles the surface.

Account is made for any variation in conditions from race to race. Performances are affected by the conditions at the time of each race, these may vary throughout each day. Cold water and head winds make times slower.

In order to assess whether a course is running fast or slow, the Promotions Team constantly monitor water and weather conditions and the times achieved by paddlers. They then refer to the column on the right of the STANDARD FOR SPRINT RACING chart marked HC, the handicap (or points) are used to determine by **how** much to adjust the times to a slower (or faster) time for each set of results.

Adjustments to the required times for promotion make the process as fair as possible but may lead to the application of different 'target' times from heat to heat, or heat to final.

Points to note:

- **Each class is graded separately.** Slower classes may have a bigger adjustment than faster classes (because slower paddlers are more adversely affected by poorer conditions). For example, on a day where the course is very slow the following HC adjustments may be made:
Class A 10 points: Class B 11 points: Class C 12 points: Class D 13 points
- One race cannot directly be compared with another.
- Achieving a faster time than a paddler in a higher class will not necessarily result in promotion to that class, neither will beating a higher ranked paddler in an age group competition.
- Promotion to an A class requires qualifying times over two out of the three distances 1000m, 500m or 200m.

Promotion times identified by the Promotions Team are not actioned unless ratified by the National Rankings Officer (Page A2) and will come into effect after publication in the National Regatta Official Results.

PERSONAL PERFORMANCE AWARDS

The Personal Performance Awards are designed for paddlers wanting to gain recognition of their learning and development, in the craft and environment they choose. The process of completing the awards is based on learning and, as such, the ethos of 'supporting the paddler' is the main focus of all the awards, encouraging individuals in their development.

Discipline Specific Pathway Awards

Racing

Racing Explore Award

Racing

Racing Perform Award

Racing

Racing Excel Award

- **All of the awards are direct entry.** Paddlers can choose which award they would like to work towards, developing their skills and decision making.
- There are **no direct links to Coaching and Leadership qualifications** as prerequisites. The awards provide appropriate milestones and acknowledgement of personal skills, setting up the paddler appropriately for British Canoeing Coaching and Leadership qualifications.
- There are **no age restrictions** for any of the awards. Providers should check paddlers' suitability, as well as having appropriate mechanisms for anyone under 18.
- All of the awards have been created and written with the **paddler at the heart** of the content and creates empowerment and ownership.

Becoming a Provider

Every Instructor, Coach and Leader will be able to deliver some of the Personal Performance Awards, depending on the existing qualifications and roles held, which will provide greater access for the paddling community. All Providers will need to complete an online eLearning package which support Providers with the delivery of the awards. For full details, please see <https://www.britishcanoeingawarding.org.uk/personal-performance-awards/>

If Coaches don't hold British Canoeing qualifications, they can apply for Accreditation of Prior Learning (APL) application in order to deliver the awards. <https://www.britishcanoeing.org.uk/coaching-leadership/support-recognition/accredited-prior-learning>

COACHING AND LEADING THE COMPETITION DISCIPLINES

Coach Self Analysis Tool and Digital Library

The NEW online resources enable individuals to recognise and celebrate their current practice, as well as consider options for further learning and development.

The Coach Self Analysis Tool enables an individual to gauge their current level of understanding, skill and knowledge in their chosen discipline, which includes Sprint and Marathon. This tool provides a personal overview of the coach's current practice, giving a holistic view as well as a specific breakdown in each of the areas. The analysis then offers considerations of how the coach may want to support their continual learning and development, as well as offering the option of Accredited Prior Learning, to support those with previous experience.

These considerations link to a range of resources within the NEW Digital Library, which includes videos, podcasts, elearning, academic papers and much more! The library will continue to grow and develop as new resources are made available and can also be used as a stand-alone resource to browse topics relevant to you.

These supportive resources are available on the British Canoeing Awarding Body website:

<https://www.britishcanoeingawarding.org.uk/>

Developing your coaching and leadership skills through British Canoeing courses

There are various pathways, enabling both paddlers (boat-based) and non-paddlers (bank-based) to become Competition Coaches and Leaders. There are a range of direct entry awards available, which could be the first or next step for any aspirant Coach or Leader.

Racing Coach Award

Launched in January 2018, the Racing Coach Award is designed for people whose core function is to coach paddlers who want to gain/improve their racing paddlesport skills. This will include coaching beginners new to the sport, or paddlers looking to develop their skills in a racing environment. The Racing Coach Award is open to boat-based and bank-based paddlers.

The Racing Coach Award consists of 2-days of Core Coach Training and 2-days of Racing Coach Training, which is concluded by a 1-day Assessment. There are direct entry options available and a British Canoeing membership is the only prerequisite of the Core Coach Training. Where relevant, Coaches who have already completed various British Canoeing qualifications can bypass the Core Coach Training and/or Racing Coach Training by applying for Accredited Prior Learning (APL). Coaches who have completed the Sprint Discipline Support Module Part 2 (training and logbook) can choose to bypass the respective Racing Coach Training if they feel confident with the content.

There is a supportive eLearning package available to aid learning.

NEW Performance Racing Coach

The NEW Performance Racing Coach is designed to support the development of well-practiced and experienced Coaches, refining their ability to use sophisticated coaching practices to effectively enhance individuals' long-term development as paddlers.

The learning journey is fluid and personalised to every coach who undertakes the programme. The key components of the award are the same but, as an experienced Coach, they will steer the direction and focus of learning in areas most relevant to them. The award is concluded by successfully completing a practical assessment which includes organising, planning and delivering a minimum of 3-hours' quality coaching for at least two learners.

COACHING AND LEADING THE COMPETITION DISCIPLINES

Paddlesport Leader

The Paddlesport Leader is aimed at paddlers taking on formal leadership responsibilities in benign, sheltered water environments and aims to support Leaders to run safe, quality, enjoyable trips based on their group's needs and aspirations. In a racing club, a Paddlesport Leader could provide a safety overview on a training session chaperoning other paddlers, for example.

The Paddlesport Leader is a direct entry award and training is **not** compulsory. Leaders can opt for British Canoeing Paddlesport Leader Training courses, which are available to support candidates in their development of the required skills. These courses typically cover leadership skills, and the associated personal skills, safety and rescue skills. Alternatively, candidates may wish to opt for more bespoke training opportunities. For example, in-house training at their club, working alongside/shadowing other Leaders, or conference/symposium workshops.

There are supportive resources available, including the Leadership eLearning (<https://www.britishcanoeingawarding.org.uk/resource/british-canoeing-leadership-elearning/>), the NEW Leader Self-Analysis Tool and a Skills Checklist.

Accredited Prior Learning (APL): In some instances, aspirant Coaches may have prior experience that may enable them to enter the Coaching scheme and bypass training, going directly to assessment. If you feel you have the necessary experience, please refer to the Accredited Prior Learning (APL) Policy.

NEW CPD (Continuous Personal Development) to support you NEW for 2020, the NEW supportive points based Continuous Professional Development (CPD) process. Aligned with our Educational Philosophy, CPD is individualised, allowing the Instructor, Coach and Leader to consider what areas they may need to develop. The new process is simple, easy to upload and gives you the opportunity to recognise all of your learning and development, regardless of the source

First Aid and Safeguarding Requirements: The requirements relating to First Aid qualifications and the different coaching levels held can be found on the British Canoeing Awarding Body website.
