Llyn Brenig
Llyn Brenig Lake is now recognised as one of the best top-of-the-water fisheries in the UK.
With its 23km of shoreline, it's one of the best places to go fishing in Conwy. Anglers travel from far and wide to our North Wales location to experience the vast body of water that offers so much to the discerning fly fisher. It's a highly respected venue for competitive angling and has hosted World, Commonwealth and International matches. The reservoir offers bank and boat fishing and really tests the angler's ability as the boat drifts in the breeze.

Welcome

North Wales makes a big impression on visitors with its spectacular views and unparalleled beauty with its range of diverse attraction and activities but we are also a land of lakes, rivers and coastline.

Whether you tackle a lake, reservoir or head to the coast, North Wales has a plethora of exciting fishing destinations, all set in stunning scenery. From Game Fishing, Fly Fishing, Sea Fishing, Boat Fishing or Coarse Fishing there is something for every angler.

There are not many sports which combine peaceful surroundings, a chance for some contemplation and also a few thrills. Yes, fishing is one of our top favourites, and North Wales is one of the destinations for freshwater and sea angling, available throughout the year.

For the first time ever the Welsh Federation of Sea Anglers and Conwy County Borough Council welcome the world's top shore anglers to Conwy County for the 35th World Championship for Men and the 26th World Championship for Ladies.

This easy to use guide is only a small selection of what North Wales can offer you and includes a free map to help you plan your visit.
