DID YOU KNOW

that Letchworth clubs and societies, charities and voluntary organisations can put forward their members to stand as a

NOMINATED GOVERNOR of the Heritage Foundation?

Governors play a vital role in bringing the views of the town to us and, in turn, they are among the first to be consulted on issues and our future work.

Clubs, groups and societies in Letchworth can nominate members to become Nominated Governors who then represent the community in different specialist areas.

Groups must be registered with the Heritage Foundation to be able to nominate their members and must be able to demonstrate how they support one of the following categories:

- The preservation of buildings and other items of historical interest
- Artistic and cultural activities
- Sporting activities
- Recreational and leisure activities
- Social welfare and relief of poverty
- Education
- Health

Other criteria apply. To find out more about registering your club or society:
