Dear Sir,

**Re: RADIO TELECOMMUNICATIONS DIVISION**

With reference to the 'second consultation' of the OFCOM consultation document and the proposal to increase the charge from £100 to £2,600 over the next five years, be advised that this small rural airfield, home to the North Devon Gliding Club, Eaglescott Microlights, Eaglescott School of Flying and the Devon Air Ambulance, will not be able to pay the fee and will have no option but to abandon its frequency.

Yours faithfully,

  
B R Pearson
