# WELCOME TO OUR TOP 100 SITES 2022!

Let's start off with a big round of applause for all of the campsites featured in this year's guide. It's a fantastic achievement to be listed among the best, especially when year-on-year standards and guest expectations continue to rise. And as I'm sure you are all very aware, the demand for

UK holidays has grown significantly over the past couple of years, mainly fuelled by travel restrictions as a result of the pandemic.

Many people have rediscovered the delights of our wonderful country (although we've always known it's great!) – from the exquisite coastline of the South-West to the breathtaking views of the Scottish Highlands, there's a place out there to please everyone.

Growing demand and higher expectations bring their own unique challenges, but overall, that increased interest has resulted in improvements and innovation across the whole industry. Improved facilities, better choice and more amenities have meant that touring holidays have become super-fashionable.

Check out our amazing Top 100 – luxury bathrooms, hot tubs, delicious street food and high-spec leisure centres are just a few of the many attractions. But there are also still plenty of quiet spots, where you can enjoy a peaceful break with only a starry sky and the murmur of campfire chat for company. I'll leave you to

discover our Overall Winner – it's a cracker!

Thanks for voting for your favourites, and I hope you are inspired to visit some of these great sites soon.

# GO FURTHER WITH RALEIGH!

*As Raleigh leads the charge in the ebikes market, getting out  
and about on tour has never been easier – or more fun*

The rising popularity of cycling – the average number of cycling trips increased by 26% from 2019 to 2020 – means you're sure to have seen your fellow caravan or motorhome owners taking to two wheels when they're on tour.

And now, with the Government's new focus on improving your cycling experience – including upgrades to the National Cycle Network, allowing you to take your bike on more buses, and an improvement in cycle-parking facilities – it's clear that cycling is going to become even easier when you're out on tour over the years ahead.

## **An ebike for everyone**

There's a good reason that so many people take their bikes with them in their caravan or motorhome: you can get out and about with ease, whether that's to the local shops or further afield to explore historic sites. It means you can leave your vehicle on site, without needing to worry about the cost of

fuel or finding somewhere to park when you arrive at your destination.

And cycling is easier – and much more fun – than ever, thanks to Raleigh's latest range of its exciting electric bikes.

They take the hard work out of cycling, giving you a helping hand when you need it – and allowing you to take more of the strain when you don't.

Raleigh offers three different types of ebike that are just perfect for taking on your tours: electric hybrid bikes, electric folding bikes and electric cargo bikes.

Each offers something different, but each can help make your next holiday that bit better.

And with Raleigh being a Great British success story – it was founded in Nottingham in 1887, and its base remains in the city to this day – you can rest assured that your bike comes with quality included as standard.

**To find out more about Raleigh ebikes, visit [www.raleigh.co.uk](http://www.raleigh.co.uk)**

## **FIND THE RIGHT RALEIGH EBIKE FOR YOU**

### **Electric hybrid**

These popular ebikes offer all the experience of a regular bike, but with the added bonus of a feather-light motor. You'll be able to travel further than ever before

thanks to the large range capacity (up to 128 miles for the Centros Tour), and the handlebar display makes controlling the power available to you simple. Take a look at the Motus, the Centros Tour or the Array – electric hybrid bikes that you'll want to use every day.

### **Folding electric bikes**

Want to stow your bike in your caravan or motorhome locker, or in your car's boot? Raleigh's folding electric bike range is the one for you. It offers classic good

looks with practical performance – shorter trips to the shops are a breeze with one of these as your companion. Check out the Stow-E-Way, which can be packed away in seconds.

### **Electric cargo bikes**

If you need to transport children or shopping, but don't want the effort of a traditional cargo bike, take a look at Raleigh's electric cargo bike range. It includes the

Raleigh Stride 2, which has a 500Wh Bosch battery to make your journeys a breeze.

## FOCUS ON... NORTHERN IRELAND

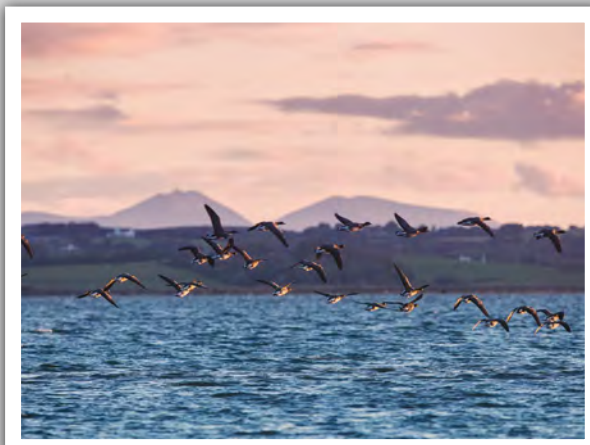

Check out some of the fantastic places to explore!

### Oxford Island National Nature Reserve, Lough Neagh

A majestic place to view birdlife, Lough Neagh is the largest lake (by area) in the British Isles and rich in freshwater fish.

It is also home to eels that swim more than 4000 miles to breed in the Sargasso Sea, in the North Atlantic.

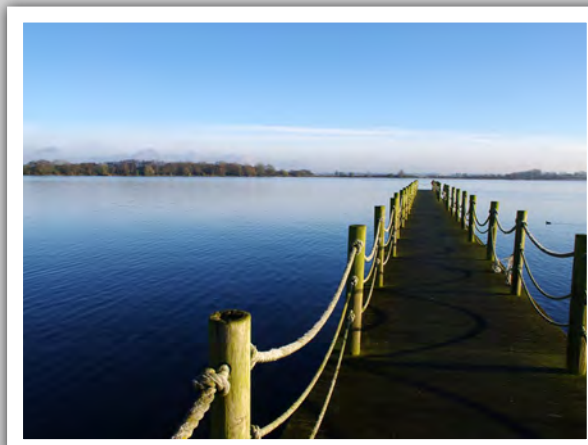

Over 100,000 wintering wildfowl will arrive at the lake, including the whooper swan, which flies from Iceland to feed here in the winter. Visitors are spoiled for choice, with boat trips, marinas and watersports centres all available.

### Strangford Lough Area of Outstanding Natural Beauty

The vast sea inlet of Strangford Lough is peppered with small islands and makes a famous refuge for wintering wildfowl, with some 70,000 birds visiting each year. It's also home to populations of grey and common seals, and one of the best ways to see them is to take to the water via the Canoe Trail. Seals can be spotted around Bortree Island, as can porpoises.

Near the lough's northern edge is Scrabo Tower, a 19th-century folly some 40m high.

## Ballyness Caravan Park

**Address** 40 Castlecat Road, Bushmills BT57 8TN  
**Web** [www.ballynesscaravanpark.com](http://www.ballynesscaravanpark.com) **Tel** 028 2073 2393  
**Open** 11 March - 31 October **Touring pitches** 48 **Pitch+2+hook-up** £27

A regular finalist in our Top 100, Ballyness was Regional Winner in 2019 and 2020 and continues to offer an excellent experience to visitors. It's in a brilliant location for visiting some of Northern Ireland's most popular tourist attractions including the Giant's Causeway, Carrick-a-rede Rope Bridge, Portrush and Coleraine – all of which can be accessed from the Causeway Coastal Rambler bus which stops outside reception during the summer months. Nearby Bushmills, with its shops, cafés and distillery, is a short walk away.

Dog-lovers will be pleased to see the eight-acre dog walk; and a football field, play area and indoor games room should keep the children happy. Hardstanding pitches are laid out across three areas, one near a pond surrounded by trees and the other two near the play area, which will suit families. All pitches have electric, water and drainage points, and there is the added bonus of free Wi-Fi and a solar panel garden supplying electricity. The heated washblock includes wet-room showers, dishwashing facilities, baby changing and family rooms, laundry and facilities for the disabled. The three wildlife ponds are home to a pair of swans and numerous moorhens and ducks.

### You say

- > Best site we have ever stayed on, clean facilities and outstanding surroundings - most beautiful place.
- > It is immaculate - toilet and shower block cleaned three times a day and always spotless. Friendly staff always have time for a chat.

# Scotland

## Majestic mountains and lochs, great cities, and a wee dram

ALWAYS POPULAR with touring holidaymakers, Scotland has seen an explosion in visitor numbers for the past couple of years, as many of us seek out the wide open spaces of National Parks such as the Cairngorms and Loch Lomond & The Trossachs.

With a mainland coastline stretching some 6160 miles, countless lochs and islands and breathtaking views at every turn, this wonderful wilderness is a sight to behold. There are the great cities of Glasgow, Edinburgh and Aberdeen, but the lochs, distilleries and western islands are the biggest draw.

### RECOMMENDED RIDES RALEIGH

#### EDINBURGH

We could have chosen a route around any one of Scotland's lochs, parks or stretches of coast, but couldn't ignore the cycling-friendly city of Edinburgh. There are routes for all abilities in the capital, with the Edinburgh All-Ability Bike Centre supporting riding for all ages, all abilities and all bikes. Alternatively, you could join one of the National Cycle Network routes to drink in Edinburgh's rich history, before leaving the city to explore surrounding areas such as Mid, West and East Lothian, and the Scottish Borders.

## Pembrokeshire Coast National Park

One of the UK's most popular National Parks, Pembrokeshire could have been designed for tourism, graced as it is by exquisite sandy beaches (it has more Blue Flag and Green Coast beaches than any other county in the UK) and more than 600 miles of public footpaths and bridleways.

Keen hikers will enjoy the 186-mile Pembrokeshire Coast Path, while the more adventurous will be attracted to the opportunities for coastering, kayaking and other watersports.

Nature-lovers will relish the many reserves and the chance to see the varied and impressive wildlife, such as grey seals, gannets, choughs, falcons and butterflies. Park highlights include those 13 spectacular Blue Flag beaches and the reconstructed Iron Age hill fort at Castell Henllys.

## Snowdonia National Park

This mountainous area in north-west Wales centres on mighty Snowdon, the country's highest mountain. Along with Scafell Pike in the Lake District and Ben Nevis in Scotland, it makes up the famed Three Peaks Challenge.

Slate quarries, craggy peaks and mountain lakes are characteristic of the landscape, and the iconic Snowdon Mountain Railway travels up to the summit.

Offroad biking, trail-walking and climbing are all popular, and there is a network of zip-lines in the area, including Penrhyn Quarry, home to the fastest zip-line in the world, Velocity 2. Natural wonders abound and the area is famous for its beautiful waterfalls and lakes, including Llyn Llyffant, which at about 815m above sea level is Wales's highest lake.

**FOCUS ON... THE NORTH-EAST**

**North York Moors National Park**

Fell-running, horse-riding, market towns and amazing vistas make the North York Moors a sight to behold - the views are pretty sensational at night, too, particularly from the Dark Sky Discovery Site at Dalby Forest.

There's a lot to enjoy here, with heather moorland rubbing shoulders with ancient trees and woods. Yes, it does have 'moors' in the name, but this is one of the most wooded of England's national parks, with 23% woodland cover.

Visitors to the coast can take advantage of the route along the cliff path, part of the Cleveland Way National Trail. Rivers are also an important habitat, with resident populations of otters and water voles. The River Derwent is home to the white-clawed crayfish, the only native species of crayfish in Britain.

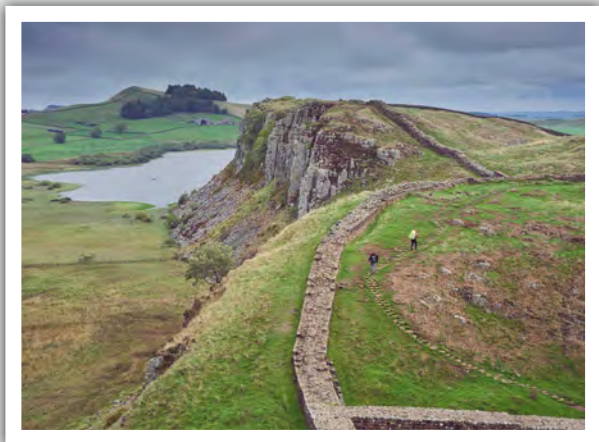

**Northumberland National Park**

What did the Romans ever do for us? Well, for a start, they built the wonderful Hadrian's Wall, a UNESCO World Heritage Site within the boundaries of Northumberland National Park.

The least populated of the 15 national parks, this is also home to the largest protected Dark Sky Park in Europe.

About 70% of Northumberland National Park is open moor and the area is hugely popular with hikers, drawn to the many archaeological sites and natural beauty of the Cheviot Hills. Be sure to visit The Sill: National Landscape Discovery Centre, which has exhibitions and a rooftop walk with views of the park, and if you take a walk through one of the conifer woodlands, look out for native red squirrels - this is one of the few places in the UK where these wonderful creatures can still be seen.

It's no surprise to see Overbrook Caravan Park become Regional Winner; this delightful site always proves popular in our Top 100.

A beautiful, peaceful location greets visitors to this adults-only park, which is on the site of a disused railway station in the North York Moors National Park. The campsite has 50 well-drained hardstanding pitches, each with 16A electric hook-up, and a range of amenities, including a heated toilet block, hot showers, launderette, dish-washing area, information point and a lending library.

Four self-catering station house cottages are also available for hire at the park.

There's an excellent local bus service and secure bike storage is available. Based here, you're just half an hour away from Whitby and Scarborough, and the nearby village of Thornton-le-Dale is simply exquisite.

Guests are also well placed to explore the many local attractions, including attractive fishing villages such as Robin Hood's Bay and Runswick Bay, the glorious National Park itself and National Trust properties, among them the historic house at Nunnington Hall.

### You say

- Lovely location, pretty site with plenty of walks. Wonderful hosts. Only 10 minutes to the village, from where you can travel by bus all over.
- Facilities are amazingly clean and everything is well looked after. Grounds are spectacular, very peaceful park and the owners are very welcoming.

The Owner Satisfaction Awards 2023 will be organised by *Practical Caravan* with The Camping and Caravanning Club for the sixth year in a row - but we can't do it without you. If you've bought a new or pre-owned van since 1 January 2019, and owned it for at least three months, we'd love to hear from you. Tell us how you were treated when you bought the caravan, how it's behaved, and whether you'd buy from the same dealership again!

Launched in 2004, our Owner Satisfaction Awards is the only industry scheme completely based on owner feedback, including the practicality and reliability of the caravan itself. What's more, everyone who completes our survey is in with a chance of winning a top prize of a seven-night stay at a Camping and Caravanning Club site of their choice; there are also two additional prizes of a three-night stay at a Club site of their choosing. **FOCUS ON... THE NORTH-WEST**

**Lake District National Park**

England's largest National Park is a magnet for hikers and campers in search of the great outdoors. A UNESCO World Heritage Site, the Lake District is a wonderful mix of lakes, valleys and mountains (which are known locally as fells). The region's 16 lakes offer ample opportunity for watersports, including windsurfing, kayaking, sailing, paddleboarding and fishing. Watersports centres and boat hire can be found at Windermere (England's largest lake, at 10.5 miles long), Coniston, Ullswater and Derwentwater. Walkers, of course, will enjoy the many routes and peaks to be found throughout the area, including popular hikes on the Old Man of Coniston and Scafell Pike (England's highest peak).

**Yorkshire Dales National Park**

Immortalised in James Herriot's *All Creatures Great and Small* as the most quintessentially English countryside – complete with drystone walls, green hills and valleys, and bubbling brooks – the Yorkshire Dales form one of the UK's most recognisable landscapes. A dale, incidentally, is an open valley. Cycling is a major activity here – the area established itself as a centre following the 2014 Tour de France *Grand Départ*. However, walking is without doubt the most popular pursuit to be enjoyed in the area – from the limestone pavement at Malham Cove, to the peak of the fell at Pen-y-Ghent, from woolly sheep being herded, to the many glorious waterfalls, the Dales are rich in natural beauty.

### Silverdale Holiday Park

# WHO BUILDS BRITAIN'S BEST VANS?

Tell us about your caravan or motorhome and you could be in with a chance of winning a fantastic C&CC stay!

The Owner Satisfaction Awards 2023 will be organised by *Practical Caravan* with The Camping and Caravanning Club for the sixth year in a row – but we can't do it without you. If you've bought a new or pre-owned caravan or motorhome since 1 January 2019, and have owned it for at least three months, then we'd love to hear from you. Tell us how you were treated when you bought the caravan or motorhome, how it's behaved, and whether or not you'd buy from the same dealership again!

Launched in 2004, our Owner Satisfaction Awards is the only industry scheme completely based on owner feedback, including both the practicality and reliability of the caravan or motorhome itself.

What's more, everyone who completes our survey is in with a chance of winning a top prize of a seven-night stay at a Camping and Caravanning Club site of their choice; there are two additional prizes of a three-night stay at a Camping and Caravanning Club site of their choosing. For competition T&Cs, see [www.campingandcaravanningclub.co.uk/tc](http://www.campingandcaravanningclub.co.uk/tc).

## FOCUS ON... EASTERN ENGLAND

### Broads National Park

This network of rivers and lakes ('broad' refers to lakes) in Suffolk and Norfolk was formed as a result of the flooding of peat diggings in the 14th century. Today it is the largest protected wetland habitat in the UK and a beautiful place to enjoy pleasure boating on the inland waterways.

There are seven rivers and more than 60 broads.

Birdwatching, cycling, angling and walking are popular and the Broads National Park is home to nature reserves and wildlife parks. In addition, visitors will enjoy the many churches, ancient monuments and mills. Look out for the swallowtail – the UK's largest, rarest butterfly is only found in the Broads.

### Norfolk Coast

Norfolk Coast AONB is rightly popular with visitors seeking superb beaches, top-quality sailing and fine landscapes. This region is known for important habitats, including Winterton Dunes and the bird reserves at Titchwell and Cley Marshes.

It's also home to England's largest seal colony, at beautiful Blakeney Point. The reserve and beaches at Holkham and Wells-next-the-Sea are among the best in the UK.

The Norfolk Coast National Trail combines two long distance walking trails; Peddars Way and the Norfolk Coast Path. The Peddars Way follows a route from Roman times and the original Norfolk Coast Path ran from Hunstanton to Cromer.

## FOCUS ON... HEART OF ENGLAND

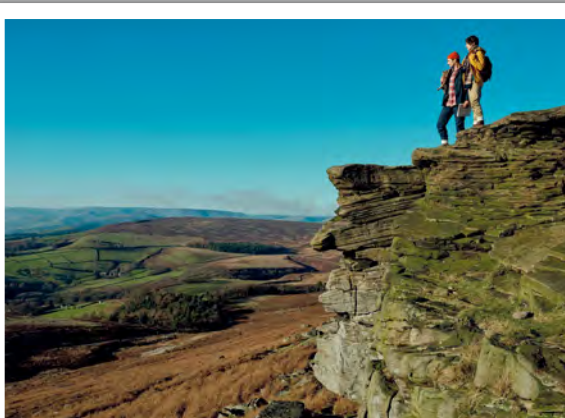

### Peak District National Park

Back in 1951, this was the first area in the UK to be designated a National Park, with its great wildlife, landscapes, geology and public demand making it the obvious choice.

Today, the dramatic hills, moors and caves are as alluring as ever. Views abound and keen hikers will head for the moors at Kinder Scout, highest point in the Peak District.

Potholers, in contrast, will be drawn underground to sites such as Poole's Cavern in Buxton Country Park – this limestone cavern is considered one of the finest in England.

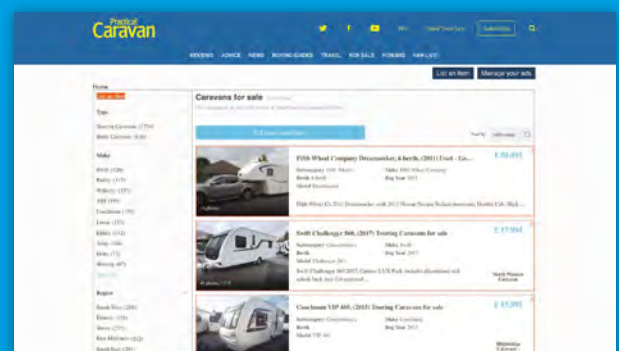

Other activities include climbing, fell-running, watersports and fishing. For a real connection with this glorious landscape, try one of the many gorge-walking or rock-scrambling experiences that are available throughout the park.

Those on-site amenities include 96 luxury pitches, a reception building and centrally heated toilet and shower block, disabled facilities, children's play area, baby changing/family room and a launderette.

For those who prefer a quiet stay, there's a separate adults-only section, while dog-owners can make use of the large, fenced dog-walking area for their pets.

The River Teme runs alongside the park, offering plenty of opportunities for relaxing riverside walks.

Further afield, you can head south to Herefordshire or north to the Shropshire Hills Area of Outstanding Natural Beauty. To the west are the many delights of Wales. Nearer attractions include Ludlow Castle, the Severn Valley Railway and the Clee Hills. All in all, a wonderful base for exploring this beautiful region.

# South-East England

## Between capital and coast, history and scenery aplenty

FROM RURAL HAMPSHIRE to the Sussex Weald and Kent's 'Garden of England', the South-East is much more than an extension of the capital. Enjoy walks on the South Downs Way in our newest National Park, or beach holidays on the Isle of Wight. There are wild ponies in the New Forest and Areas of Outstanding Natural Beauty include North Wessex Downs, Surrey Hills, Kent Downs and High Weald. Don't miss gorgeous Kew and Wakehurst, and seaside towns such as Brighton.

## RECOMMENDED RIDES RALEIGH

### RED SQUIRREL TRAIL

Experience the varied wildlife habitats that the Isle of Wight has to offer with a single bike ride. On the Red Squirrel Trail, you'll see woodland, farmland, wetland and coast – a nature lover's paradise. Keep a lookout for the trail's namesake!

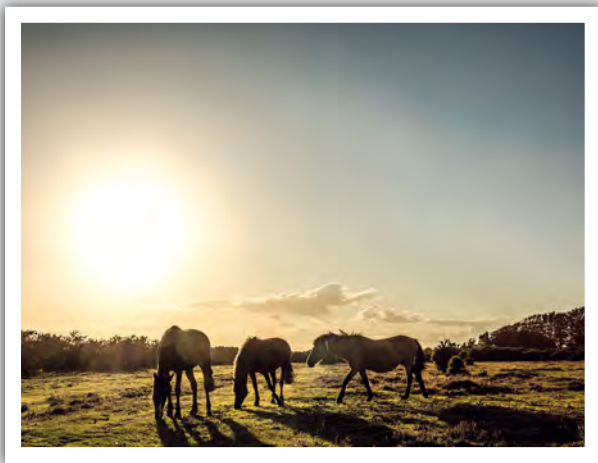

This ride is off-road and mostly flat, although more adventurous cyclists can add sections with challenging terrain and gradients. To make the most of the route, why not take a two-day trip?

## FOCUS ON... THE SOUTH-EAST

### New Forest National Park

A stone's throw from Southampton, the New Forest, which was created by William the Conqueror in 1079 as a royal hunting ground, is easily accessible for many people in the southern part of England, and a very popular destination for half-term breaks.

And what fun those visiting families will have, with New Forest ponies roaming free, diverse woodlands providing sanctuary to a wide variety of wildlife – from bats to polecats – and a network of cycling routes across much of the park. Ancient woods, heathland and coastline combine to create a wildlife-rich landscape covering an area of more than 200 square miles, and this is the perfect place to experience the many benefits of forest bathing.

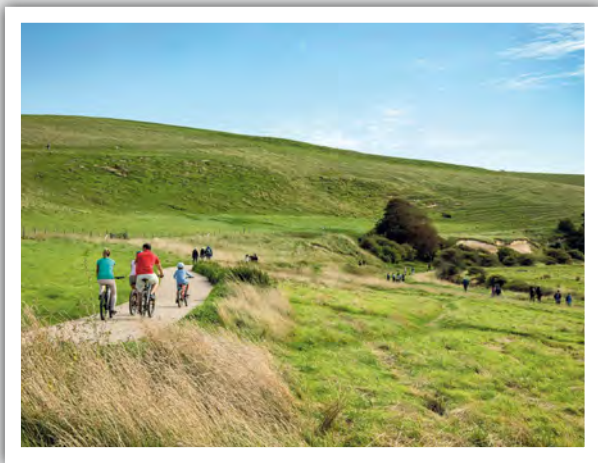

### South Downs National Park

There's a gentle beauty to the rolling hills of the UK's most recently created National Park (established in 2010), which ambles easily along the spectacular South Downs Way.

This route, along the ridgeline of the Downs, stretches from Winchester to the mighty chalk cliffs of the Seven Sisters.

A new park it may be, but this is an ancient landscape, defined by Iron Age forts and impressive beacons at Ditchling and Firle, used centuries ago to warn of invaders from the sea.

Delightful villages dot the landscape and visitors will revel in the gorgeous chalk uplands, home to sheep and butterflies, while marine animals, such as brittle stars and top-shells, can be spotted while you're wandering on this fascinating shoreline.

Although it's a little surprising to find only one site from the South-East making it into this year's Top 100, it's no surprise at all to see that it's Concierge Camping taking the title of Regional Winner – our 2020 Overall Winner performs consistently well.

Luxury is the absolute hallmark of this park, which is located on the Ratham Estate near Chichester, at the foot of the South Downs National Park. It offers touring visitors a choice of 27 spacious, fully serviced, hardstanding pitches, as well as a number of safari glamping tents. Each pitch is framed with hedging for privacy and there are three different sizes available.

Amenities include a launderette, indoor dish-washing area and a luxury toilet and shower block, where the award-winning washrooms have granite-topped wash areas and complimentary toiletries.

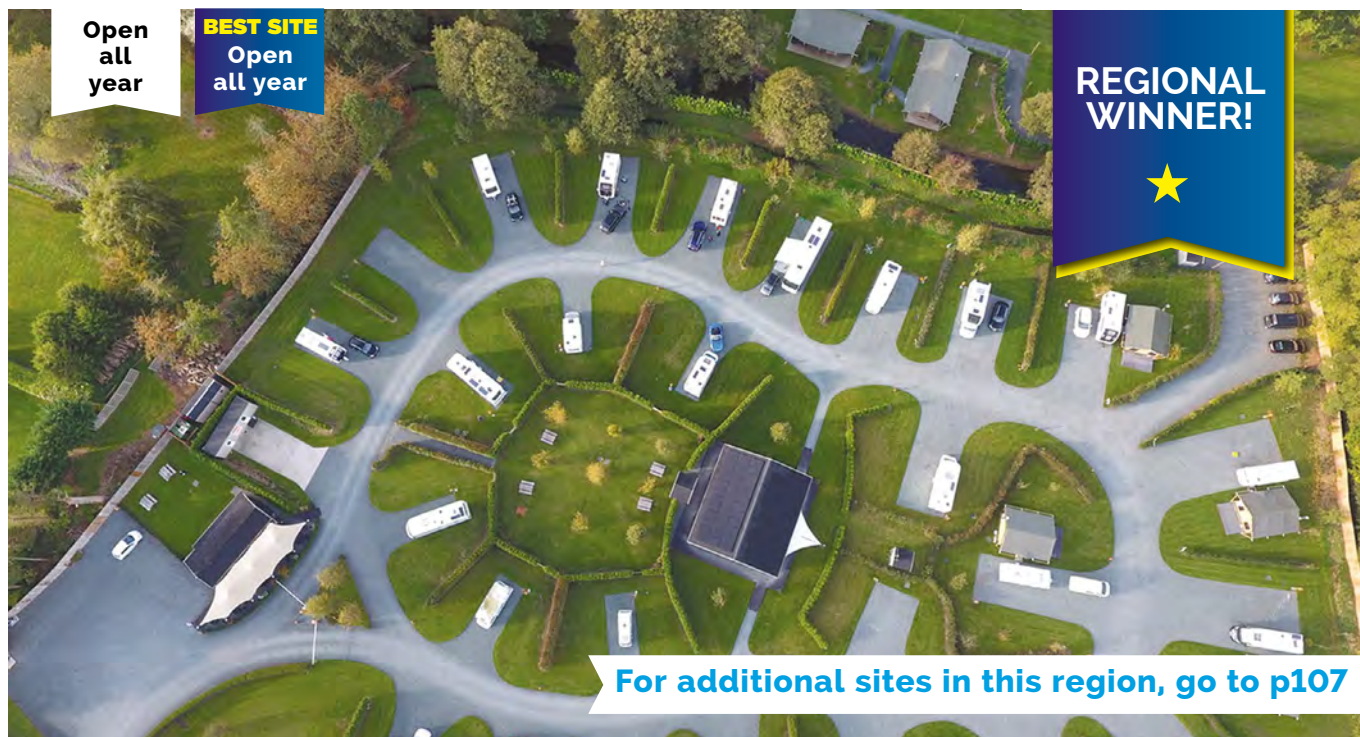

Dogs are welcome and there's an on-site shop, as well as pubs within walking distance of the park.

For 2022, the site is adding a food court, with more bar space and social area, where it will serve Japanese street food and other delicious cuisine.

Overall, an excellent base from which to explore the National Park and beyond to the south coast.

**You say**

- > Site expertly planned with quality materials. The outside bar is a delight. Beautiful area.
- > Thoughtful improvements. You feel valued as customers and can relax in peaceful surroundings.

## FOCUS ON... DORSET

### The Jurassic Coast

Designated a World Heritage Site by UNESCO in 2001 for the outstanding universal value of its rocks, fossils and landforms, the Jurassic Coast is a wonderful and fascinating landscape.

Those rocks cover three geological periods – the Triassic, Jurassic and Cretaceous – which collectively make up the Mesozoic Era, from around 250 to 65 million years ago. The coastline begins at Orcombe Point in Exmouth, Devon, and continues for 95 miles to Old Harry Rocks, near Swanage, Dorset. Walkers can enjoy many of the Jurassic Coast's remarkable features at sites such as Durdle Door, along the South West Coast Path (www.southwestcoastpath.org.uk).

A perennial favourite, this wonderful site set in 30 acres of gorgeous countryside has retained its Regional Winner title, topping the Dorset sites poll for three years now.

Much of this success is built on its green credentials.

The 18 acres of woodland, along with heathland, lakes and a river, provide habitats for all kinds of wildlife. The area around the lakes is a Site of Special Scientific Interest (SSSI) because of its unusual and rare species – dragonflies, birds, fish, heron and otters – and the campsite has won a David Bellamy Gold Conservation Award for several years running. In 2020, it was presented with a special award by David's son, Rufus.

There's a large, secure dog-walking area, and dogs can explore the woods off-lead, although they are not allowed in the SSSI, around the lakes or in the river.

Site facilities are excellent, with four heated, recently refurbished toilet and shower blocks providing power showers – there's even a warm-water dog-wash for pooches. Other improvements include upgrades to pitches and an extension to the bar. A number of food vendors visit the park, and to complete the camping experience, fire pits are available for hire.

### You say

- › Everything is spot on – accommodation perfect, facilities spotless and attention to detail so good.
- › Great shop, bar and fabulous food vans. The park is in a great location and eco-orientated.
- › Secure woodland for dogs a godsend for our puppy. Shop well stocked, food vans really good. Nature reserve is beautiful – we saw the otters!

# Somerset, Avon & Wiltshire

**Ancient spirituality, fascinating history and vibrant cities**

THIS REGION'S MYSTICAL past echoes in its present, with Stonehenge, Avebury Ring, Glastonbury Tor, Old Sarum and the burial barrows of Wiltshire remaining places of pilgrimage. That spirituality is also evident in the great medieval cathedrals of Salisbury and Wells.

Visit Bath to see some of England's most famous Roman remains, alongside fine Georgian architecture straight out of an Austen novel. Nearby Bristol offers everything from trendy restaurants and Banksy art to Brunel's Clifton Suspension Bridge. Enjoy walks on Exmoor, the Quantocks and the Mendips, or head to the coast for seaside fun at Weston-super-Mare.

## RECOMMENDED RIDES RALEIGH

This attractive park nestles in a sheltered woodland valley right on the edge of Dartmoor

National Park, not far from the charming market town of Tavistock. The park owners pride themselves on the tranquil location and the beautiful trees and plants, encouraging wildlife by providing natural habitats. It is part of the David Bellamy Conservation Scheme.

Site facilities include hot showers, toilets, hairdryers, underfloor heating, a launderette, dishwashing area and a chemical disposal point. Younger visitors will enjoy the playground and table tennis. Dogs are welcome, but must be kept on a lead.

# Cornwall

## Exquisite coast, craggy coves, sweeping beaches and moors

STRETCHING WESTWARD, Cornwall is defined by its dramatic geography – this is the county with the longest coastline in the British Isles.

Visitors gravitate to resorts, such as surf capital, Newquay, and the artistic centre of St Ives, while lovers of history will enjoy tales of smuggling, and castle ruins like those at Tintagel. The many coves and fishing villages are ever-popular, too.

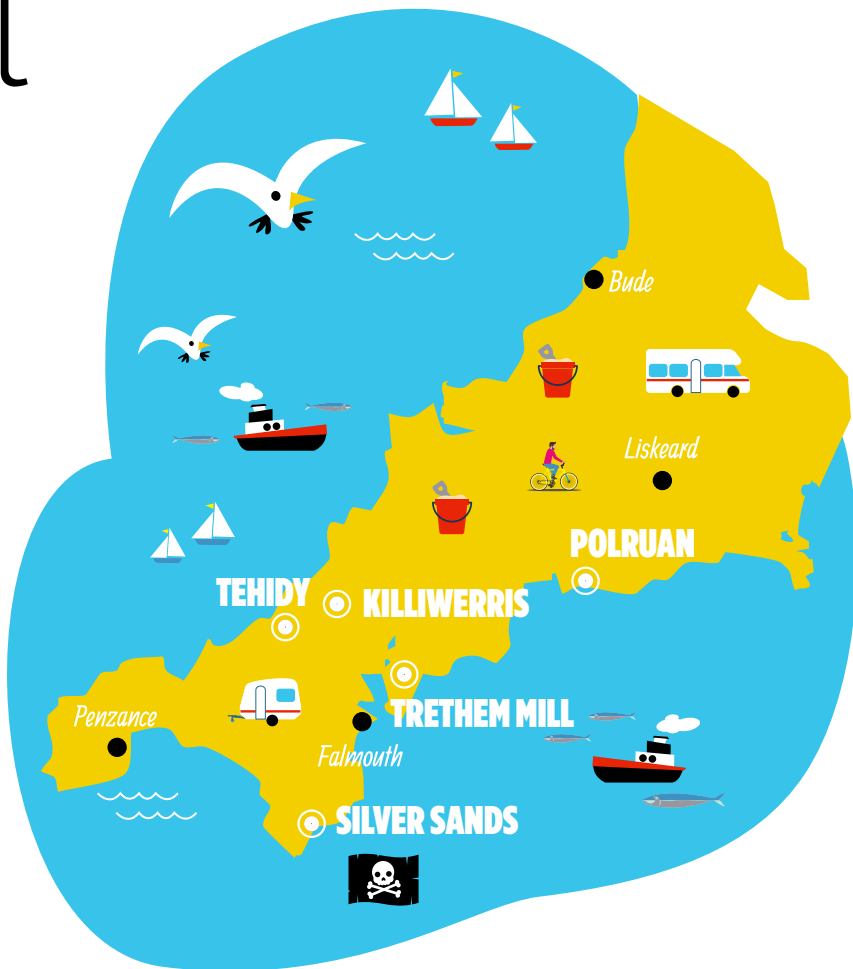

Attractions aren't limited to the coast – ancient moorland also provides evocative locations, such as Jamaica Inn, and the iconic former tin mines.

### RECOMMENDED RIDES RALEIGH

## FOCUS ON... CORNWALL

### Visit a National Nature Reserve

The Lizard Peninsula is considered one of the best locations in the whole country for observing wildlife, and is home to a wealth of rare plants and invertebrates.

It also has a breathtaking coast – dramatic cliffs cut with natural coves. Coastal highlights include Kynance Cove, Lizard Point and Black Head, a stretch of the South West Coast Path from which you can enjoy superb sea views.

Inland, Windmill Farm Nature Reserve, at Predannack Downs, is owned by the Cornwall Birdwatching and Preservation Society and Cornwall Wildlife Trust, and comprises grass- and heathland that is home to buzzards, sparrow hawks and more.

### Walking Sennen Cove

The South West Coast Path, which runs from Minehead in Somerset, along the coasts of Devon and Cornwall, to Poole Harbour in Dorset, abounds with fabulous walking routes. Although Land's End is a bit of a tourist trap, approaching across the cliffs from Sennen Cove is simply breathtaking.

The crisp light reminds you of St Ives and the water is the richest blue. This is a gentle walk, good for all the family. Sennen is a beautiful cove with a lovely pub, an RNLI lifeboat station and a sandy beach. Occasionally, you might spot basking sharks and dolphins from the cliffs, and the rich green of the hillside contrasts beautifully with the wild Atlantic.

This popular site, set in nine acres on the dramatic Lizard peninsula, offers a choice of luxury lodges, static caravans, touring and camping pitches, all in mature parkland.

It's a regular in our Top 100 and was Regional Winner in 2020. Given its dramatic and beautiful setting in an Area of Outstanding Natural Beauty, we can see why it has taken top spot again.

It's a short 1km woodland walk through Gwendreath Valley, in the Lizard Nature Reserve, to the gorgeous beaches of Kennack Sands. You'll also find Kynance Cove, Lizard Point and Helford River within easy reach.

Facilities include a shop, shower block, launderette, play and barbecue areas, and an information hut. Small campfires are allowed on touring and camping pitches. Touring pitches have hook-up and a water connection.

Silver Sands is proud of its green credentials, having gained a David Bellamy Gold Award in recognition of the park's commitment to the preservation of the natural environment. In 2016, it also received a special badge for Wildflower Habitat.

### You say

- › The location is wild and free on The Lizard and there are good walks and places to visit. The site is clean, 100% tidy and run by a couple who can't do more for you without being intrusive.
- › A hidden gem. This site is immaculately maintained. Nothing is too much trouble. It's the most peaceful and prettiest setting I have ever stayed in.

# Overall Winner

*'Every pitch is a good size and beautifully maintained; central grassy areas in four of the fields enhance your privacy'*

## OLD OAKS TOURING PARK

WHAT IS IT that makes each and every one of our Top 100 Overall Winners so great? There are a number of key factors that always impress you and our team of experts – the winning site has to offer a warm welcome, excellent facilities, a good location and so much more, to ensure that all of their visitors feel as though they have received special attention.

And this year's Overall Winner – the adults-only Old Oaks Touring Park in Somerset – does all of those things, and a great deal more besides.

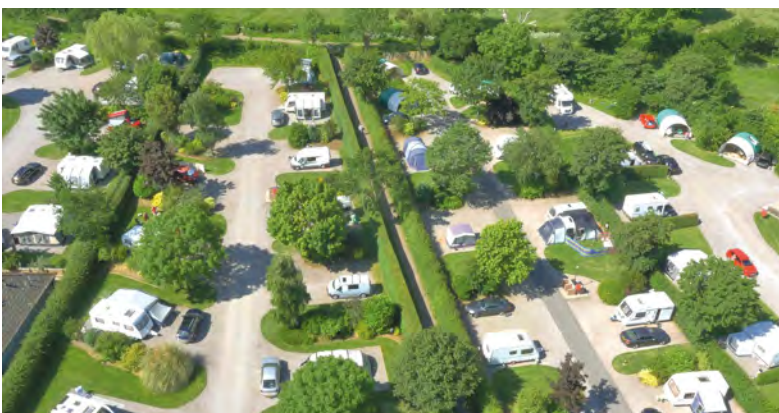

For starters, it's in an outstanding location. Situated in rolling hills close to the extraordinary town of Glastonbury, it's just a stroll from the otherworldly Tor. The area's history is even evident in the flora here: the ancient Gog and Magog oak trees sit alongside one of the site's touring fields.

And what fields they are: every pitch is a good size and beautifully maintained, and central grassy areas in four of the fields enhance your sense of privacy.

The list of facilities is huge, and includes spotless washrooms, a shop with local produce, bean-to-cup coffee machines, a fishing lake, take-away food delivery, a motorhome service point, two launderettes, fire pit hire, free Wi-Fi, an information room, and much more. For dog-owners, there's a 300m dog-run, complete with a hot shower for your muddy hound.

No wonder so many of you told us this was the best campsite you'd ever stayed at: heartiest congratulations to all at Old Oaks Touring Park!
