Our chefs would continue to pamper the palates of you and your loved ones, by celebrating Mothers Day, Fathers Day and EID Dinner at Pyramisa. Also, get to enjoy unlimited chat at Oceanus until 10th June.

The Salsa restaurant would be conducting an "Italian Food Festival" from 18th May to 26th May 2018.

A host of activities like live band performances and Sunday Sundowners, alongwith Sunday BBQ, will happen at the 1st Brewhouse.

The new attraction this summer is - Sunday Family Funday- swim and enjoy unlimited buffet by the pool.

With so many activities and culinary fares to look forward to, I'm sure that the coming months will bring you numerous reasons to visit and celebrate at your Club.

RECIPE 1

Mango Panacotta Recipe :

Mango pannacotta is a creamy and smooth Italian dessert made with mangoes, cream and milk.

This is a vegetarian recipe made using agar agar.

Preparation time -15 minutes Cooking time -15 minutes

Total time -30 minutes Servings -3 to 4

Ingredients (1 cup = 250 ml) :

- 2 medium alphonso mangoes, or about 225 to 250 grams and yields, approx. 1½ cups mango puree
- 1¼ cups cream
- 1 cup whole full fat milk
- 4 teaspoon chopped agar agar strands or 1½ teaspoon agar agar powder
- ¼ cup water for soaking the agar agar strands
- ½ cup regular sugar - add as per taste
- ½ teaspoon vanilla extract or essence

Method :

Preparation for mango pannacotta recipe:

1. Chop the agar agar strands in small pieces and soak them in warm water for 10 minutes.
2. Rinse, peel and chop the mangoes. Add the chopped mangoes in a blender and make a smooth puree. Keep the mango puree aside.

Method for making mango pannacotta recipe:

1. Mix cream, milk and sugar in a pan or sauce pan and keep it on the stove. Stir with a wired whisk. Keep on stirring at intervals while the cream mixture comes to a gentle boil. Make sure sugar dissolves completely.
2. Keep the agar agar and water solution on the stove. Keep on stirring the agar agar solution and let it cook till the agar agar strands are dissolved completely.
3. The cream mixture should just gently come to a boil. Switch off the flame.
4. Mix the hot agar agar solution into the hot cream+milk+lumewarm sugar mixture and stir well with a wired whisk.
5. Wait for about 5 minutes till the pannacotta mixture becomes lukewarm. Then add the mango puree and vanilla extract. Mix well with wired whisk.
6. Pour the mango pannacotta in serving bowls. Cover the serving bowls with a lid or aluminum foil/plastic wrap. Let the pannacotta become cool. Then place the bowls in the refrigerator for 4 to 5 hours till the pannacotta sets.
7. While serving, top it up with some chopped mango pieces or garnish with mint leaves and serve chilled.

Recipe Tips :

* The agar agar and the cream mixture both should be hot when you mix them together.

If in case one of them cools or becomes warm :

For agar agar mixture: if the mixture sets and becomes gelatinous, add some hot water and reheat while stirring continuously.

For cream mixture: gently reheat this mixture on a low flame till its hot.

RECIPE 2

Mango Kulfi Recipe :

Ingredients (1 cup = 250 ml) :

- 2½ cups of cow's milk or almond milk
- 2½ cups of mango puree made with approx. 3-4 alphonso mangoes
- ¼ - ½ cups sugar. Depends on the sweetness of the mangoes
- 4 to 5 green, crushed cardamom or ¼ teaspoon Cardamom Powder
- 1 pinch saffron
- 12-15 unsalted pistachios, blanched or soaked, peeled and sliced
- 2 to 3 tablespoon Almond paste or Khoya
- 2½ - 3 tablespoon rice flour or 2 tablespoon corn flour, dissolved in 3 tablespoon regular milk or almond milk

Procedure :

1. Take saffron and almond milk in a pan.
2. Heat on a low flame. Let the almond milk come to a gentle heat. Don't boil the almond milk.
3. If using cow milk, simmer on a low flame for about 15-18 minutes.
4. Add sugar. Stir till the sugar has dissolved.
5. Dissolve the rice flour in 3 tablespoon milk.
6. Add this rice flour paste to the milk. Keep on stirring so that no lumps are formed.
7. Cook on a low flame. Stir in between. Continue to cook till the mixture thickens. Switch off the flame.
8. Add the almond paste/powder/meal or khoya/evaporated milk. Stir and let the mixture cool.
9. Add the mango puree, chopped pistachio slices and mix well.
10. Pour mango kulfi into serving bowls or kulfi moulds. Freeze for 8-10 hours.
11. Serve mango kulfi cold and sliced, topped with saffron, sprands pistachios, cardamom powder or falooda along with rose syrup.

Useful tip :

This recipe of mango kulfi is made with almond milk. The same recipe can also be used to make kulfi with cow's milk. When making kulfi, use full fat cow milk and not low fat or skimmed milk. The fat content in the milk helps the kulfi to be creamy and rich. If possible use organic cow's milk.
